**About the Ohio University Women’s Center:**

The Women’s Center promotes inclusion, honors difference, and works with faculty, staff, students, and the larger Athens community to promote academic achievement, active global citizenship, and substantive leadership positions for women in all professional fields.

The Center works to build confidence within women’s personal lives, using an intersectional, though gendered, lens. The Center does this through the following:

- Trainings on women’s leadership and equality within the workplace
- Women’s mentorship
- Programming on diverse women’s experiences around the world
- Resources that improve the lives of women on campus, including lactation rooms
- Collaborations on sexual assault prevention

**Looking to volunteer virtually? Want to be a mentor/mentee? Looking for professional development?**

The Women’s Center has a variety of different virtual experiences to hone your professional and leadership development. Check out our website for information on mentoring programs such as:

- For students: Apply to be a mentee with the [Women’s Mentoring Program](#), [She Leads OHIO](#), the [Young Women Leaders Program](#), and the [ALAANA+ Women’s Leadership Cohort](#)
- For staff/faculty: Apply to be a mentor with the [Women’s Mentoring Program](#), [Women Leading OHIO](#), and the [Inclusive Pedagogy Academy](#).

- Have a middle schooler at home? Check out our virtual [Young Leader Empowerment Series](#) for modules on leadership you can complete together!

### **Co-Curricular Guide Information:**

For more information about our events, please view our co-curricular guide at: <https://www.ohio.edu/diversity/womens-center/co-curricular-guide>. Don't forget to view our Spring 2021 Co-Curricular Guide! This guide was created for YOU with discussion questions, additional readings and resources, and activities to supplement you and your students' experiences with our events!

We encourage faculty to utilize Women's Center programming to assist in outside classroom learning opportunities for their students. In order to help faculty seamlessly incorporate our programs into their syllabus, we have prepared a co-curricular guide to bridge the gap between academic units and the Women's Center. This guide has detailed information about our events, areas of study each program would complement, projected learning outcomes, potential discussion questions, as well as recommended readings and in-class activities.
