HTC Priorities

- **Community:** Every alumni that I have spoken to speaks about the community that they grew in. We are working to enhance that through more social gatherings, more access to resources such as mental health and wellness and more personal touches.
- **Communication & Marketing.** A complete overhaul. Summer 2021
- **Diversity.** Although the HTC brand is strong and applications are robust, we need to reach out proactively to increase diversity in all its forms as well as to help increase access to HTC for first generation students.
- **Foundation.** HTC students receive the Ohio University Premier Scholarship but, while this is generous support to our students' education, nearly 40% of students are recognized as having financial hardship. Starting with the 2nd 3rd Annual Giving day, we will be reaching out to help us invest in the future of our college and the unique tutorial educational model.
