

Ideastream Public Media Seeks Digital Production Intern

Are you studying Journalism or Digital Media Production and looking to be mentored by award-winning media producers? Hoping to spend your fall or spring semester working an internship that will teach you new video, writing, and digital skills and never require you to fetch someone's coffee?

NewsDepth is looking for fall and spring interns to assist in local content creation for *NewsDepth*, Ideastream Public Media's interactive digital series for elementary and middle school students. Typical intern duties include but are not limited to research, scriptwriting, camera work, video editing, and web posting.

ABOUT NEWSDEPTH:

NewsDepth, a weekly interactive television program produced by WVIZ/PBS ideastream, breaks down the biggest news stories into teachable lessons for 4th to 6th-grade students. The show provides cross-curricular and real-world learning opportunities to spark discussions in classrooms across Ohio.

Beyond covering current events, *NewsDepth* features special segments on Ohio history, science, civics, and art that align with Ohio learning standards. *NewsDepth* is a multi-award-winning production recognized by gold awards from The Parents' Choice Foundation and several regional Emmys. The show is broadcast on several PBS stations across Ohio and is available 24/7 on ideastream.org, YouTube, PBS Learning Media, and the PBS video app.

INTERNSHIP DETAILS & APPLICANT QUALIFICATIONS:

Duration: Fall (Sept.-Dec.) and/or Spring (Jan.-May) minimum of 12 hours/week

Compensation: This is a paid position with the option for college credit

Location: Interns will be expected to work from the Idea Center in Cleveland, pandemic permitting.

Qualified applicants will desire to learn new skills, give everything their best shot, and enjoy working as a team to create content they can be proud to share. Verbal and written communication skills are also a must. Demonstrated experience in capturing, editing, and posting multimedia content is a plus.

HOW TO APPLY:

Please send a letter of interest, resume, and, if applicable, examples of your work (this can be a video from your reporting class, a project you made with friends, anything that you think shows off your production skills) to coordinating producer Margaret Cavalier: mcavalier@ideastream.org
