Subject: Requisite Drop Process for Summer

Dear Student:

Due to the implementation of the new student information system we are not able to identify students who no longer meet the requisites for summer classes based on academic performance in spring. If you no longer meet the requisite for your summer class(es) (i.e., because you failed a spring quarter class, because you earned a lower than expected grade in a spring quarter class, because you changed your major, etc.) please discuss the situation with your instructor. You may be told to drop the class or the registrar may drop the class for you. In future terms you will automatically be dropped if you no longer meet the requisite for the class.

Please let me know if you have any questions.

Best regards,
Debra Benton
