Campus Climate Communication Survey

In spring 2014 Ohio University administered a survey to identify areas of the work climate, as perceived by full-time employees, where we should focus our attention. A Campus Climate Task Force was then convened to review the survey data, summarize findings and make recommendations to address areas for improvement. (Detailed survey results and the Task Force's report are available at www.ohio.edu/instres/climate/index.html.)

One of the three areas of recommendations that were identified included University-wide internal communications. A committee has been formed, with leadership from Colleen Bendl and Dr. Valerie Young, the co-chairs of the Campus Climate Task Force, to determine how to implement the recommendations.

The purpose of this brief survey is to gain input from all Ohio University employees on how you receive and use various University communication resources. In addition to this paper version, *the survey is also available online*, through a link that was emailed to you on April 4. Please choose the format that is more convenient for you; you do not need to complete both.

Your feedback is valuable to us! All survey responses will be completely anonymous.

Emp	oloyee type	What is your age?								
0	Administrative Salary		0	1	8-34	0	50-60			
0	Administrative Hourly		O	3	5-49	0	61 or above			
0	Classified Non-Bargaining Unit									
O	Classified Bargaining Unit		Prin	ork location
