

# Take care of yourself

## Remember to get preventive care

Getting regular checkups and exams can help you stay well and catch problems early. It may even save your life.

Our health plans cover 100% payment of the services listed in this preventive care flier.<sup>1</sup> When you get these services from doctors in your plan's network, you don't have to pay anything out of your own pocket. You may have to pay part of the costs if you use a doctor outside the network.

### Preventive versus diagnostic care

What's the difference? Preventive care helps protect you from getting sick. Diagnostic care is used to find the cause of existing illnesses.

For example, say your doctor suggests you have a colonoscopy because of your age when you have no symptoms. That's preventive care. On the other hand, say you have symptoms and your doctor suggests a colonoscopy to see what's causing them. That's diagnostic care.

[Here's a listing of the types of preventive services we cover. See your benefit plan to learn more.](#)

### Child preventive care (birth through 18 years)

Preventive care physical exams are covered. So are the screenings, tests and vaccines listed here. The preventive care services listed below may not be right for every person. Ask your doctor what's right for you.

- Zoster (shingles)

This sheet is not a contract or policy with Anthem. If there is any difference between this sheet and the group policy, the provisions of the group policy will govern. Please see your combined Evidence of Coverage and Disclosure Form or Certificate for Exclusions & Limitations.

1 The range of preventive care services covered at no cost share when provided in-network are designed to meet the requirements of federal and state law. The Department of Health and Human Services has defined the preventive services to be covered under federal law with no cost-share as those services described in the U.S. Preventive Services Task Force A and B recommendations, the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC), and certain guidelines for infants, children, adolescents and women supported by the Health Resources and Services Administration (HRSA) Guidelines. You may have additional coverage under your Ohio insurance policy. To learn more about what your plan covers, see your certificate of coverage or call the customer care number on your ID card.

2 Some plans cover additional vision services. Please see your contract or Certificate of Coverage for details.

3 Breast pumps and supplies must be purchased from an in-network medical provider for 100% coverage; we recommend using an in-network durable medical equipment (DME) supplier.

4 This benefit is covered under health care reform's women's preventive services. For group plan members, these services are covered with policy years beginning after August 1, 2012. For members with individual coverage, these benefits are effective for new members on or after August 1, 2012 and for current members on January 1, 2013. This benefit also applies to those younger than 19.
