Welcome to the 2016 Southeast District 12 Science Day,
The 38th Southeastern Ohio Regional Science and Engineering Fair, and Ohio University!

March 12, 2016

Car parking in lots 79 (Nelson Common), 90 (Morton Hall), and 91 (East of Ping Center)

Schedule of Events

Part 1. Exhibition and Judging of Entries, 8:00 AM - Noon

8:00 AM. Doors open in Clippinger Laboratories. Students check poster in first floor lobby to find their space assignment and set up their exhibits. The students will receive a blue “All-Judging Record Form” with their names and space numbers. Do not alter, deface, destroy, or lose the blue “All-Judging Record Form”. Keep it with your project at all times.

8:00-8:20. Judges and Judges-for-Special-Prizes check in Clippinger 194 to pick up name tags and programs.

8:20-9:00. Judges in each field form judging teams, hear further instructions, and pick up judging packets.

9:00 AM. Judging begins. For judges and staff: (1) Turn in your completed judging form, judging summary, and judging packet to the Science Fair Center in Clippinger 302. (2) List of entries to be re-judged by Judges-for-Special-Prizes will be posted in the Science Fair Center, open to DSD staff and Judges only. (3) All Judges, Judges-for-Special-Prizes, and DSD staff will use this room for rest and discussion.

Attention Exhibitors: Immediately read the next four paragraphs and the Rules for Displaying Projects.

1. Your exhibit space number and explanation is given in the "Space Assignment" poster by the front door according to last name. Your entry will share a table with another entry. Your field of entry may have been changed to fit your project. All team projects are located with other projects of the same field. There is no floor space and you may not use the building AC electricity.

2. All judges who judge your project will write on your blue “All Judging Record Form” their judge’s ID, the purpose of their judging (i.e. the first judging or the name of a special prize). Do not alter, deface, destroy, or lose your blue “All Judging Record Form” or you will not receive the prize you may have won.

3. You are to remain with your project until someone collects the blue “All Judging Record Form” from you and gives you a note (a pink form) that your judging is complete. If they do not collect your blue form, they will tell you to stay for the final judging of some special prizes.

4. You may leave your project briefly to drink water, to telephone your parents, or to go to the
bathroom, all within the building.

**Part 2. Parents and Other Visitors**

**8:00-9:00 AM.** The public may view the exhibits of the entries. Do not touch or disturb any of the exhibits or leaf through student’s reports and other materials.

**9:00-12:00 AM.** Teachers, who are not judging, and families and friends of students, all are NOT allowed in the judging area. They may use Clipping 194 as a waiting room.

**Part 3. Awards Ceremony**

**2:30 PM:** Awards Ceremony, Room 201 Morton Hall.

Welcome by Dr. Elizabeth Gierlowski-Kordesch, Director
Presentation of Departmental Awards
Presentation of Special Awards and Trophies

**2015 State Science Day (SSD) Registration:** The District will notify the Ohio Academy of Science (OAS) by Monday (March 14) about the students who are selected as the District participants or as alternates in the SSD. These students will receive special instructions at the Awards Ceremony on how to register for SSD on line.

**May 14, 2016.** 2016 State Science Day at Ohio State University, Columbus, OH. Visit the website [http://ohiosci.org/ssd.htm](http://ohiosci.org/ssd.htm)
