3 total prizes

15 total prizes

40 total prizes

Increase your chances of winning!

Your chances of winning 1 of the lottery prizes can be increased according to the following:

- Students completing the survey on or before February 27, 2020 will be automatically entered **three times** into the random drawing.
- Students completing the survey between February 28, 2020 and on or before March 13, 2020 will be automatically entered **two times** into the random drawing.
- Students completing the survey between March 14, 2020 and on or before April 6, 2020 will be automatically entered **one time** into the random drawing.

Each survey respondent is only eligible to win one prize. Once a student respondent wins one prize, regardless of the prize level, all remaining lottery entries, if any, will be removed. Your chances of winning depend on how many students complete the survey. 9,862 students were invited to participate in this survey.
