It is my great pleasure to share with you the OHIO Division of Diversity and Inclusion’s FY 21 annual report, which highlights our Division-wide efforts as well as the four Centers/Offices within our Division: the Lesbian, Gay, Bisexual, Transgender (LGBT) Center, the Multicultural Center, the Office for Multicultural Student Access and Retention (OMSAR), and the Women’s Center. This report also celebrates the collective work on diversity and equity that is being driven by OHIO’s academic and administrative units.

Over the past year, we have faced many difficult realities related to the COVID-19 pandemic and systemic racial injustice, and we have continued to engage our campus community in urgent and action-focused dialogue. As we continue to navigate the pandemic, we are renewed in our conviction that education is the key driver of progress, inclusion, and equity. Even during times of great challenge, our community will remain united in our commitment to a diverse, vibrant, and inclusive campus.

In the spring of 2021, our Inclusive Excellence Strategic Plan earned unanimous approval from the Ohio University Board of Trustees and will serve as a blueprint for academic and administrative units across campus. In articulating both a vision and concrete action steps, we are making the case for why diversity and inclusion matters. The research is clear: Inclusive excellence promotes greater student achievement, staff satisfaction and retention, and lifelong ties between our graduates and OHIO. For us, diversity and inclusion is more than an aspiration – it is a vital component of a sustainable, anti-racist, cohesive, and strong campus community that celebrates difference and equity.

Since Spring 2019, our team has engaged in countless campus-wide conversations – including with the D&I Advisory Council, the Diversity Leadership Institute, and feedback sessions with campus constituencies – to ensure that many voices could provide feedback on strategic priorities. Together, we identified the four key goals in the Inclusive Excellence Strategic Plan:

- **Recruit and retain a diverse campus community**
- **Create a sense of belonging for all members of the campus community**
- **Reimagine teaching and learning with inclusivity as a core design principle**
- **Build a sustained commitment to data collection, analysis, dissemination, and continuous improvement**

Diversity and inclusion remains critical to OHIO’s core mission of teaching and learning, and I know that OHIO is prepared to drive that mission forward with conviction, determination, and compassion for all. For this reason, I am excited for another great year in FY22. As you review this year’s report, I invite you to consider ways in which we can collaborate to elevate our University’s diversity and inclusion vision.
Ohio University recognizes the value of human diversity and is an institution committed to upholding practices of equal access and equal opportunity for all, including but not limited to veterans, persons living with disabilities, and all protected classes. DIVERSITY & INCLUSION
Office of the Vice President for Diversity and Inclusion

VISION
Ohio University will be recognized as a national leader in our diversity and inclusion efforts defined by our innovative approaches to designing an inclusive curriculum and educational programming, enacting comprehensive recruitment and strategic communication strategies, supporting students, crafting campus-wide mentoring initiatives, and focusing on continuous assessment. To exemplify our University’s core values of diversity and inclusion and make good on OHIO’s strategic framework theme of access and inclusion, Ohio University will act affirmatively to assure equal opportunity in employment and in delivery of programs and offerings, consistent with both federal and state civil rights laws and affirmative action guidelines. Every campus, college, and administrative unit will continuously examine itself and identify strategies to foster inclusive and equitable institutional cultures. Faculty and staff will exemplify principles of inclusion and respect for all people in fulfilling their responsibilities. All people (persons associated with Ohio University) will be accountable for their actions.

ABOUT D&I
Furthering our inclusive campus efforts, the four centers within our Division — The LGBT Center, Multicultural Center, OMSAR, and the Women’s Center — continuously envision and work to institutionalize multi-faceted strategies that welcome and uplift all members of the campus community. We focus specifically on groups and individuals who have historically been excluded, underrepresented, or marginalized within higher education settings. Our university-wide efforts promote inclusive institutional policies, practices, and cultures through intersectional programs and initiatives, as well as strategic communications and advocacy. Our Division serves and celebrates all people by helping them explore productive ways to navigate intersections of diverse identities, experiences, and perspectives.

INCLUSIVE EXCELLENCE STRATEGIC PLAN
https://www.ohio.edu/diversity/inclusive-excellence-strategic-plan
Connected directly to the Fearlessly First Strategic Plan and specifically to our pursuits related to student success, the Inclusive Excellence Strategic Plan has been developed to operationalize OHIO’s diversity, equity, and inclusion efforts. Since Spring 2019, our team has engaged in countless campus-wide conversations – including with the D&I Advisory Board, participants in our Diversity Leadership Institutes, and over 30 feedback sessions with campus constituencies – to ensure that many voices could provide feedback on our strategic goals. Together, we identified four strategic priorities:

• Recruit and retain a diverse campus community
• Create a sense of belonging for all members of the campus community
• Reimagine teaching and learning with inclusivity as a core design principle
• Build a sustained commitment to data collection, analysis, dissemination, and continuous improvement

Over the 2020 – 2021 academic year, the Division of Diversity and Inclusion engaged nearly 60 campus constituency groups in virtual conversations and listening sessions around the strategic plan framework and gathered ideas for action items under each of the strategic goals. During the Fall 2020 Breakfast for Progress, over 100 members of the University community participated in an activity where they offered feedback on the strategic goals and brainstormed campus-wide action items related to the goals. Additionally, a group was formed to draft core
select d&i programs and initiatives

During the 2020 – 2021 academic year, the Division of Diversity and Inclusion continued our focus on student recruitment and retention efforts, finalizing a comprehensive diversity and inclusion strategic plan, and providing resources and support for all campus constituents. Below is a listing of select new campus-wide initiatives and resources, academic program coordination, programming initiatives, and collaborations launched during the 2020 – 2021 academic year.

In collaboration with colleagues in the Division of Student Affairs and University Communications and Marketing, the Division of Diversity and Inclusion is working to launch a new campaign connected to the VISIBLE initiative, called Make Respect Visible. The campaign is designed to give the university community expectations and guidelines as it relates to engaging across difference and kicked off in August 2021.

LGBT CENTER
The Lesbian, Gay, Bisexual, Transgender Center

ABOUT THE LGBT CENTER
As one of the oldest centers of its kind in the state, our Lesbian, Gay, Bisexual, Transgender (LGBT) Center has built a strong foundation for our lesbian, gay, bisexual, transgender, and queer communities at OHIO. Over the years, the Center has worked collaboratively with the University community on policies and initiatives including Gender-Inclusive Housing and Trans Health Benefits for both students and employees. Additionally, Ohio University is one of a handful of universities that offer both a preferred name and pronoun policy. With the 2019 establishment of the Center’s first departmental leadership team comprised of three full-time professional staff members, our LGBT Center implemented a variety of strengths-based leadership initiatives through a novel strategic framework summarized in the acronym CARE. Our CARE framework reflects our Center’s commitment to Community Engagement, Appreciative Inquiry, Radical Inclusion, and Educational Initiatives. Staff members have also held instructional duties in Women’s, Gender, and Sexuality Studies (WGSS), the Cutler Scholars program, and University College.

In keeping with the times, our Center’s staff prioritizes wellbeing and active forms of intersectional allyship for students, faculty, staff, alumni, and community members. In their sum, our initiatives and events provide broad opportunities for engaging with sexual and gender diversities from a variety of perspectives, including programs exploring LGBTQ+ equality and experiences across the globe. The LGBT Center continuously explores and works to institutionalize strategies that support and affirm LGBTQ+ constituents. For this reason, we support queer scholarship and teaching in the classroom by sharing resources with faculty, guest lecturing, and facilitating SpeakOUT panels (story-telling presentations with time for questions and answers). With intersectional and queer approaches at the core of all its programming, education, and advocacy, OHIO’s LGBT Center offers comprehensive support to students, faculty, staff, and the wider Southeast Ohio community.

During the 2019-2020 academic year, our LGBT Center delivered a record-breaking 60 SafeZone trainings on our Athens and regional campuses, including as part of the UHR Professional Development Pathways, as well as for several Ohio-based healthcare systems and community groups.

WOMEN’S CENTER MISSION
The Women’s Center acts as a catalyst to promote awareness, education and advocacy about women, gender and diversity among faculty, staff and students at Ohio University and in its surrounding communities. The Center provides students, faculty and staff with information, services and programs that address matters of particular concern to women while exploring the connections among gender, race, economic status, sexual orientation, culture, religion, political views and other significant elements in relation to women’s individuality and collective identity.

ABOUT THE WOMEN’S CENTER
The Women’s Center promotes inclusion, honors difference, and works with faculty, staff, students, and the larger Athens community to promote academic achievement, active global citizenship, and substantive leadership positions for women in all professional fields. The Center works to build confidence within women’s personal lives, using an intersectional, though gendered, lens. We encourage everyone to participate in our programs! The Center does this through the following:

- Trainings on women’s leadership and equality within the workplace
- Mentorship
- Programming on diverse women’s experiences around the world
- Resources that improve the lives of women on campus, including lactation rooms
- Collaborations on sexual assault prevention

EVENT HIGHLIGHTS

In This Space: Disrupted
The Women’s Center and our collaborators created, curated, and hosted the survivor-centered art exhibit *In This Space: Disrupted*, featuring thirteen unique contributions from survivors and co-survivors. The exhibit was shown in Trisolini Gallery, along with a virtual exhibit which enabled alum, regional and extension campus members, and Athens students learning online, to experience the exhibit.

Soraya Membreno: These Are The Things No One Tells You: On Navigating PWI’s and What Comes After
The Women’s Center featured several incredible speakers this year, and Soraya Membreno’s was certainly a stand-out event. Soraya’s talk on navigating predominantly white institutions (PWIs) was empowering for attendees and invited discussions about how students can access resources at Ohio University.

Take Back the Night
The Athens and campus community came together to ensure that survivors felt supported both virtually and in-person. Through our first

**Women of Color Who Paved the Way**

Every weekday during Women’s History Month, we invited our constituents to participate in an Art Challenge inspired by Women of Color (WOC) Who Paved the Way. This event featured biographies written by students, as well as art they created in homage to WOC leaders.

**PROGRAM HIGHLIGHTS**

**ALAANA+ Women’s Leadership Cohort (AWLC)**
The ALAANA+ (African American/ African/Black, Latina/Latinx, Asian American/Asian, Arab/Middle Eastern, Native American, and all multicultural communities) Women’s Leadership Cohort (AWLC) is a newer Women’s Center initiative which launched in the 2019-2020 academic year. Participants met weekly for 1.5 hours throughout the academic year and created connections across the university community. Eleven participants successfully completed the cohort experience in 2020-2021.

**International Women’s Coffee Hours**
The International Coffee Hour programs are conducted in collaboration with International Student & Faculty Services (ISFS) and provides opportunities for international women and their allies to meet each other, discuss current events, play games, practice English or other languages, and listen to music from all over the world. Themed discussions on international beauty standards, self-affirmations, and women’s leadership helped to build community and support during COVID-19.

**SayHerName: Building Community to Support Women of Color at OHIO**
Sparked by the Division for Diversity and Inclusion’s Public Forum on Breonna Taylor: Mourning, Reflecting, Moving Forward, SayHerName is an ongoing commitment to our participants. These are gatherings of those directly impacted by racism and sexism, as well as other interlinked forms of oppression, and their allies. Participants requested, and received, training on citizen lobbying and also spoke with local elected officials. This program was also a space for responsive communication.

**The Women’s Mentoring Program**
This is an opportunity for second-year, junior, senior, and graduate students at OHIO to connect with a female mentor in their personal and professional fields of interest. Professional women serve as mentors. Normally offered as an in-person mentoring program, 19 mentees completed our program in our first virtual year!

**The Purple Couch Clubhouse Podcast**
This virtual book club is housed on the Women’s Center website for our constituents to enjoy at any time. At its heart, the book club introduces listeners to diverse issues that impact women and consider how intersectionality can be understood through the texts we read. Additionally, through inviting students, faculty, and staff to serve as guests on the podcast, we connect listeners to incredible resources and people throughout the OHIO community.

**Thirsting for Knowledge Thursdays**
This series provides casual, interactive opportunities to gather on a Thursday of each month and discuss topics with facilitators. Over the course of six events, 322 people attended this program on topics including #MeToo, #SayHerName, media coverage of missing and murdered Indigenous women in Indian Country, filming women’s history, male allyship, and preventing sexual violence in Egypt.
Women Leading OHIO
This early career faculty and staff development program builds a professional leadership network through weekly workshops with their cohort. Each participant is provided a mentor and an opportunity to job shadow others on campus. Thirteen faculty & staff completed this year’s program.

Young Leader Empowerment Series
In response to the COVID-19 pandemic and the transition to an online learning environment, the Ohio University Women’s Center established the Young Leader Empowerment Series (YLES) to fill the void left by being unable to offer the in-person Young Women Leaders Program (YWLP) in the 2020-2021 year. YLES featured asynchronous modules centered on themes of YWLP for middle school students to complete with their families and support systems. Topics included: investigating girlhood, leadership, body image, perfectionism, and healthy relationships.

AWARDS, SCHOLARSHIPS & SUPPORT FUNDS
The Women’s Issues Leadership Award
This award recognizes a student or student organization that has shown outstanding leadership and/or community involvement on women’s and gender issues, or has raised consciousness about those issues. We proudly celebrated Lexi Jones, a Child and Family Studies major in College of Health Sciences and Professions, for her leadership.

“All that we wish to achieve as a College of Fine Arts and as a University must be informed, directed, and deepened by our firm and incessant commitment to diversity and inclusion. From recruiting a student body that reflects the diverse demographics of our region, state, and country, to building a faculty and staff that brings critically diverse perspectives, backgrounds, and ideas to our disciplines, to shifting our curriculum and projects to consider the full range of national and global artistic approaches, to building an environment that values and encourages difference, we have been called to change.”

Mathew Shaftel, Dean, College of Fine Arts
STRATEGY AND INNOVATION OFFICE

University Planning
● Veterans Lounge
  Worked with leaders in University College and in the Veteran's and Military Student Services Center to establish a dedicated student veteran lounge. The space will provide a dedicated area for an underserved population to provide a safe place for veterans to remove themselves from problematic environmental factors so they can concentrate without distraction on their academics. This project is designed to enhance the educational experiences and support structures for our student veteran population. We additionally relocated the center’s offices to the new location for adjacency and efficiency of the group’s administrative functions.

● Lactation Rooms
  Collaboration with the Women’s Center to develop lactation rooms across the university portfolio to be supportive of parents on campus, including faculty, staff, and students, as well as visitors.

● Strategic Space Planning and Programming Efforts to Support D&I Centers
  Collaboration with Women’s Center to update the single-user restroom resource guide and associated space data and location identification across the campus.

Office of Instructional Innovation
● In collaboration with Diversity and Inclusion, the Center for Teaching and Learning (CTL) offered the Inclusive Pedagogy Academy (IPA). The mission of the IPA is to empower faculty to maximize student learning and achievement by working with faculty to enact inclusive teaching approaches across all disciplines. The first cohort began in Spring 2020 and offered new or redesigned courses in Spring 2021. An IPA website was created with resources for Building Inclusive Pedagogy as well as Syllabus Recommendations.

● During 2020-2021, the CTL was a partner of the Ohio Professional Development Consortium. The OPDC includes members from the Ohio Association of Community Colleges, the Inter-University Council of Ohio, the Ohio Department of Higher Education, and colleges and universities from across the state. To address critical needs in the area of inclusive teaching, and using the Drake Institute’s teaching endorsements as a model, the OPDC plans launched an Inclusive Teaching endorsement in 2020-21. Additional information can be found at the following: https://drakeinstitute.osu.edu/ohio-professional-development-consortium.

● With university partners, our CTL and Instructional Designers developed a workshop series aimed at reducing the DFW rate in large enrollment courses. It was entitled Effective Teaching and Learning in Large Enrollment courses, and we had 26 faculty registered but had to postpone the series due to the pandemic and the need to transition courses to a remote delivery. We plan to offer this again in the future.

● Inclusive Pedagogy is embedded in our weeklong design institutes that we delivered to the College of Education and the College of Fine Arts during 2020, as well as various 1-2 hour workshops we offered throughout the year.

Office of Institutional Technology
● Developed a checklist to serve as guidance to help instructors create digitally accessible course content.

● Created tools to regularly monitor and report the accessibility levels of the university websites and collaborates with UCM to maintain an overall high degree of digital accessibility on the website.

● Partnered with UCM to advise website content creators on general accessibility best practices.

● Performed 386 accessibility risk reviews for new technology purchases and 64 accessibility reviews where we evaluate how difficult it might be for a person with a disability to use the product being purchased.

● All 25 OIT managers and senior leaders have completed the “Diversity Advocate Workshop” to help ensure that the search committee’s work aligns with best practices regarding diversity and inclusion, including proactive and reactive efforts to combat the impact of bias through the search process, from preparatory stages though final selection.

● All 25 OIT managers (including senior leaders) have completed the “Preparing for the Search” and “Candidate Evaluation and Selection” learning modules.

● Several other OIT staff who regularly participate on search committees have completed the “Preparing for the Search” learning module. -Independently, and least one OIT leader completed an online Skillsoft course on “Overcoming Unconscious Bias in the Workplace” with the intention of identifying additional low-cost and flexible resources that we can encourage our staff to leverage as an organization.

● On many occasions over the past year, IT leadership has directly addressed current issues in the media regarding race during our regular all IT meetings.
● Have begun proactively including D&I news items and related learning and engagement opportunities in our weekly IT newsletter, which goes to all IT staff on campus. Affirmed CIO and leadership team’s commitment to inclusivity and zero tolerance for racism, sexism, and discrimination.

● OIT reflects on use of terms and metaphors used in the industry that are insensitive. OIT seeks to use inclusive and respectful language in all spoken and written communication. IT employee engagement council is working with D&I to develop a series of conversations and/or engagements to build awareness and inspire action regarding D&I topics.

Office of Institutional Innovation
● On 2/4/21 attended the Growth Mindset Workshop offered to Ohio Strong Start to Finish (OhioSSF) campus leads. Currently, slightly more than 20,000 (33%) first-time students at participating colleges and universities complete college-level mathematics and English in their first year; OhioSSF is committed to increasing that number to just over 31,000 (50%) by 2021. OhioSSF is also committed to reducing equity gaps for economically disadvantaged students (48% by 2021), students of color (51% by 2021), rural students (51% by 2021), and students over age 25 (37% by 2021). Growth Mindset offered various workshops aimed at encouraging faculty to foster the development of a core set of student behaviors/beliefs including intelligence and skills can be developed in order to encourage students to learn from their mistakes and persist in education.

Recruitment and retention of a diverse staff has been a priority for Advancement in fiscal year 2021, and will continue to be in 2022. Actions include:

Established Diversity Inclusion Values Equity (D.I.V.E.) Employee Resource Group (ERG) and activated the group with primary goals of providing training, offering resources, and assisting in the recruitment and retention of diverse staff.

Established Professional Development Employee Resource Group — with a primary goal of training and retaining staff and providing leadership and growth opportunities to a wide range of diverse staff members.

Promoted open positions on diversity-focused platforms:
- Diversityjobs.com
- Urban League
- ASLAH
- Outreach through the Ebony Bobcat Network
- Active recruitment via LinkedIn
- Active recruitment and outreach by D.I.V.E. ERG

Hosted three CASE Advancement Interns in Fall 2020, focused on enhancing diversity in the Advancement profession.

Hosting two CASE Advancement Interns in Summer 2021, focused on enhancing diversity in the Advancement profession.

Trained five Diversity Advocates to sit on all Advancement search committees (in accordance with new University policies and procedures).

In late FY2020, Advancement launched a Diversity Take Force to discuss, review, and make recommendations related to D&I related fundraising/scholarships, alumni and constituent engagement, and recruitment and retention. This Task Force comprises university leadership and stakeholders as well as alumni leadership volunteers. The group's objectives are:

- Develop and articulate a common understanding of Ohio University’s historic practice and legal guidelines around the use of race and ethnicity in scholarship fundraising (where we’ve been).

- Make informed decisions about pursuable fundraising opportunities.

- Lead in developing and sustaining bold, anti-racist philanthropic scholarship funds and fundraising goals in support of minoritized students as well as of broader Diversity, Inclusion & Equity goals.

- Develop standardized, comprehensive scholarship guideline language that empowers the University and Foundation to provide intentional scholarship support for underrepresented groups and to honor donor intent.

- Articulate minoritized scholarship fundraising goals and guidelines to internal and external partners. This group gathered for discussion and to participate in a workshop called “Meeting Advancement’s D&I Moment” led by partners at EAB in FY21. The Task Force will make its recommendations to leadership in Summer 2021.
GRADUATE COLLEGE/RESEARCH DIVISION

- Continued to support the Start Smart Salary Negotiation workshops offered to the campus community. This includes financial support, supporting a team member who serves as a trained workshop leader who facilitates workshops, and include D&I offerings in regular communication with graduate students about upcoming workshops encouraging their participation.
- Continued to offer support for online and hybrid programs aimed at increasing participation by underrepresented groups.
- Provided application fee waivers for McNair Scholars and active military/veterans.
- Collaborated with the Global Partnerships and Sponsored Students office to facilitate admission of Fulbright Scholars from around the globe.
- Worked closely with International Student and Faculty Services (ISFS) to support international students as they pursue graduate degrees.
- Continued support of a Graduate College representative to serve on Diversity Advisory Board.
- Supported a representative serving on Digital Accessibility Network.
- Created a Diversity Ad Hoc Group to assist with identifying diversity and inclusion professional development workshops exclusively designed with graduate students’ needs in mind. In addition, this group has identified other strategies for increasing the visibility of graduate students and their work surrounding D & I initiatives.
- Offered a diversity and inclusion segment as a part of the synchronous virtual orientation event in the fall. This segment was facilitated by Micah McCarey.
- Continued to enhance the asynchronous online Graduate Student Orientation diversity and inclusion module content. This module is required of all online and Athens-based degree-seeking, certificate-seeking, and non-degree graduate students.
- Research Division staff involved in searches participated in search committee training addressing best practice for diversity and inclusion.
- Many Graduate College staff members assisted international students (particularly, the International Student Task Force) with their many financial challenges due to COVID-19 when summer employment evaporated and their ability to travel abroad vanished.
- Research Division has initiated use of designated Diversity Advocates on all search committees. Both the Graduate College and Research Division are early adopters of the new flexible workplace strategy that will facilitate recruitment of diverse candidates over an expanded geographic region.
- From Spring 2020 to Spring 2021, the number of graduate students who identify as American Indian/Alaska Native, Asian, Black or African American, Hispanic or Latino, Native Hawaiian/Other Pacific Islander, or Two or More Races rose by 86, or from 17.1% to 18.0% of all graduate students.

OHIO UNIVERSITY POLICE DEPARTMENT
