Ohio University
Laboratory & Radiation Safety
Radiation Safety Office

To Whom It May Concern:

3701:1-38-10(A)(1) requires posting of the following notices to workers:

a. All applicable rules in Chapter 3701:1-38 of the Administrative Code;

b. The license or certificate of registration, as applicable, any conditions or documents incorporated by reference into a license and amendments thereto;

c. The safe operating procedures applicable to activities under the license or registration.

The posting of these documents is not practical. Therefore, each of these documents may be examined at the Radiation Safety Office upon proper notification by requesting individual(s).

For additional information, contact the Radiation Safety Office at 740-593-1666.
