Guest Presentation: Terry Koons, Associate Director, Health Promotion
  - Terry’s PowerPoint is attached to the end of the minutes.
  - A question was asked about how Classified employees can best support students. Terry indicated that students should be referred to Baker 339 or the Health Educators’ “pod” in Baker Center.
  - A question was asked about when employees should intervene in situations that seem like they may result in domestic violence, for example, when employees are working during Halloween weekend. Terry indicated that employees should “use their gut.”
  - A question was asked about if it was possible that the improved rates for substance abuse have something to do with the 51% graduation rate; perhaps many of the
abusers have dropped out. Terry acknowledged that there are lots of factors contributing to the improved rates, including the reduced 1st year enrollment.

- The data is from main campus.

**Secretary Report – Marilyn Maher**

- Updated member lists and committee sheets were passed out.
- If you have not sent your committee reports to Marilyn yet, please do so.

**Treasurer Report – Theresa Meyer**

- The report was passed out for members to review.
- The Policy & Procedures Committee is over their budget allotment for service award expenses.

**Chair Report – Jacob Jakuszeit**

- Jacob met with Julie Cromer, the new Director of Athletics.
  - He addressed the fact that many Classified employees are lifelong supporters and fans of Athletics’ programs.
  - He also spoke about the concern that budget cuts effecting other areas of campus don’t effect Athletics as much.
  - Jacob stressed that proactive communication on Athletics’ part was important to maintaining the trust of Classified employees.
- HR received a new draft of the handbook for Classified employees and Jacob and Melanie are waiting to receive it.
- If you have not had your evaluation yet as part of the new Performance Management cycle, send an email to Jacob, jakuszei@ohio.edu, and Melanie, richarm4@ohio.edu.
- Over 60 responses were received on the Vacation Leave Donation Survey. Jacob compiled the responses and sent a summary to Human Resources. HR indicated that they were going to leave the policy as it was because they are following the Ohio State University model.
  - Jacob and Melanie are going to meet with Colleen later today (October 17) and they will ask about next steps in the policy.
  - Dave asked why vacation leave was going to be eliminated at the end of each fiscal year. Jacob indicated that he would ask Colleen Bendl about this.
- Senate and Search Committee Time
  - HR was supportive of employees’ time on Senates and Search Committees being categorized as “service to the university” until this summer.
  - Colleen met with the ESPC (Executive Staff Policy Committee) who indicated that these activities should be categorized as professional development rather than as service to the university. HR has adopted the same stance as ESPC.
Melanie is working to find out why there is not a Classified representative on the ESPC. Currently, Classified employees, faculty, and students are not represented as members.

The members of the ESPC are the Vice President for Finance and Administration, the Executive Vice President and Provost, the Vice President for Student Affairs, the General Counsel, and/or their designees.

- A question was asked about how employees should code their time in Workforce if they are interviewing for another position at OU; is this considered professional development time?
- (Amber) Noel Payne, Accounting Support Specialist at Southern Campus, indicated that employees must go to interviews on their own time and that it is not considered professional development time.

Committee Reports

Classified Senate Committees

Policy and Procedures Committee – Amanda Graham (Chair)

- Amanda was not in attendance, so Jacob, Dave and Melanie gave the report.
- The Service Awards were successful, except for going over the budget.

Professional Development and Relations Committee – Adam Grimm (Chair)

- The committee met via Teams to discuss a possible speaker that we may like to have come to campus for Classified staff. We are also in the process of setting up a Lunch and Learn for Classified staff with the OU Credit Union.

Scholarship Sales and Recognition Committee – Pat Bungard (Chair)

- Homecoming
  - Sign Up
    - First shift/set-up 8:30am to 11am. Pat, Theresa M. and Teresa S. Need 2 more people to be able to set up tent properly. Second shift/tear-down 11am to 1:30pm. Teardown anticipated between 1-1:30pm depending on traffic. Pat, Theresa and Tyler. Need 1 more person to teardown tent properly.
    - Tina and Dana are both tied up with Catering Events for Student Affairs, and unable to help. Pat will send calendar invite/email with updated times and ask for assistance. Noted that some members are participating in Parade/Float and will be unable to work. We will get them for another event.
  - Inventory for Sales
    - Sales for Homecoming 2018 were low. We will take 5-6 items of each to sell. If weather is raining/cold will increase umbrellas/coverlets.
- No items will need to be reordered for Homecoming, but pint glasses will need re-ordered before December graduation sales.
- Theresa gave Pat the acct # and info on thermal paper for CloverFlex. Pat will complete/send funds request.
- Pat will check with Sharon if we can store our items in Trisolini’s basement so we don’t need to haul on 10.12.19. Will we need to find new location next year as we hear Cutler Scholars moving to old president’s house? Who reserves Howard Park?
  - Water for Resale
    - Tina checked on purchasing OU water from Catering and we would have to buy at $1.25 ea. and lose .25 per bottle as we sell for $1. Either that or we would have to sell for $1.50 to just make .25 profit. Since our water purchase is less than $250, we are permitted to go outside to purchase. Will buy 5 cases from Walmart and resell at Homecoming, and then balance at Dec graduation event. Depending on usage, we may purchase more for Dec graduation. Theresa will purchase on her pcard. Tina will get Ice for homecoming and Pat will provide OMSAR’s cooler. We will take 3 cases of water to Homecoming sales.
    - Theresa will charge CloverFlex and get cash from Bursar’s office.
  - Volunteer
    - Teresa Rainey from Multicultural Programs has approached Pat about volunteering on Homecoming to help with sales. Committee in favor, Pat will contact Teresa.
- EOTM Donations
  - Tyler has received several items already and suggestions were made for other departments/divisions for him to contact. We are covered for August and September EOTM presentations.
  - For the October committee meeting, we will come with ideas on how to generate interest for more applicants; cost of Baker digital display boards coming down escalator, updated/catchy flyer, etc.
- December Sales
  - Holiday sale.
    - Thurs 12.5.19 from 10am to 2pm. We will again reserve table to sell in bottom of Baker for holiday sales. Tina will use her Cricut machine to cut bells/snowflakes for decorating items. We will reserve Thurs 12.5.19 from 10am to 2pm. All items will be taken. Pat will donate blue cardstock and will buy red/green ribbon and tissue paper for gift bags. Theresa will buy Hershey holiday bells for table decorations. Pat will send calendar invite.
  - December Commencement
    - Tabled to upcoming meeting.
- Ideas for New Merchandise
Theresa has found one or two potential earring suppliers on Etsy and has emailed for more info, delivery/quantity, etc. Will discuss at Oct meeting after she hears back from vendor. Discussion on items that would possibly generate more sales. All members are to think about/research potential new items for upcoming meeting.

- Next scheduled meeting 10/17 at 9am in HRTC 150.
- The committee made $339 in sales at Homecoming.
- The next EOTM presentation is scheduled for October 31.

Post Publishing Board – Theresa Meyer

- Follow-Up From Last Meeting
  - Matters Google News addressed with us about speeding up website have been addressed. Photo is uploading smaller photos. Andrea will follow up with them about meeting again.

- Business Manager’s Report
  - At the end of last budget year, the Post was able to make up some ground and closed with a deficit of $12,894.53. That will be rolled into this year’s budget.
  - Andrea projects that by the end of the year, that deficit will be covered and then the Post will be in the black by the end of Spring Break.
    - One way the Post has been able to make up the deficit is by signing clients to semester or year-long contracts.
    - Clients on year-long contracts include Bobcat Rentals, University Rentals, Friendly Paws, The School of Journalism, and Holzer Clinic.
  - The current budget includes a couple of big expenditures that wouldn’t normally be in the budget.
    - $3,515.37 to repaint and patch walls in the Post Office Suite.
    - $5,200 to send 6 students and Andrea to the National College Media Convention in Washington D.C. Oct. 31. Andrea is talking to alumni about helping to offset some of those costs.
    - $600 for new print racks.
  - The Ad Sales staff has two new members who are in the office three days a week.
  - The sales staff will launch a social media product in the news few weeks that is budgeted to account for 6% of total revenue. Advertisers will buy the Post’s reach and the Post will purchase ads for them on social media platforms with a markup. Ad packages will be $100 for 10 posts and $75 for 5 posts.
Editor's Report
- Website traffic is up from last fall but down slightly from spring.
- Top stories are local news stories.
- The goal is to replace older stories that are still generating traffic with new content.
- Print pickup is at 60% due mostly to delivery errors. Andrea is working on solving them.
- All editorial positions are filled.
- The staff is working on getting the tab completed sooner.
- The staff is young and has needed the last few weeks to work out small details. Now that that is done, the paper as a whole will be working to meet a quote of five stories a day posted on the Web.
- They are also trying to integrate alternative storytelling into the tab with pull quotes, break-out boxes.
- The board encouraged Ellen to take diversity more seriously and examine policies that prevent the Post from covering diverse speakers. The SPJ Code of Ethics requires journalists to “boldly tell the story of the diversity and magnitude of the human experience. Seek sources whose voices we seldom hear” and “Avoid stereotyping. Journalists should examine the ways their values and experiences may shape their reporting.” Ellen was also encouraged to conduct a diversity audit of each story, each week.

Board Charge/Ethics Review
- The board congratulated the post for stories on smoking on campus, Appalachian atheists, and the crime map Ellen and Digital Managing Editor Taylor Johnston have created.
- The board encouraged the Post to look at the website and make some changes to speed it up and improve the homepage design. These included removing the Post Haste banner and changing it to “Breaking News.” They also include adding the special project landing pages to follow the homepage template.

Membership
- The board would like to add two new members on campus. Suggestions included Laura Black in Media Arts and Studies and Joe Higgins, the former editor of the Athens Messenger and a writer in the College of Health Sciences and Professions.

Future Meeting Dates set for October 25, November 22, and December 6.
Send an email to Theresa, meyert@ohio.edu, if you are not receiving The Post in your office this year.

Sorority and Fraternity Life Committee – Dana Wright
- No update provided.
**Sustainability Committee** – Dana Wright
- We met September 26.
- We reviewed the work of the Hub Coordinators and adopted the committee charge.

**Transportation and Parking Committee** – Cyndi Parsons
- Cyndi attended the February 26 meeting, and has not heard from them after the March meeting was cancelled.
- Jacob will look into what is occurring with the committee and why they have not contacted Cyndi or Senate.

**Ohio University Ad Hoc Committees and Councils**

**Benefits Advisory Council** – Heather Gould
- We met on October 9.
- New Budget Projections and 5% goal.
  - A spreadsheet was supplied that shows the changes that are already in place to hit our budget target for health insurance.
    - Our premiums will increase from 15% - 17.5% - 20% to 17% - 19% - 21%.
      - This is currently on the schedule to increase in FY21 as well as an increase in the out of pocket maximum from $2,500/$5,000 to $3,000/$6,000
  - For FY22 we plan to increase the deductible from $500/$1,000 to $700/$1,400 as well as increase the out of pocket maximum again from $3,000/$6,000 to $3,250/$6,500.
  - After these changes we still need to come up with another $221,015 in savings for FY22 so we’re currently discussing options to amount for that savings. Ideas were to increase premiums again to 17.5% - 19.5% - 21.5%, increase the deductible to $800/$1,600 and increase out of pocket maximum to $3,500/$7,000. These were discussed and Heather mentioned the idea of if we had to increase anything that we should aim more toward increasing the co-insurance level by 10%, which should save us enough to make up the amount needed in addition to these other proposed changes. So instead of the university paying 80% of all hospital bills, they would now pay 70% and we would pay 30%. This is because we can at least have the option of making payments on hospital bills on a monthly basis or apply for financial assistance. This would also only apply to those that are using the benefit instead of taking away from our paychecks every pay no matter if you use the benefit or not.
    - Senate members stressed that a premium increase would have a very negative impact on the employees who are living paycheck-to-paycheck.
Senate members also talked about how the health insurance that OU had was an important factor in them deciding to work at OU.

The question was asked about whether BAC gives their decisions to the Board of Trustees. The Board of Trustees is not given the decisions that BAC makes.

- For FY 22, a high deductible plan was mentioned.
- Further discussion to follow on these topics.

- We plan to make a decision on the educational benefit changes, plan changes (as mentioned above), the RFP for Anthem and Express Scripts, AFSCME union negotiations, Retirement plan vendor all at future meetings.
- The group plans to send out communication to the entire body letting them know of changes or potential changes because we want to make sure everyone is aware of what could happen. We could potentially save money in other areas and might not need to increase premiums but we want to make sure everyone is prepared in case we do so that will all be mentioned in the communication.
- I also want to clarify that the education benefit email that I (Heather) sent out asking for feedback, I made a mistake and that we would be looking at an equivalent of 2 degree’s worth of credit hours as a potential cap, NOT 2 years of credit hours.
- The documents that Heather referenced are attached to the end of the minutes.

**Budget Planning Council** – Amanda Graham

- We are overviewing the purpose and mission over the next month.
- We are meeting on November 13 to finalize the plan moving forward.

**Facilities Planning Advisory Council** – Shelley Barton

  ▪ Tina brought forward a question asked by a coworker. Her coworker asked whether there was a 2-year buy-out for OPERS. Other Senate members had not heard this rumor before and could not comment on whether there was any truth to the rumor.

Motion made by Jacob Jakuszeit to adjourn and seconded by Melanie Quolke. Meeting was adjourned at 11:59 am.

Respectfully submitted,
Marilyn Maher
2019-2020 Classified Senate Secretary
