Dear Student,

Advising for spring priority registration begins on Monday, October 17. You will receive an email when your registration appointment time has been assigned.

Effective this semester, there is a change that impacts students who have declared more than one major program of study. The reason for this change is to help students get the best advising for all of their majors, not just one of their majors.

- If you are pursuing more than one major, you must meet with an advisor from each major prior to registering for spring semester classes.
- Once your advisor(s) have cleared your hold(s), you will receive an email indicating “your priority registration hold is released.”
- To determine the major(s) you have declared, go to My OHIO Student Center and click on “My Academics.”
- If you wish to remove one of your declared major programs because you are no longer pursuing it, please contact your college or regional campus student services office.

If you have any questions about this change, please contact us at registrar@ohio.edu or 740.593.4324.

Best regards,

Debra M. Benton
University Registrar
