Ohio University has two official transcript formats and two transcript keys. For all students enrolled prior to fall 1985-86, manual production of 8 ½” x 14” security paper occurs. At the request of the student, the revised 02/2021 transcript may be a comprehensive record of all coursework and degrees or may be limited to 1) undergraduate coursework and degrees, or 2) graduate coursework and degrees. The Academic Calendar is divided into three semesters: Fall, Spring, and Summer, each consisting of fourteen weeks of instruction. Effective Fall 2020-21, the academic calendar is divided into three semesters: Fall, Spring, and Summer, each consisting of fifteen weeks of instruction. The minimum GPA for “Dean’s List” was 3.3 in 2005-06. The minimum GPA for “Dean’s List” was 3.5 for Spring 2019-20 and Fall 2020-21 due to COVID-19. University policies and procedures can apply both to graduate and undergraduate students, prohibiting the student from ever attending. A valid transcript must display each of these security features. When this paper is held toward a light source, the signature of the University Registrar is imposed over the official Ohio University seal and must distort or appear in white type over the face of the entire document and it does not require a raised seal. The white signature may be visible from both sides when held toward a light source. The transcript numbers indicate the student levels for which the courses are primarily intended. Prior to Fall 1988-89, the GPA calculation for graduate coursework and degrees is 3.3. For Spring 2019-20 and Fall 2020-21 due to COVID-19, undergraduate students who earned 12 semester hours of credit, including at least six hours attempted for letter grades, with a minimum grade point average (GPA) of 3.5 were noted as “Dean’s List.”
