OHIOGC:
THE GRADUATE COLLEGE

What we do:

- Promote graduate education
- Coordinate degrees and changes with the state
- Coordinate and manage all graduate admissions
- Coordinate records on students and degrees
- Orientation
- Support Graduate Commencement
- Manage all graduate appointments
- Coordinate Theses and Dissertations
- Build a sense of community and graduate culture
  - Host programming and events relevant to graduate students
Ohio University Student Expo

An annual event where students showcase their research and creative activity.
Café Series

Join us Wednesdays at 5:00 pm at the Ohio University Baker Center Front Room for a topical discussion hosted by guest faculty speaker. Science Cafés and Café Conversations are venues for students to informally share their interests with faculty presenters, staff, and the community in a friendly setting.

https://www.ohio.edu/sciencecafe/
The Graduate Student Senate represents all Ohio University graduate students and their interests. We examine issues that affect the graduate student community, and submit reports and recommendations to The Office of the President, Budget Planning Council, Graduate Council, Standing University Committees, and to several of the college deans.
Graduate College/Graduate Student Senate Grants

The Graduate College, in collaboration with Graduate Student Senate, offers current graduate students two grant opportunities to support their research, scholarship and creative activities.

**Original Work Grant**

- The Original Work Grant (OWG) supports research and creative work. It is intended to fund direct, project-related expenses such as travel, lodging, materials and equipment related to research. Any graduate student enrolled for at least 1 credit hour and pursuing a graduate degree at Ohio University can apply for this grant.

**Travel Award**

- The Travel Award (TA) supports travel to present original work, including research and creative works. The Travel Award is intended to enhance graduate education through participation in seminars, workshops and conferences, fostering professional development to further students’ careers. The award attempts to cover a majority of the costs associated with such travel.
A collaboration between Office of Sustainability, Graduate Student Senate, International Student Union, and the Zero Waste Initiative.

Ohio University Mission Statement

Ohio University holds as its central purpose the intellectual and personal development of its students. Distinguished by its rich history, diverse campus, international community, and beautiful Appalachian setting, Ohio University is known as well for its outstanding faculty of accomplished teachers whose research and creative activity advance knowledge across many disciplines.

Graduate College Ethics Statement

The Ohio University Graduate College is committed to assisting academic units in successfully recruiting, matriculating, retaining, and graduating graduate students. Through this process, the Graduate College expects adherence to standards of behavior that support learning, scholarly research, and creative activity of all students, faculty and staff involved in graduate education. All graduate students, faculty and staff should uphold ethical standards established or supported by the university, college, school, department and discipline of study. Common to all are the principles that the students and faculty members will represent their own work with integrity and professionalism, and attribute others’ work appropriately and according to their discipline’s standards.
