

## **Digital Accessibility Compliance Resources**

Thesis & Dissertation Services (TAD), the Digital Accessibility Network (DAN), University Libraries, the Office of Information Technology, and the Academic Achievement Center's Writing Commons provide the following resources to assist graduate students working toward digital accessibility in their theses and dissertations.

***Start here if you are not already familiar with creating digitally accessible documents:*** [Introduction to Digital Accessibility](#)

### **Other helpful resources for Word and Adobe Portable Document Format (PDF):**

[Training 2: Improving Document Accessibility](#)

[Guidelines for Accessible Documents \(OIT\)](#)

[Creating Accessible Microsoft Word Documents](#)

[Create and Verify Accessibility in Acrobat Pro](#)

Tips for making figures, images, and tables accessible and creating alt-text from [Penn State University](#) and [Microsoft](#)

### **LaTeX users:**

LaTeX (or any TeX program) does not support all document structures necessary for accessibility or directly export tags to PDF. It is recommended that you consult user support for your TeX program for solutions to create an accessible PDF final document. [Overleaf](#) is frequently recommended for students working on theses or dissertation, and it does have a well-developed section on this topic in the documentation—but consult with your program. You may find some of the following information resources helpful as well:

[LaTeX and Accessibility Issues](#)

[Comprehensive T<sub>E</sub>X Archive Network: Accessibility](#)

[Accessible PDF's with LaTeX](#)

## Athens Campus Computer Labs with ACROBAT PRO DC

[Alden Library](#)- Multimedia, 2nd Floor; Fine Art, 3rd Floor

[Glidden Hall](#) 530, Music & Dance Library

[Patton Hall](#) 238

[RTV Communications Building](#) 204, 206, 215, 376, 462, 464, 463, 483, 497

[Schoonover Center](#) 035, 346

[Scripps Hall](#) 211, 212

[Stocker Center](#) 127, 190, 192, 194, 195, 221, 292

- ***Scripps College students enrolled in programs on the Athens Campus have personal access to Adobe Creative Cloud*** provided through their college tech fees, which includes Acrobat Pro. Contact your program director if you have questions.

## Regional Campus access to ACROBAT PRO DC should be available through each of the campus libraries:

Quinn Library

Chillicothe Campus

Stevenson Center

Eastern Campus Library

Eastern Campus

Shannon Hall

Hannah V. McCauley Library

Lancaster Campus

Brasee Hall

Southern Campus Library

Southern Campus

Collins Center

Zanesville Campus Library

Zanesville Campus

Herrold Hall
