Fee Descriptions

Tuition-Related Fees

**Instructional Fee:** This required fee covers costs associated with instruction and is a component of tuition.

**General Fee:** The general fee is a required component of tuition, and it provides funding for non-instructional student services. The fee is charged to every student who is enrolled in at least one class. The services and activities supported by the fee promote students' emotional and physical well-being, as well as their cultural and social development outside the classroom.

**Non-Resident Surcharge:** This required fee applies to all students who do not qualify for Ohio residency. It is used to fund those instructional costs the state pays for on behalf of qualifying Ohio residents.

**Program Fee:** The program fee is a required component of tuition. This fee is program-specific, and it provides funding for educational components of the program. Consult with the program director for additional information. Refer to the Off-Campus Graduate Programs tuition schedule for a list of programs that require a program fee.

**Specialized Services and Materials Fee:** This required fee is program-specific, and it provides funding for specialized materials and services. This fee does not cover the cost of textbooks or basic educational supplies. Consult with the program director for additional information. Refer to the Off-Campus Graduate Programs tuition schedule for a list of programs that require a specialized services and materials fee.

**Technology Fee:** This required fee is based on the student's college. This fee supports instructional technology used in student labs and classrooms.

**Student Info System/Network Fee:** This required fee applies to all undergraduate, graduate, and professional students in all programs. The Information System and Network fee is used to fund improved access to and assistance with information technology.
EXPENSES

It is advisable to keep all nursing books since they are utilized throughout the entire nursing program. Required textbooks are most definitely needed and you must purchase them. Optional textbooks are there to assist your learning; you may or may not choose to purchase these. Book bundles can be up to $700. They need to be bought as soon as they are available for purchase in the OUC Bookstore. You may be required to buy additional books that are not included in your book bundle. This will be decided upon by your individual professors.

Each semester, all students are required to utilize computerized exams and remediation. The cost for each exam will be billed as part of your tuition. Further information regarding testing will be discussed during your first day of classes/orientation.

Uniforms from Scrubs Central - $65 (approximate)
Pocket Nurse Tote - $100.00 (approximate – details will be emailed)

When you reach the end of the program, expenses for graduation, licensure, NCLEX exam, pinning, etc. will occur. You will need to plan ahead for these expenses. Expenses at this time could amount to $500.00.

It is your responsibility to keep your health documents up to date (seasonal flu, yearly 1 step TB skin test after initial 2 step, and insurance and CPR if it expires during the year).

PLEASE NOTE: Computerized remediation and exams, etc. are nonrefundable. Should you need to return textbooks, you will need to familiarize yourself with the book return policy of the OUC Bookstore.
