</table>
On a motion by Mr. Hodson and a second by Mr. Goodman, the Ohio University Trustees resolved to hold an executive session to consider personnel matters under Section 121.22(G)(1), real estate matters under Section 121.22(G)(2), litigation or the threat thereof under Section 121.22(G)(3) and preparation for conducting bargaining sessions under Section 121.22 (G) (4) of the Ohio Revised Code on the 18th day of April 1998.

On a roll call vote, Dr. Ackerman, Mr. Emrick, Mr. Grover, Mr. Goodman, Mr. Hodson, and Mrs. Ong voted aye. This constituted a quorum. President Robert Glidden and Board Secretary Alan Geiger attended the session. Gary North, vice president for administration and John Burns, legal counsel attended parts of the session.

**Personnel**

President Glidden reported on the planned retirement of Vice President for Regional Higher Education James Bryant and announced the appointment of new deans for the colleges of Fine Arts and Education and the pending appointment of a new director of Alumni Relations.

**Real Estate**

Mr. Burns stated a meeting would be held next week with a prospective developer regarding the surplus East State Street property. The status of the Dysart Woods, annexation and the development of the Dairy Lane area were considered.

**Litigation**

Mr. Burns noted there were no significant changes since the last report to Trustees. He reviewed the status of the trademark dispute brought by Ohio State University. Trustees indicated they want to continue to protect the Ohio name recognition.
Bargaining

Vice President North presented and reviewed bargaining parameters for the upcoming Fraternal Order of Police negotiation. Trustees concurred with the parameters. It was noted that our Department of Campus Safety is well respected on the campus and within the Athens Community.

I. ROLL CALL

Six members were present: Chairman Brandon T. Grover; Charles R. Emrick, Jr.; Patricia A. Ackerman; N. Victor Goodman; Thomas S. Hodson; and M. Lee Ong. This constituted a quorum.*

President Robert Glidden and Secretary Alan H. Geiger were present.

K. C. Melnik and Erik Roush, student trustees, also attended. Also present was Scott Kirshman, president, National Alumni Board of Directors, who sits by invitation of the Trustees.

* Trustee Walter attended the Thursday and Friday sessions, but was unable to be present on Saturday. Trustees Brunner and Leonard were unable to be present because of prior business commitments.

II. APPROVAL OF THE MINUTES OF THE MEETING
OF February 7, 1998
(Previously distributed)

Mr. Emrick moved approval of the previously distributed minutes. Dr. Ackerman seconded the motion. All voted aye.

III. COMMUNICATIONS, PETITIONS, AND MEMORIALS

Secretary Geiger reported there were none.

IV. ANNOUNCEMENTS

Secretary Geiger reported Trustees would be polled to see if the December 1998 meeting dates could be advanced to December 11 and 12, 1998.
V. REPORTS

President Glidden reported the only matter to be recognized was the advancement in elderliness of Provost Brehm. He noted the digits of the provost's birthday totaled eight.

VI. UNFINISHED BUSINESS

Secretary Geiger reported no unfinished business.

VII. NEW BUSINESS

Chairman Grover reported that Board committees had, at their respective meetings, discussed matters being presented to the Board. The committee chairman or a committee member designated by the chairman will present items for action.
A. BUDGET, FINANCE, AND PHYSICAL PLANT COMMITTEE

Committee Chairman Goodman noted the Trustees had over the last three days, spent more than five hours, in addition to other meeting times, reviewing recommendations contained in the Master Plan and Strategic Plan for the Comprehensive Redevelopment of the Residence and Dining Hall System prepared by Ira Fink and Associates, Inc., dated April, 1998. A copy of the plan is filed with the official minutes. He stated the plan would be recommended for acceptance. Chairman Goodman noted his committee will be presenting eleven (11) recommendations for consideration and asked trustees Hodson, Ong, Melnik and Grover to present them to the Board of Trustees.

Mr. Hodson moved approval, with a second by Mrs. Ong, followed by all Trustees voting aye to approve the following resolutions:

Recognition of Student Housing Master Plan and Strategic Plan Study – Resolution 1998 – 1563
Tax Deferred Purchase of Additional Service Credit
Resolution 1998 – 1564
Alternate Retirement Program – Resolution 1998 – 1565
Naming of Lounge in Wren Stadium for Joseph Dean
Resolution 1998 – 1566
Naming of the Basketball Suite in Honor of Vern and Marion Alden
Resolution 1998 – 1567
Hocking River Bridge – Resolution 1998 – 1568
Third Floor Renovation at the Riffe Center, Southern Campus
Resolution 1998 – 1569
Putnam Hall Childcare Center Improvements – Resolution 1998 – 1570
Fire Alarm Replacement at the Convocation Center and Seigfried Hall
Resolution 1998 – 1571
ADA Improvements, Phase Two – Resolution 1998 – 1572
Naming of Space in Stocker Center “Loehr Leadership Resource Center” – Resolution 1998 -- 1573
RECOGNITION OF STUDENT HOUSING MASTER PLAN AND STRATEGIC PLAN STUDY AS A GUIDE FOR IMPROVEMENT TO THE RESIDENCE HALLS SYSTEM

RESOLUTION 1998 - 1565

WHEREAS, a detailed engineering study of University residence hall facilities was done in 1994 by the ICES Corporation from Atlanta, Ga., which demonstrated that residence halls systems, structures, roofs and interiors are in need of major capital renewal; and,

WHEREAS, the Ohio University Administration presented the findings of the study to the Board of Trustees with a recommendation that a major capital renovation program be considered; and,

WHEREAS, the Ohio University Board of Trustees strongly affirmed their commitment to the value of a residential experience for students' education and to preserving the residential character of the campus; and,

WHEREAS, in August, 1997 the Trustees approved the university recommendation to retain Ira Fink and Associates of Berkeley, California, to develop a plan and to address residence hall capital improvement needs; and,

WHEREAS, the plan has been reviewed, modified and accepted by the university administration; and,

WHEREAS, the President recommended approval of the funding and renovation proposals to the Board of Trustees.

NOW, THEREFORE, BE IT RESOLVED, that the consultant's report be accepted as a guide to improvement of the residence halls and generating capital funds, with the provision that specific plans for capital funding and recommendations for renovations, demolition of existing buildings or construction of new facilities require further Board of Trustees action.
April 1, 1998

Dr. Robert Glidden
President
Ohio University
Cutler Hall
Campus

Dear Bob:

Dr. Ira Fink has concluded his work with the housing system and has recommended a plan to Mr. Robert Hynes for the renovation and renewal of University Housing Facilities. The plan includes recommendations for generating funding required and a detailed schedule for the renovation program.

The plan has also been reviewed by a committee of university administrators and four members of the Board of Trustees. It has been reviewed and approved by the Executive Officers of the university. Attached is a summary of recommendations and a resolution for presentation to the Board of Trustees.

I recommend approval.

Sincerely,

Gary North
Vice President for Administration

RESOLUTION TO ESTABLISH A TAX-DEFERRED PAYROLL DEDUCTION PLAN FOR PURCHASE OF ADDITIONAL SERVICE CREDIT AT OHIO UNIVERSITY

RESOLUTION 1998 -- 1566

WHEREAS, Internal Revenue Code Section 414 (h) (2) permits employer "pick up" of the employee contributions to a retirement plan, thereby resulting in tax deferral of such contributions; and

WHEREAS, further ruling of the Internal Revenue Service now allows federal income taxes to be deferred on payroll deductions for the purchase of eligible service credit; and

WHEREAS, under the Public Employees Retirement System (PERS), including PERS-LE, and the State Teachers Retirement System (STRS) law and rules, members may; redeposit contributions previously withdrawn, plus interest and/or purchase eligible service credit, and

WHEREAS, Ohio University wants to implement a plan for the benefit of its employees that will allow employees in PERS, PERS-LE, STRS, or any other eligible retirement plan covered under the IRS ruling, the opportunity to purchase eligible service credit on a pre-tax basis.

NOW, THEREFORE, BE IT RESOLVED, that effective July 1, 1998, employees of Ohio University may purchase additional service credit, tax-deferred, and Ohio University shall withhold the required service credit deduction from the gross pay of each person who elects to do so and shall pick up, assume and pay such deduction to PERS or STRS, with the understanding that pursuant to IRS rules:

1. A person electing this pick up deduction shall not have the option of choosing to receive the payroll deduction directly instead of having this deduction picked up by Ohio University, and

2. Members who have elected to participate in this plan cannot increase, decrease, or terminate the amount of the pick up deduction, and must continue the payroll deductions until the credit is fully purchased or employment is terminated, and

3. Members who have elected to participate may purchase service credit through one payroll deduction plan at a time.

BE IT FURTHER RESOLVED, that the President of Ohio University and/or his designee is hereby authorized and directed to perform such functions, and provide as necessary for the implementation and administration of this plan consistent with the provisions of this Resolution.
MEMORANDUM

To: The Ohio University Board of Trustees
Fr: Dick Siemer
Re: Tax Deferred Purchase of Additional Service Credit

We are asking you to consider the attached resolution regarding tax deferred payroll deductions for the purpose of permitting university employees to purchase additional retirement service credit on a tax deferred basis via payroll deduction. Retirement system rules require a Board resolution to do this.

It has been a common practice for Ohio public employees, such as faculty and staff in colleges and universities, to take advantage of retirement system rules which permit the purchase of certain eligible past employment service (examples are for out of state teaching and military service). This is done to increase the number of years of service credit on which retirement benefits are based. Currently, Ohio University offers after-tax payroll deductions for this purpose. Fifty-nine employees are currently purchasing service credit through the payroll system on an after-tax basis.

Within the past year the Internal Revenue Service (IRS) has issued a ruling that allows federal income taxes to be deferred on payroll deductions for the purchase of service credit. Since the Ohio Department of Taxation generally follows the IRS rules, these deductions would also be viewed as tax-deferred for the purpose of state income tax.

The proposed resolution would permit Ohio University employees to establish payroll deductions on a tax-deferred basis for this purpose. The additional cost to administer this program would be a low four-figure number while the benefit of the program to the affected employees is substantial.

Thank you for your consideration of this proposal.
ALTERNATIVE RETIREMENT PROGRAM

RESOLUTION 1998 --1567

WHEREAS, on March 31, 1997, Amended Substitute House Bill 586 (Am. Sub. H.B. 586) became effective, authorizing an alternative retirement system for academic or administrative university employees of public institutions of higher education, who are currently covered by the State Teachers Retirement System “STRS” or Public Employees Retirement System, “PERS”, and

WHEREAS, the Ohio Department of Insurance has designated at least three alternative retirement plans (ARP), by at least three different entities to be offered to eligible employees as alternatives to “STRS” and “PERS”, and

WHEREAS, Ohio University will contract for ARP services through the entities selected by the Ohio Department of Insurance, and will extend the options to eligible academic and administrative employees, and

WHEREAS, each ARP offered shall be a defined contribution plan that provides retirement and death benefits through the purchase of annuity contracts or certificates, fixed or variable in nature, or a combination thereof, and at the current time may not provide a health care plan, and

WHEREAS, eligible employees include all full-time academic and administrative employees hired after the date of this resolution, and all full-time academic and administrative employees who have less than 5.00 years of service credit in existing state retirement systems, and

WHEREAS, those eligible employees selecting an ARP who would otherwise have been required to be in STRS will contribute at least 9.3% to the ARP and Ohio University will contribute at least 8.0%; and those employees selecting an ARP who would otherwise have been required to be in PERS will contribute at least 8.5% to the ARP and Ohio University will contribute at least 7.31%; and those employees selecting an ARP who would otherwise have been required to be in PERS-LE will contribute at least 9.0% to the ARP and Ohio University will contribute at least 10.7%. Further, Ohio University is required to pay a stabilization payment, currently set at 6.0% to STRS or PERS as appropriate for each employee selecting an ARP.

NOW THEREFORE, BE IT RESOLVED, that the Ohio University Board of Trustees hereby establishes an Alternative Retirement Plan “ARP” for eligible academic and administrative employees of Ohio University, pursuant to Am. Sub. H.B. No 586, codified in Ohio Revised Code 3305.02.

BE IT FURTHER RESOLVED, that the Ohio University Board of Trustees hereby resolves to enter into contracts with each entity as designated by the Ohio Department of Insurance for the
purpose of providing an Alternative Retirement Plan "ARP" at Ohio University. Subject to the provisions or restrictions of each contract that Ohio University enters into with the designated entities, the rights of Ohio University employees who select an ARP shall be fully vested and nonforfeitable when such Plan Contributions are made.

BE IT FURTHER RESOLVED, that the President of Ohio University and/or his designee be authorized and directed to take action on behalf of the Board of Trustees as may be required to effectuate the foregoing resolution, and perform such functions, and provide as necessary of the implementation and administration of the Alternative Retirement Plan "ARP" established by this Board.
Dear President Glidden:

The Ohio Department of Insurance has released an approved list of vendors authorized to offer Alternative Retirement Programs to eligible employees in higher education.

Enclosed is a resolution requesting the Board of Trustees to authorize Human Resources to develop a program to permit approved companies to offer alternative retirement programs to Ohio University faculty and staff.

I recommend approval.

Sincerely,

Gary North, Vice President for Administration

GN:mm
DATE: April 7, 1998
TO: The President and Board of Trustees
FROM: Nicolette Di Pasquale, Associate Director, Office of Legal Affairs
SUBJECT: Alternative Retirement Plan (ARP)

Attached is a resolution establishing an alternative retirement plan for eligible employees at Ohio University.

In March of 1997, Ohio law authorized an alternative retirement system for academic or administrative employees of public institutions of higher education (O.R.C. 3304.02). The legislation mandated that the Ohio Department of Insurance designate several carriers or providers who meet the requirements listed in the statute, and that the board of trustees of each university shall enter into a contract with entities designated by the Department of Insurance.

On April 6, 1998, the Department of Insurance notified seven carriers such as Valic, TIAA-CREF, Aetna, Prudential, and others, that they were selected as designated carriers. Ohio University departments, under the direction of Dr. North’s and Mr. Siemer’s offices, have been preparing for the implementation of this system. The statute contains specific time sensitive employee eligibility requirements for new and existing employees. Not later than 90 days for employees hired after establishment of the program by the board, and 120 days for existing employees with less than 5 years at the institution, may the employees elect to participate in the program. The time limits will begin with the passage of the Resolution attached. Ohio University offices are ready and prepared to implement the plan.

Issues that have been addressed include:

- Applicability of ERISA to the ARP
- Applicability of the IRS code to the ARP
- Social Security
- Collective Bargaining
- System Implementation
- Employee Notification
- Provider Agreements
Communication Materials and Forms

Specifics of the plan include:

- must be defined contribution
- funds will range from low risk to more aggressive
- employee is limited to choice of one carrier
- several payout options
- additional contribution opportunities
- no guaranteed health insurance upon retirement
- immediate vesting
- contribution rates are set by law, and Board resolution

The University officers and I will be available at the meeting next week to answer any questions.

ND: ndw
WHEREAS, Joe Dean was an exceptional student-athlete, coach and administrator at Ohio University for over thirty-five years and whose leadership secured the private funding for Bob Wren Stadium, and

WHEREAS, (1) he captained undefeated Ohio to the Mid-American Conference Title and the National Small College Championship in 1960, (2) made first team All-Mid-American Conference as a linebacker in 1959 and 1960, (3) played in the professional football league for the Ottawa Rough Riders of the Canadian Football League, (4) was inducted to the Ohio Athletics Hall of Fame in 1975, and

WHEREAS, his service and integrity as a coach and administrator brought respect to the University and he always had a good hand in carrying forward the strong tradition of the Department of Athletics.

NOW, THEREFORE, BE IT RESOLVED that the lounge in Bob Wren Stadium henceforth be named in memory of Joseph F. Dean in recognition of his selfless service to his alma mater.
March 12, 1998

President Robert Glidden
108 Cutler Hall
Ohio University
Athens, OH 45701

Dear Bob:

As you know, Mr. Joe Dean was an exceptional student-athlete, coach, and administrator here at Ohio University. Joe served the University for over thirty-five years, serving 19 years as assistant football coach, and serving as the Assistant Athletics Director for Development. With your permission, and that of the Board of Trustees, the department of athletics recommends that the lounge in Bob Wren Stadium be named in memory of Joseph F. Dean.

Joe captained the undefeated Ohio team to the Mid-American Conference Title and the National Small College Championship in 1960. He made first team All-Mid-American Conference as a linebacker in 1959 and 1960. He played in the professional football league for the Ottawa Rough Riders of the Canadian Football League and was inducted to the Ohio Athletics Hall of Fame in 1975. Due to all of his success, Joe is a legend at Ohio.

Joe Carbone was a friend of Joe's and is wholeheartedly supportive of this recommendation. We are hopeful that this tribute to a great Ohio legend can become a reality. If I may provide additional materials, please advise. Thank you for your consideration.

Best personal regards,

Thomas C. Boeh
Director of Athletics

enclosure
NAMING OF THE BASKETBALL SUITE
IN HONOR OF VERN AND MARION ALDEN

RESOLUTION 1998 - 1569

WHEREAS, Vernon Alden was the fifteenth President of Ohio University from 1962 to 1969 and whose leadership established an administration keyed to expansion, academic excellence, and the economic growth of the state of Ohio, and

WHEREAS, (1) he co-founded and Chaired The Board of Trustees of the Institute for College and University Administrators, (2) established the Trustees' Academy and the University's first endowed professorships, (3) invested in the expansion of new facilities including the Convocation Center, (4) founded the College of Communication, Honors College, Faculty Senate, and the Ohio University Press, (5) under his leadership, agencies including the Institute for Regional Development and the Center for Economic Opportunity revitalized the economy in Southeastern Ohio, and

WHEREAS, his generosity and support of Ohio University as President brought national respect to the University and he carried forward the strong tradition of academic excellence at Ohio University.

WHEREAS, his loyal support of the Department of Athletics and his major naming gift to the basketball suite made this project a reality.

NOW, THEREFORE, BE IT RESOLVED that the basketball suite henceforth be named The Vern & Marion Alden Basketball Suite.
March 23, 1998

President Robert Glidden
108 Cutler Hall
Ohio University
Athens, OH 45701

Dear Bob:

As you know, Vern Alden recently provided the Department of Athletics with a $105,000.00 naming gift specifically for Target 2000 and the basketball office suite. His loyal support has made this project a reality. With your permission, and that of the Board of Trustees, the Department of Athletics recommends that the basketball suite be named “The Vern & Marion Alden Basketball Suite.”

We are hopeful that this tribute to a great Ohio leader can become a reality. If I may provide additional materials, please advise. Thank you for your consideration.

Best personal regards,

Thomas C. Boeh
Director of Athletics

enclosure
WHEREAS, the 121st General Assembly, Regular Session, has introduced and approved Amended House Bill Number 748, and

WHEREAS, Amended House Bill Number 748 includes $750,000 for the Hocking River Conservancy District Improvements and Assessment, and

WHEREAS, the Hocking Conservancy District appropriation is intended to cover the University's assessment for maintaining the river channel's flood protective capacity and to make river corridor improvements, and

WHEREAS, $270,000 of this appropriation is necessary to cover the University’s share of the maintenance costs for the two year period covered by Amended House Bill Number 748, leaving $480,000 for river corridor improvements, and

WHEREAS, it is necessary to relocate several holes on the golf course in order to maintain nine holes of golf on campus as well as accommodate the program shifts suggested by the Land Use Plan completed by NBBJ in April 1996 for Ohio University, and

WHEREAS, the Ohio University Board of Trustees did, at their regular meeting on June 27, 1997, authorize the hiring of an engineering consultant to provide consulting services for this Project, and

WHEREAS, the firm of Kabil Associates, Inc. was hired and they have completed final plans and specifications for the bridge over the Hocking River.

NOW, THEREFORE, BE IT RESOLVED that the Ohio University Board of Trustees does approve construction documents for the Hocking River Bridge Project.

BE IT FURTHER RESOLVED that the Ohio University Board of Trustees does hereby authorize the advertisement for and receipt of bids on this Project, and does empower the President or his designee to accept and award construction contracts provided total bids do not exceed available funds.
April 1, 1998

Dr. Robert Glidden  
President  
Ohio University  
Cutler Hall  
Campus

Dear Bob,

John Kotowski has completed plans and specifications, in conjunction with the firm of Kabil Associates, Inc. for a bridge across the Hocking River. This project is funded from the appropriation which supports the Hocking River Conservancy District and it will allow us to develop golf holes and other recreation resources across the river. The development of this area will also permit us to maintain a nine hole golf course when existing holes are lost to tennis courts and football practice field development.

I recommend approval.

Sincerely,

[Signature]

Gary North, Vice President for Administration

GN:mm

attachments
Amended House Bill Number 748 provides a capital appropriation in the amount of $750,000 for the Hocking Conservancy District Improvements and Assessment. At the time of our capital submission to the Ohio Board of Regents, I indicated that the institution had two goals or purpose for these funds. The first is to cover the cost of the University’s assessment, based on a cost/benefit analysis, to maintain the flood protection improvements of the river channel along the campus. This cost is $270,000 for the effective period of Amended House Bill Number 748. The second is to provide capital funds to improve access to the University land currently not easily reached. I informed the Ohio Board of Regents at the time of our capital submission that Ohio University planned to utilize the remaining $480,000 to develop access to the land located South of the river channel and North and West of State Routes 682, and 32/33/50. It is my intent to construct a bridge across the Hocking River so that the land described above can be better utilized. In accordance with the University’s Land Use Plan, which was approved by the Board of Trustees on April 27, 1996, access to this property will permit the institution to re-organize its nine hole golf course freeing space for other recommended work.

The Ohio University Board of Trustees did, at their regular meeting of June 27, 1997 authorize me to select a consulting engineer for the project and proceed with the development of plans and specifications for the work. The firm of Kabil Associates, Inc. of Columbus, Ohio was hired and we are ready to advertise for construction contract bids. In order that I may proceed, I have enclosed a resolution for consideration at the Board’s April 18, 1998 meeting which seeks approval of construction documents and provides authority to receive bids and recommend the award of contracts so long as total bids do not exceed available funds.
I will provide a set of plans and specifications the week of April 13, 1998 for your use at the Board meeting. If I can be of further assistance or provide additional information regarding this matter, please let me know.

DOCUMENT APPROVAL FOR THE RENOVATION OF THE
THIRD FLOOR OF THE VERN RIFFE CENTER
AT THE SOUTHERN CAMPUS

RESOLUTION 1998 -- 1571

WHEREAS, the State of Ohio has provided a total Capital Component Allocation for the
Southern Campus which totals $51,840, and

WHEREAS, this allocation has been included in the Ohio University operating budget
effective with the start of Fiscal Year 1998 and will be included in the budget for the next fifteen
years, and

WHEREAS, this Capital Component Allocation will translate into approximately
$518,400 in capital funds for the Southern Campus, and

WHEREAS, Regional Higher Education and the administration at the Southern Campus
has identified the renovation of the space on the third floor of the Riffe Center, space that could
not be finished as a part of the building’s construction, as the appropriate location for expenditure
of these capital dollars, and

WHEREAS, the intent is to renovate this space for the campus’ radio, television and
communications programs, and

WHEREAS, this office in conjunction with representative of the Southern Campus did
interview and hire the firm of Dalton Architects, Inc., a local architectural firm in the Ironton
area, to develop construction documents for the renovation, and

WHEREAS, final plans and specifications have been completed for the renovation of the
third floor of the Riffe Center.

NOW, THEREFORE, BE IT RESOLVED that the Ohio University Board of Trustees
does approve the construction documents for the renovation of the third floor of the Riffe Center.

BE IT FURTHER RESOLVED that the Ohio University Board of Trustees does hereby
support the advertisement for and receipt of bids on the Riffe Center Project, and does empower
the President or his designee to accept the bids and award construction contracts, provided total
bids do not exceed available funds.
Dr. Robert Glidden  
President  
Ohio University  
Cutler Hall  
Campus  

Dear Bob,  

John Kotowski has worked with Bill Dingus, Dean of the Ironton Campus, and Dalton Architects, Inc., a local Ironton firm, to complete plans for the renovation of the third floor of the Riffe Center for office space and television and radio production areas.

John is requesting authorization to seek bids and award a contract.

I recommend approval.

Sincerely,

Gary North, Vice President for Administration  

GN:mm  
attachments
TO: Dr. Gary B. North, Vice President for Administration
FROM: John K. Kotowski, Director of Facilities Planning
SUBJECT: APPROVAL OF PLANS AND SPECIFICATIONS AND AUTHORIZATION TO AWARD CONSTRUCTION CONTRACTS FOR THE RENOVATION OF THE THIRD FLOOR OF THE RIFFE CENTER ON THE SOUTHERN CAMPUS

When the Riffe Center was constructed on the Southern Campus in 1995, there were insufficient funds to finish the third floor space. Instead, the third floor was constructed as a raw unfinished area. The intention or direction taken during the building’s development was to put us in the position of being able to capture the third floor and renovate it as quickly as possible after the facility was occupied.

Under the new capital process, institutions are being required to take responsibility for the debt service on capital improvement projects. The State, with the guidance of the Ohio Board of Regents, has established a new line item in each institution’s operating budget that is identified or described as the “Capital Component Allocation”. The Capital Component Allocation line for the Southern Campus, effective with the FY 1998 operating budget, contains $51,840 that is intended for capital related work at the campus. This amount will be received by the campus for the next fifteen years and can be used as the debt service on a bond that will generate approximately $518,400 in capital funds. Regional Higher Education and the Southern Campus is proposing to use these capital funds for the third floor renovation at the Riffe Center.

This project will involve the renovation of approximately 10,000 square feet of space. This space will be upgraded to accommodate the radio, television, and communications programs at the campus. Involved will be the development of TV studios, radio production spaces, necessary support areas, some office and office support rooms, as well as an interactive classroom and a digital non-linear learning center.
In conjunction with Regional Higher Education and representatives of the Southern Campus, we have hired an architect, Dalton Architects, Inc., a firm located in the Ironton area, and have developed construction documents for this project. Board of Trustee action is required to proceed to construction. To take this next step, I have enclosed for consideration by the Board at their regular meeting of April 18, 1998, a resolution that seeks approval of plans and specifications for the project and provides authority to award construction contracts; provided total bids do not exceed available funds.

Thank you for consideration of this matter. I will provide a set of plans and specifications for this project the week of April 13, 1998 for use at the Board meeting. If I can be of further assistance or provide additional information regarding this matter, please let me know.

Dear Bob,

John Kotowski has worked with the Putnam Child Care Center staff and the architectural firm of Shremshock, Inc. to complete plans for improving the Putnam Child Care Center. His letter describes the source of funds and the specifics of the project. John is seeking approval of the plan and authorization to take bids and award a construction contract.

I recommend approval.

Sincerely,

Gary North, Vice President for Administration

attachments
Amended House Bill Number 790 contains an appropriation totaling $2,000,000 to the Ohio Board of Regents for making child care facility improvements on college and university campuses. The Ohio Board of Regents used these funds to establish a grant program that required a dollar for dollar match by institutions awarded a portion of these funds. The Ohio Board of Regents received requests for funding totaling more than $3,000,000. Ohio University successfully secured $89,375 from the Regents for improvements to Putnam Hall. The College of Health and Human Services, the recipient of the grant, is providing the matching dollars making $178,750 available for the improvements. These funds are being utilized to make improvements in the administrative office area, upgrade instructional space in the child care center and continue the renovation of a portion of the direct care areas themselves. Finishes will be improved, some reconfiguration of space will be undertaken, and lighting will be upgraded in the renovated areas.

Following notification of the award, this office began the process of finding a consultant to assist with the development of construction documents. The firm of Shremshock Architects, Inc. located in Columbus, Ohio was hired for the project. They have completed plans and specifications for the renovation work in Putnam Hall. In order to proceed with implementation, Board of Trustee action is necessary. I have enclosed a resolution with this memorandum for consideration at the Board’s regular meeting of April 18, 1998 which seeks approval of plans and specifications and authority to award construction contracts; provided total bids do not exceed available funds. Your assistance, by taking the resolution to the Board, would be appreciated. I will provide a set of plans and specifications for this project the week of April 13, 1998 for your use at the Board meeting. If I can be of further assistance or provide additional information regarding this matter, please let me know.
WHEREAS, the 121st General Assembly, Regular Session, 1995-1996 has introduced and approved Amended House Bill Number 748, and

WHEREAS, the Amended House Bill Number 748 includes $4,103,593 for basic renovation projects on the Athens Campus, and

WHEREAS, the Ohio University Board of Trustees, at their regular meeting on September 28, 1996, did approve the use of these dollars on a myriad of projects and authorized the selection of a design consultant for each, and

WHEREAS, two of the projects identified were the Convocation Center Fire Alarm System Improvements Project utilizing $250,000 and the Seigfred Hall Fire Alarm System Improvements Project utilizing $125,000, and

WHEREAS, consulting engineers have been hired for both projects and the firms have completed plans and specifications detailing improvements to be made to the fire alarm systems in each facility.

NOW, THEREFORE, BE IT RESOLVED that the Ohio University Board of Trustees does approve the construction documents for the Convocation Center and Seigfred Hall Fire Alarm System Projects.

BE IT FURTHER RESOLVED that the Ohio University Board of Trustees does hereby authorize the advertisement for and receipt of bids for each project, and does empower the President or his designee to accept and award construction contracts on each so long as total bids do not exceed available funding.
April 1, 1998

Dr. Robert Glidden
President
Ohio University
Cutler Hall
Campus

Dear Bob,

John Kotowski has completed the planning required to replace fire alarm systems in the Convocation Center and Seigfred Hall. He is requesting authorization to take bids and award contracts for this work.

I recommend approval.

Sincerely,

Gary North, Vice President for Administration

GN:mm

attachments
Amended House Bill Number 748 contains an appropriation totaling $4,103,593 for basic renovation projects on the Athens Campus. Following discussions on campus and after similar discussion with the Ohio Board of Regents, a recommendation was made to the Board of Trustees at their regular meeting of September 28, 1996 that a number of projects be undertaken with these dollars. Two of the projects approved were the Convocation Center Fire Alarm System Improvements Project and Seigfred Hall Fire Alarm System Improvements Project. Funding approved was $250,000 and $125,000 respectively. Since the approval of these two projects, a consulting engineer has been hired and plans and specifications have been completed.

The work being undertaken on each of these fire alarm system projects is very similar. Essentially, in each case the entire building fire alarm system will be replaced. The equipment in each building was installed when the facilities were constructed and each is now at least 30 years old. Replacement parts are now very difficult to get making maintenance challenging as best. In addition, the old systems do not meet current codes for numbers of pull stations and types of signals. The replacement system will not only provide a more reliable and maintainable system but will meet the current code requirements of legislation such as the American's with Disabilities Act.

I have enclosed a resolution for consideration at the Board of Trustee's regular meeting of April 18, 1998. This resolution seeks the approval of construction documents for both projects and provides authority to receive bids and recommend the award of contracts so long as total bids do not exceed available funds. I would appreciate your assistance with the submission of this resolution to the Board. I will provide you with a set of plans and specifications for each project the week of April 13, 1998 for your use at the Board meeting. If I can be of further assistance or provide additional information regarding this matter, please let me know.
PLAN APPROVAL FOR THE
AMERICANS WITH DISABILITIES ACT (ADA) IMPROVEMENTS,
PHASE TWO PROJECT

RESOLUTION 1998 - 1574

WHEREAS, the 120th and 121st General Assembly, Regular Sessions, introduced and approved Amended Substitute House Bill Number 790 and Amended House Bill Number 748 respectively, and

WHEREAS, Amended Substitute House Bill Number 790 and Amended House Bill Number 748 does make available to the Ohio Board of Regents dollars for ADA improvements at colleges and universities, and

WHEREAS, the Ohio Board of Regents has made available to the University $1,256,546 to be utilized on the Athens Campus for modifications to existing facilities to better accommodate the physically challenged, and

WHEREAS, Ohio University has the support of its ADA Steering Committee to utilize $326,756 for this project, and

WHEREAS, the Ohio University Board of Trustees, at their regular meeting on April 12, 1997, did authorize the hiring of an associate architect for this Project, and

WHEREAS, the firm of RVC Architects, Inc. was hired and they have completed final plans and specifications for this phase two work.

WHEREAS, the four projects are:

1) an elevator to improve access in Templeton Blackburn Auditorium; and
2) entry at the Research and Technology Building; and
3) an entry for Chubb Hall; and,
4) South Green dormitory doors.

NOW, THEREFORE, BE IT RESOLVED that the Ohio University Board of Trustees does approve construction documents for the Americans With Disabilities Improvements, Phase Two Project.

BE IT FURTHER RESOLVED that the Ohio University Board of Trustees does hereby authorize the advertisement for and receipt of bids on this Project, and does empower the President or his designee to accept and award construction contracts provided total bids do not exceed available funds.
April 1, 1998

Dr. Robert Glidden  
President  
Ohio University  
Cutler Hall  
Campus

Dear Bob,

John Kotowski has worked with the (ADA) Americans with Disabilities Act Committee, Bill Smith and me to define a priority list of ADA projects which need to be completed. The two projects recommended by the ADA group are intended to improve access and mobility in the Research and Technology Building and in Memorial Auditorium.

The architectural firm of RVC, Inc. has completed plans for the projects and John is requesting approval to seek bids and award a contract.

I recommend approval.

Sincerely,

[Signature]

Gary North, Vice President for Administration

Amended Substitute House Bill Number 790 makes available a capital appropriation to the Ohio Board of Regents that total $13,750,000 for use on state college and university campuses. The Regents has developed a distribution formula and has transferred $871,063 to Ohio University to help eliminate physical barriers on the Athens Campus. A first phase project was completed about a year ago and utilized $654,795, leaving $216,273 available for this project.

Amended House Bill Number 748 has made another $6,500,000 available to the Regents for state college and university campuses to continue their efforts to eliminate physical barriers. The Ohio Board of Regents made $358,483 of this second appropriation available to Ohio University. This second Regents appropriation will be used by the University for two projects. It has been proposed and supported by the ADA Steering Committee that $275,000 be utilized as a part of the Templeton Blackburn Alumni Memorial Auditorium Project to improve the auditorium's accessibility. The Committee recommended that the remainder, or $110,483 be combined with the $216,273 available from the first appropriation for this phase two project.

The $326,756 that is available will be used to make improvements to the Research and Technology Building (RTCH), Chubb Hall and several residence halls. Included within the scope of work will be an elevator replacement at RTCH, exterior modifications to the entry at Chubb Hall, and South Green dormitory hardware and entry door improvements.

The Board of Trustees did, at their regular meeting of April 12, 1997, authorize the hiring of a consultant for this project. The firm of RVC Architects, Inc. was hired. In order that I may proceed to construction, I have enclosed a resolution for consideration by the Board at their
regular meeting of April 18, 1998 which seeks approval of construction documents and provides authority to receive bids and recommend the award of contracts as long as total bids do not exceed available funding.

I will provide you with a set of plans and specifications the week of April 13, 1998 for your use at the Board meeting. If I can be of further assistance or provide additional information regarding this matter, please let me know.

WHEREAS, Ohio University has recognized the contributions made to the Russ College of Engineering and Technology by Gerald G. Loehr through his vision and leadership in establishing the Robe Leadership Institute, the Gerald G. Loehr Professorship in Engineering Education, and his participation on the Russ College Board of Visitors Major Gifts Committee; and

WHEREAS, Gerald G. Loehr has exhibited an exemplary commitment and service to his alma mater by initiating programs that will forever benefit the students, faculty and staff of the Russ College of Engineering and Technology; and

WHEREAS, the dean, associate deans, assistant dean, and department chairs representing the faculty of the Russ College of Engineering and Technology wish to recognize his many contributions,

NOW THEREFORE, BE IT RESOLVED that the Board of Trustees names Room 189 Stocker Center THE LOEHR LEADERSHIP RESOURCE CENTER in his honor and memory.
DATE: March 10, 1998
TO: Robert Glidden, President
FROM: Sharon Stephens Brehm, Provost
SUBJECT: Loehr Leadership Resource Center

Attached is a letter from Dean Kent Wray requesting that the Board of Trustees approve the naming of Room 189 in Stocker Center in honor of Gerald Loehr, one of the founders of the Robe Leadership Institute. Room 189 houses the literature and resource center for the Robe Leadership Institute in the Russ College.

The proposal was presented to the College’s Executive Council in November and was unanimously endorsed by the department chairs, associate and assistant deans in the College. I, too, support this request and feel it would be a fitting tribute to an outstanding alumus who has worked in concert with the College to advance the academic mission of Ohio University. I encourage the Board of Trustees to approve the request to name Stocker Center Room 189 as the Loehr Leadership Resource Center.

SB/jt
March 5, 1998

Dr. Sharon Brehm
Provost
Ohio University
Cutler Hall
Athens, Ohio

Dear Sharon,

At the November 7, 1997 Executive Council meeting of the Russ College of Engineering and Technology, Dean Emeritus T. Richard Robe proposed that Stocker Center Room 189 be named the Loehr Leadership Resource Center in honor of Gerald Loehr, one of the founders of the Robe Leadership Institute. Room 189 houses the literature and resource center for the Robe Leadership Institute in the Russ College.

Gerry Loehr was a 1952 Industrial Engineering graduate of our college. He had a very celebrated career as an engineer rising to become Vice President of the Ametek Corporation. He served on the College’s Major Gifts Committee during the Third Century Campaign and eventually the Board of Visitors. It was Gerry’s vision and leadership that created the Robe Leadership. Several years before its inception, Gerry discussed the importance of leadership with Dick Robe. When it was announced that Dick would be retiring, Gerry approached Pam Parker to assist in making this idea into a reality and honoring Dick at the same time. In addition to his own financial contribution to fund the Institute, he personally called all the members of the Board of Visitors to solicit their financial support as well. He assisted in developing the guidelines for the Institute.

Gerry had been invited by Dick Robe to visit in the fall of 1997 as one of the speakers to share his vision and his experiences with the students. Unfortunately, Gerry passed away in July, 1997. Although Gerry had the idea for the Institute, he wanted it to be named for Dick Robe to honor his tenure as dean.

The proposal made to the Executive Council in November was unanimously adopted by the department chairs and the associate and assistant deans in the College. This letter is to request your support of this proposal so that the Ohio University Board of Trustees may approve the naming of Room 189, the Loehr Leadership Resource Center.

Sincerely,

Warren K. Wray, Ph.D., P.E.
Dean and Cruse Moss Professor of Engineering Education

November 6, 1997

MEMORANDUM

TO: ENT Executive Council
FROM: Kent Wray
SUBJ: Summary of November 5, 1997 Executive Council (EC) Meeting

The following summarizes actions taken/decisions made at the November 5, 1997 EC meeting.

1. WKW:
   a. Noted the new procedures for requesting/accomplishing changes in facility space.
   b. Distributed copies of the faculty positions being recruited by other OU colleges for next year.
   c. Reminded those department chairs who had not yet done so to submit a conclusion or summary for their respective 7-Year Program Review self-studies not later than the end of the fall quarter.
   d. Reminded Chairs/Directors of the need for brief travel itineraries for international travel to be submitted and approved by the dean prior to performing the travel, and emphasized that the itineraries need not be extensive. Copies of approved itinerary are to be attached to the reimbursement travel voucher when submitted to the Dean for approval signature.
   e. Distributed a copy from an engineering program at another university of a matrix that concisely showed computer applications and usage in the various program courses and suggested that similar matrices be considered when our programs write their ABET self-studies (Vol. II).

2. WKW described a possible pilot project with IBM that would provide laptop computers to all OU students and distributed spread sheet studies that showed several scenarios and their respective costs. Discussion of adopting the proposed plan for ENT was not particularly favorable in discussion. WKW asked each chair to give the proposal an appropriate amount of consideration and to subsequently respond to him with a recommendation so that he could prepare a report to the Provost.

3. Dean Emeritus T. Richard Robe proposed that Stocker Rm 189 be named "Loehr Leadership Resource Center" after Mr. Gerald Loehr. After discussion, the proposal was unanimously adopted. PP to draft the proposal to be submitted to the OU Board of Trustees for approval.

4. Pam Richards presented information and answered questions on the Procurement Card ("P-Card") system being proposed for implementation to replace some of the paper requisitioning now employed. AEC has been asked to serve as a test bed for the P-Card application. Initial reaction to the proposal was favorable.

[NOTE: The scheduled November 19 EC meeting was cancelled.]
WHEREAS, the following individuals have rendered dedicated and outstanding service to Ohio University, and

WHEREAS, their colleagues and deans have recommended action to recognize their service,

THEREFORE, BE IT RESOLVED that emeritus status be awarded to the following individuals upon their retirement:

COLLEGE OF ARTS AND SCIENCES

William Hummon, Professor Emeritus of Biological Sciences
Louise Luckenbill, Associate Professor Emerita of Biological Sciences
Jerome Rovner, Professor Emeritus of Biological Sciences

SSB/jt

Enclosure
February 2, 1998

TO: Sharon S. Brehm, Provost

FR: Leslie A. Flemming, Dean, College of Arts and Sciences

RE: Emeritus Status Nominations

It is my pleasure to support the nominations of twenty-one associate and full professors in the College of Arts and Sciences for emeritus status and one deceased faculty member for posthumous emeritus status.

The Department of Biological Sciences has requested emeritus status for Louise Luckenbill, associate professor; William D. Hummon, professor; and Jerome Rovner, professor. Dr. Luckenbill is noted for her good teaching and is retiring after 20 years at Ohio University. Dr. Hummon has been with the department 27 years providing the strong curriculum behind the marine biology program and maintaining an active research program. During his 30 years on faculty Dr. Rovner has taught the majors’ introductory course and has developed and taught a very popular Tier III course—Biology of Human Social Behavior—for many years, and the focus of his scholarship, the Biology of Spiders.

The Department of English has nine faculty nominated for emeritus status and one posthumous emeritus status nomination: Laurence Bartlett, professor, 28 years; James Davis, professor, 29 years; Ray Fitch, professor, 30 years; Reid Huntley, associate professor, 30 years; Bill Kuhre, associate professor, 30 years; Julia C. Lin, professor, 32 years; Lester Jay Marks, professor, 38 years; Duane Schneider, professor, 30 years; Arvin Wells, professor, 42 years; and posthumously, Frank B. Fieler, professor, 21 years.

Dr. James L. Cobban, associate professor, is my nominee from the Department of Geography. He has 30 years of full-time service at Ohio University.

The Geological Sciences Department has forwarded Dr. Moid U. Ahmad for emeritus consideration. He has been on the university faculty for 29 years.

James G. Chastain has been nominated by the History Department after 31 years of service to the University.
The Department of Mathematics has nominated Howard H. Wicke, professor, 27 years, for emeritus status.

Marie-Claire Wrage, associate professor, Department of Modern Languages, is also nominated for emeritus status. She has taught for 28 years.

The Department of Physics has two faculty nominated for professor emeritus status: Earle R. Hunt, 30 years; and Seung Soo Yun, 31 years.

Joy M. Huntley, assistant professor, 26 years; and Joseph B. Tucker, professor, 33 years are emeritus nominees from the Department of Political Science.

The contributions of these faculty have been immeasurable. Among them they have taught thousands of students and represent more than 650 years of service to Ohio University. In addition, they have all served on countless committees, some have been department chairs, active in the faculty senate, and authors of countless articles and books. I am proud to support their nominations for emeritus status.
TO: Barbara Reeves, Associate Provost

FR: Leslie A. Flemming, Dean

RE: Additional Emeritus Nominations

February 23, 1998

The Department of Psychology recently forwarded three emeritus nominations that I would like to add to the College’s twenty-two nominations forwarded on February 5, 1998.

I support the nominations of Paul Lewis (28 years) and Harry Kotses (27 years) for emeritus nomination. Both men will be electing early retirement. I am also very supportive of the emeritus nomination for Thomas L. Creer (16 years) who has taken full retirement. Attached are the descriptive information and updated cvs for all three Professors. It is a pleasure to recommend them for emeritus status.
March 11, 1998

TO: Sharon S. Brehm, Provost

FR: Leslie A. Flemming, Dean, College of Arts and Sciences /CAF

RE: Additional Emeritus Nomination

It is my pleasure to support the departmental nomination of Dr. Bob J. Walter to emeritus status. Professor Walter has been a member the Department of Geography for 30 years. During that time he has received the Provost’s Special Teaching Award three times and the College of Arts and Sciences’ Outstanding Teaching Award. In addition his publications cover a wide range of geographic topics and he has carried out extensive field research in Africa.

Professor Walters has also served as Director of the African Studies Program and as Director of the Development Studies Program at Ohio University. Throughout his career he has worked with thousands of students and served on numerous departmental and college committees. It is truly a pleasure to support his nomination.

Leslie Flemming, Dean
College of Arts & Sciences
Wilson Hall
Ohio University
Campus

Dear Dean Flemming:

Professor William Hummon retired in June. I am writing to nominate him for Professor Emeritus Status. Dr. Hummon served the students of this department for 27 years. He worked hard to offer a strong marine biology program for our undergraduates during his entire tenure in the department. This is clearly a task made more difficult by the geographical location of Ohio University. However, his commitment to our students was never failing, and he made certain that they not only had a strong curriculum, but that they also had the experience of seeing and collecting specimens in the marine environment as well. In addition, he has been ever the scholar. He maintained an active research program throughout his years as a faculty member, and he intends to actively pursue his research during his retirement.

Sincerely,

Finnie A. Murray

Dear Dean Flemming:

Professor Louise Luckenbill retired in June. I am writing to nominate her for Associate Professor Emerita Status. Dr. Luckenbill served undergraduate, graduate, and medical students many years. She was a devoted faculty member with high personal and academic standards. She taught Gross Anatomy and Neural Systems in OU-COM, and she taught Embryology, Developmental Biology, and Sex Differences and the Brain. Her area of scholarship is in development of cell surface markers and adhesion molecules in the nervous system, and in the past several years, she has lead an interdisciplinary study on gender differences in persistence in pursuit of admission to medical school. She is a very good teacher, and she will continue to actively pursue her research during her retirement.

Sincerely,

Finnie A. Murray

Dean Leslie Flemming  
College of Arts and Sciences  
Wilson Hall

Dear Dean Flemming:

The English Department wishes to recommend that the Emeritus status be conferred upon Professor Laurence Bartlett, who will have at the time of his retirement in June 1998, completed 28 years of service to the Department, College, and University.

Consistently one of the Department's outstanding teachers, Professor Bartlett has been a tutor and/or the director of the Honors Tutorial Program for at least 16 years. He has been an active scholar, giving papers, attending conferences, writing articles, and publishing two bibliographies on William Congreve. Although Professor Bartlett has contributed significantly to the governance of the Department, perhaps his greatest contribution has been in formulating and putting into operation the Tutorial Program in the early 70s, thus offering many students an alternative form of education.

Outside the University, Professor Bartlett has been an actor in South East Ohio Summer Theater productions.

If I can provide you with further information pertinent to the conferment of Emeritus status upon Laurence Bartlett, please let me know.

Respectfully,

Betty P. Pytlik, Chair

JAN 26 1999
January 23, 1998

Dean Leslie Flemming
College of Arts and Sciences
Wilson Hall

Dear Dean Flemming:

The English Department wishes to recommend that the Emeritus status be conferred upon Professor James Davis, who had at the time of his retirement in June, 1997, completed 28 years of meritorious service to the Department, College, and University.

Professor Davis's contributions to the Department have been numerous: Jim served on many committees including the Scholarship Committee, acted as liaison to the College of Education during most of his 28 years at Ohio University, and brought much recognition to the University through his regional, state, national, and even international activities.

Every year Jim Davis was identified by his colleagues as one of the highest ranking teachers in the Department. His research in such areas as intellectual freedom and the teaching of English, young adult literature, composition, teaching Shakespeare, methodology, and the profession resulted in over 300 article, several hundred presentations, and four books. At one time or another he served on every committee in the department and as department chair for five years. The year before he retired, Jim received the Class of 1950 Outstanding Teacher Award for his distinguished contributions.

Over his 28 years at the University, he held practically every office in regional, state, and national professional organizations, edited the Ohio English Journal for three years and FOCUS: Teaching English Language Arts for sixteen years. She served as President of the Southeastern Ohio Council of Teachers of English (SOCTE), the Ohio Council of Teachers of English (OCTELA) the College English Association of Ohio, and the National Council of Teachers of English (NCTE). Both SOCTE and OCTELA awarded him distinguished service medals.

If I can provide you with further information pertinent to the conferment of Emeritus status upon James Davis, please let me know.

Respectfully,

Betty P. Pytlik, Chair

Dear Dean Flemming:

The English Department wishes to recommend that the Emeritus status be conferred upon Professor Raymond Fitch, who had at the time of his retirement in June 1992, completed 25 years of full-time service to the Department, College, and University.

Professor Fitch's contribution to the teaching mission of the Department and the governance of the Department was outstanding: he created a Tier 111 course on contemporary myth and developed innovative graduate seminars emphasizing the diversity of critical theory. He served on most of the important Departmental committees during his tenure at Ohio University and was graduate director for 1978 until 1982. His book on Ruskin, *The Poisoned Sky* (1982), received state (College English Association of Ohio) and National (Modern Language Association) recognition. His edition of Harman Blennerhassett's prison journal, *Breaking with Burr* (1988), was prepared in collaboration with the Blennerhassett Historical Park Commission of West Virginia.

If I can provide you with further information pertinent to the conferment of Emeritus status upon Raymond Fitch, please let me know.

Respectfully,

Betty P. Pytlik, Chair

Dear Dean Flemming:

The English Department wishes to recommend that the Emeritus status be conferred upon Professor Reid Huntley, who will have completed 30 years of service to the Department, College, and University in June, 1998.

Reid Huntley's service to the Department has included successful undergraduate teaching, resulting in his having twice been selected as University Professor. He has published many articles and given over one hundred presentations, often on Thomas Wolfe, film and literature, and Jungian psychology and literature. He taught as a Fulbright Visiting Professor in India (resulting in his being the external reader for five dissertations on literature at universities in India each year for over twenty years), at Chautauqua Institution in New York, and at Maharishi International University in Iowa.

He is an active member of Athens Friends of International Students and the Athens Camera Club in addition to being an active Presbyterian minister, counseling, delivering sermons, conducting study groups, weddings, and funerals.

If I can provide you with further information pertinent to the conferment of Emeritus status upon Reid Huntley, please let me know.

Respectfully,

Dear Dean Flemming:

The English Department wishes to recommend that the Emeritus status be conferred upon Professor William Kuhre, who had at the time of his retirement in March, 1997, completed 30 years of service to the Department, College, and University.

Professor Kuhre's contribution to the undergraduate teaching mission of the Department was outstanding, and he was active on the Undergraduate Committee under three Department chairs, participating in two major curriculum revisions. For many years, he served on the Complaints and Grievances and Media Committees, and he advised the undergraduate magazine *Sphere*.

For years, Bill has been active in the religious community of Athens, including being a board member of United Campus Ministry.

If I can provide you with further information pertinent to the conferment of Emeritus status upon William Kuhre, please let me know.

Dear Dean Flemming:

The English Department wishes to recommend that the Emeritus status be conferred upon Professor Julia Lin, who had at the time of her retirement in December, 1997, completed 32 years of service to the Department, College, and University. Professor Lin has had emeritus privileges through the emeritus status of her late husband, Dean Henry Lin. The Department wishes Julia to be recognized for her own many contributions to the University, in particular to her scholarship in Asian literature.

Professor Lin's contribution to the undergraduate teaching mission of the Department was both unique and outstanding. She started the Chinese language program and the teaching of Asian literature at Ohio University. She developed and regularly taught a three-course series on Oriental Literature and colloquia on Chinese classical poetry, women in Oriental Literature, treatments of the courtesan in Oriental Literature, Oriental theater, Oriental lyric poetry, and love and violence in Japanese and Chinese literature. In addition, she regularly taught Great Books of the Orient, a three-course sequence in the Humanities series.

Professor Lin's scholarly work earned her Department's two Ohio University Research Awards, the Baker Award and fellowships from the American Learned Society and Social Sciences and the National Endowment's Younger Humanist Fellowship. She published two critical books on modern Chinese poetry and one anthology of Chinese women's poetry. A second anthology of poetry is ready for publication.

Throughout the administrations of Presidents Baker, Alden, and Ping, Julia entertained Asian visitors and students, attended ceremonial dinners, and hosted guests and visiting scholars. She also helped Chinese students get settled on campus.

If I can provide you with further information pertinent to the conferment of Emeritus status upon Julia Lin, please let me know.

Dear Dean Flemming:

The English Department wishes to recommend that the Emeritus status be conferred upon Professor Lester Marks, who has completed 38 years of service to the Department, College, and University.

Professor Marks's service to the Department has included successful teaching at both the undergraduate and graduate levels (including the first Black Writers courses), the direction of six dissertations, and one of the first Tier 111 courses.

His service to the University has been outstanding. Among his accomplishments are three Fulbright Professorships to Norway and the establishment of faculty exchanges with the Universities of Trondheim, Tromso, and Odense. He was a Faculty Senator for ten years, and the University's first and third ombudsman. He also established and chaired the Max Foundation Visiting Lecture series, which brought to campus such guests as Senator Howard Metzenbaum and Elie Wiesel.

Professor Marks's broader service includes State Department Lecture Tours in American Literature (to Scandanavia), National and International Conflict Resolution activities (through the ombudsman'ship), membership on the Board of Directors of the Hillel Foundation and the Anti-Defamation League Regional Advisory Board (Ohio/Kentucky/Indiana).

If I can provide you with further information pertinent to the conferment of Emeritus status upon Lester Marks, please let me know.

Dear Dean Flemming:

The English Department wishes to recommend that the Emeritus status be conferred posthumously upon Professor Frank B. (Bernie) Fieler, who, until his death in 1981, had served the Department, College, and University for 21 years.

Frank Fieler (Bernie) died of a heart attack in May of 1981. An earlier attack had forced him to resign as chair of the English Department, a position he held from 1971-1974—difficult years when Ohio University was besieged by financial crisis and consequent faculty terminations. He served as director of English graduate studies in happier times from 1967-1968, a period of growth for the graduate program.

Fieler was a specialist in Renaissance literature, author of books and articles on Christopher Marlowe, Barnabe Googe, John Webster and Ben Johnson, and several bibliographical studies. He also served as a bibliographical consultant to the Variorum Chaucer project of the University of Oklahoma Press. In addition to graduate courses in Renaissance literature, he taught the demanding bibliography and methods course and created a course in the history of books and printing.

Bernie served the university in numerous ways—on faculty Senate, the Graduate Council, the Intercollegiate Athletic Committee, and as treasurer, vice president, and president of Phi Beta Kappa. But his service to the Ohio University library was truly exceptional. Chair of the Library Committee from 1979 until his death, he began performing special bibliographical, cataloging, and acquisition services for the library in 1966 and was given the title University Bibliographer in 1971. He was instrumental in the acquisition of the personal library of Edmund Blunden and the Ohio University library’s millionth volume in 1979. A founder of the Friends of the Library, he was also the first editor of its newsletter Gatherings. As Gary Hunt said at the time of Professor Fieler’s death, “Bernie was a mountain of support for the library.”

If I can provide you with further information pertinent to the conferment of Emeritus status upon Bernie Fieler, please let me know.

Respectfully,

9/96
January 19, 1998

Dear Leslie:

Our colleague, Dr. James L. Cobban, has sent me a letter to notify me of his intention to retire at the end of the current academic year. This means that Jim will retire fully as of July 1, 1998.

Jim has asked that he be granted emeritus status. It is with enthusiasm that my colleagues and I support this notion. At the time of retirement, Jim will have completed thirty years of work in the Department of Geography at Ohio University. He has taught numerous courses in the department during his tenure at Ohio University, served on practically every departmental committee at some time and chaired several of those committees throughout the years. His research record is solid and shows that he has written numerous articles dealing with Asian urbanization as well as a number of articles and book chapters on urbanization and urban planning in Indonesia. Jim conducted extensive field work in Indonesia and even learned Bahasa Indonesian to facilitate the use of original documents.

Outside the department of geography, Jim served twice as the Director of the Center for Southeast Asian Studies at Ohio University. He also was the editor of the Monographs in International Studies for seven years and the map consultant for ten years. Jim also served a three-year term on the Board of the Ohio Planning Conference (a division of the American Planning Association) as THE member representing Southeast Ohio. He was also involved in organizing local meetings regarding planning. Jim is also a past president of the Southeast Asia Specialty Group, Southeast Asia section, of the American Association of Geographers.

There are other accomplishments and honors that could be included in the above list. However, this should suffice except that the faculty of the Department of Geography unanimously supports my recommendation that Jim Cobban be given emeritus status.

Sincerely yours,

H. Hugh L. Bloemer, Chairperson

March 11, 1998

Dr. Leslie Flemming, Dean
College of Arts and Sciences
Ohio University
Athens, Ohio 45701

Dear Leslie:

Our colleague, Dr. Bob J. Walter, has sent me a letter to notify me of his intention to take early retirement at the end of the current academic year.

Bob asked that he be granted emeritus status. It is with enthusiasm that my colleagues and I support this request. At the time of retirement, Bob will have been a faculty member at Ohio University for 30 years. During that time he has taught a great variety of courses and was nominated twice as the outstanding graduate faculty. He received the Provost’s Special Teaching Award three times and received the College of Arts and Sciences’ Teaching Award.

In terms of committee work, nobody in the department has been more active than Bob. He has participated on every departmental committee throughout his career at Ohio University and chaired most of them at some time. His commitment to committee assignments has been exemplary.

Bob has an outstanding research record. The publications cover a wide range of geographic topics and his success in securing external research funds is the envy of many colleagues. He has carried out extensive field research in Africa, especially Kenya. Bob also has extensive experience in Central and South America. His approach to the profession of geography has been holistic and he has lived the ideal life of a geographer.

Outside the Department of Geography, Bob served as Director of the African Studies program at Ohio University from 1978 through 1983. He worked at the United States Agency for International Development from 1983 through 1986; Director of the Development Studies Program at Ohio University from 1989 through 1997. His curriculum vitae addresses numerous similar accomplishments during his thirty year tenure at Ohio University.

It is without hesitation that the faculty members of the Department of Geography unanimously support Bob’s request for emeritus and it is with pleasure that I add my support as well. Bob’s decision to retire is a great loss to the Department of Geography and his absence will be felt throughout the university.

Sincerely yours,

H. Hugh L. Bloemer

University of Wisconsin: Geography & African Studies

M.S. 1965
University of Wisconsin: Geography

B.S. 1961
Southern Illinois University: Education

III. Experience

A. Teaching

Teaching Assistant, Department of Geography, Southern Illinois University, 1961-62.

Teaching Assistant, Department of Geography, University of Wisconsin. 1962-63.

Assistant Professor, Department of Geography, Ohio University, 1968-70.

Visiting Assistant Professor, Department of Geography, University of Florida, 1970-71.
Assistant Professor, Department of Geography, Ohio University, 1971-72.
Associate Professor, Department of Geography, Ohio University, 1972-79.
Professor, Department of Geography, Ohio University, 1979-present.

B. Administrative

Acting Chair, Department of Geography, College of Arts and Sciences, Summers of 1996, 1995, 1994 (various length periods of two to four weeks).
**Major responsibilities** were to maintain the operations of the department, to resolve any problems or issues which arose, and to meet all deadlines that occurred during the period when acting. Two new faculty members and one new temporary faculty arrived in the department during these periods.

Acting Vice Provost for International Programs and Director of Center for International Studies, Ohio University, October 18-November 1, 1995; October 1-15, 1994, and March 20-July 6, 1994.
**Major responsibilities** are to maintain the operations of the Center as Director and fulfill the responsibilities of the Vice Provost while the current Vice Provost is traveling and/or on leave.

**Major responsibilities** are to operate a multidisciplinary graduate program with a total enrollment of thirty-three students and the successful completion of their degrees, supervision and management of graduate assistants, student advising, interdepartmental coordination, and other routine administrative matters in the last year of the program. It is being phased out at the end of this year.

**Major responsibilities** were to manage a development portfolio of approximately ten million dollars annually, reorganize the technical division of the company, develop new policies and procedures to achieve greater efficiencies of management, train and supervise the technical personnel of the division through the transition, and reposition the technical capacities of the company to be more competitive in the international development arena.
Director, Development Studies Program, Ohio University, 1989-present.

Major responsibilities are to operate a multidisciplinary graduate program with an average enrollment of forty-five students to the completion of their degrees; activities include budgeting, interdepartmental coordination, program planning and development, supervision and management of graduate assistants, development and supervision of a large number of internships, liaison and coordination with development agencies and institutions, student advising, teaching of the core classes (total of four) for the program, and fund raising.

Secretary/Treasurer, The Oriskany Institute, Athens, Ohio, 1987-present.

Major responsibilities are to operate the home office, sign all contracts, pay all expenses, assure that records are accurate and complete, fulfill all governmental regulations (taxes, reporting, & contracts for a not-for-profit organization), and schedule and coordinate all meetings for the Institute.

Major Responsibilities were to develop a forty million dollar program for addressing the fragile lands of Latin America and the Caribbean (LAC) with three Offices in the Bureau of Science and Technology, two Divisions in the LAC Regional Bureau, and the thirteen missions in LAC and to develop a project (Development Strategies for Fragile Lands - DESFIL) to assist in carrying out the program. Assignment complete in late 1985 with formal approval of the program/project and an appointment of a project officer.

Major responsibilities were to manage a ten million dollar research project (implemented through Clark University and the Institute for Development Anthropology, SUNY-Binghamton), serve as the Agency's Geographer, provide the Agency with guidance on spatial and natural resource issues and policies, participate in evaluations and case studies, serve as the Deputy Division Chief (supervising other personnel), serve as Acting Division Chief and Acting Office Director (in short-term capacities), advise the Agency of African issues provide reviews for Agency documents, and assist in analysis and design of region-based programs and projects in rural development.
Director, African Studies Program, Ohio University, 1978-83. **Major responsibilities** were to operate a multidisciplinary graduate program with an average enrollment of thirty graduate students to the completion of their degrees; activities include budgeting, interdepartmental coordination, program planning, supervision and management of graduate assistants, student advising, coordination with other African Studies programs at other institutions, and cultural event programming.

Chair, Department of Geography, Ohio University, 1974-78. **Major responsibilities** were to manage an eight person department with an average of twenty graduate students and forty undergraduate students; activities include budgeting, scheduling classes, personnel management, curriculum development, space planning and development, student supervision, time management, coordination and supervision promotion and tenure for all faculty of department, and service on all departmental committees.

C. Professional Experience

2/95-5/95 Natural Resource Management Specialist. **Member of a four person team** to develop recommendations to the Agency for International Development on ways to incorporate risk in their natural resources planning and program/project development, within a reengineered USAID. **Participated in a workshop to present the ideas, and co-wrote the set of recommendations to the Agency. Client: AID/AFR/SD/PSGE**

6/94-8/94 Geographer/African Specialist. **Member of a multidisciplinary team** to evaluate the Policy, Analysis, Research, and Technical Services (PARTS) project. **Conducted an analysis of one of the project units, wrote the management section of the evaluation, and edited the technical issues section. Client: AID/AFR/ARTS/FARA.**

7/93-1/94 Project Development Specialist. **Team leader for a redesign and extension of the Sahel Water Data and Management (SWDM) project. This Phase III Amendment was to extend the project through April, 1997 and raise the expenditure level by 11 million. Had responsibility for the overall redesign and wrote the extension, except for the financial analysis. Client: AID/AFR/SWA.**

3/93-5/93 Geographer/African Specialist. **Member of a multidisciplinary team** to redesign the Famine Early Warning System (FEWS) project. **Primary assignment was to write the technical annex (data, methodological, and technical issues), the social soundness analysis, and the institutional analysis of the Project Paper. Assisted with**
the budget, monitoring and evaluation, implementation, and expected achievements. Client: AID/AFR/ARTS/FARA.

**9/92-2/93**

Geographer/African Specialist. Member of a multidisciplinary team to redesign the Famine Early Warning System (FEWS) project. Primary assignment was to write the social considerations and the data, methodological, and technical issues sections of the Project Identification Document. Assisted with the budget, implementation arrangement, and the expected achievements portions. Client: AID/AFR/ARTS/FARA.

**8/90-2/91**

Institutional Development Specialist. As team coordinator, conducted a study of improved produce, cash crop and specialty products, and other commodity marketing in Africa. The four reports included a rapid assessment of crops which have agribusiness potential for each of forty-three countries in Africa South of the Sahara (with a computer database); a specialized study of passion fruit in Kenya; a strategy, design, and marketing study in three countries; and an analysis of new U.S. legislation which creates opportunities for products in Africa. Client: AID/AFR/MDI.

**8/89-12/90**

Natural Resources Management Specialist. As a part of a team, participated in field research in Kenya to examine the soil moisture and fertility aspects of the *fanya juu* terracing method, analyze its resource management strategies, and identify the social/organizational needs to maintain the terraces. Client: AID/ST/RD.

**12/86-12/90**

Social Science Advisor. Acted as advisor on social science issues to the Social Science Interface Research Unit (SSIRU) of the International Centre for Insect Physiology and Ecology (ICIPE) in Nairobi. Assisted in recruiting a social scientist, developing a research agenda, and integrating his research into the four biological research thrusts of ICIPE. Client: AID/ST/RD & REDSO/ESA.

[Note: There are a total of over ten additional professional experiences that I have had since I began my "career" in development. They are similar in nature to the eight above. I have not included them in order to shorten the vitae. I can provide these if there is interest.]

**IV. Selected Publications**

V. Selected Grants

1994 Rufus Putnam Visiting Professor, Ohio University, $9300.

1994 Governor’s Office on Appalachia, State of Ohio, $25,000. (Written with Rural Action)

1993 1804 Program, Ohio University, $25,000.

1993 The Teaching Fund, Ohio University, $1,000.

1993 Provost Pool for Summer Teaching, Ohio University, $5,290.

1992 UPAC, Ohio University, $18,000.

[Note: The grants listed above relate to my service period as Director of the Development Studies Program. In addition to these grants, I have a total of twelve which cover the years of 1968 to 1986. Since 1986, much of my research has been funded under USAID sponsorship, and is not in the form of grants.]
VI. Selected Workshops and Professional Presentations

1995 Summer Institute on Teaching About Africa and African Perspectives, OU/OSU African Studies Programs, Columbus, June 16.

1991 Presenter, Tropical Deforestation Conference, Ohio University, February 1.

[Note: I have participated, on the average, in about two panels, workshops, or seminars a year since 1986. Between that date and 1983, when I was working for the Agency for International Development, I would make on the average, a presentation a month. I have not sought to detail the professional activities prior to 1983, but can provide these if requested.]

VII. Other Professional Positions

1979-82 Member, Executive Board, National Council for Geographic Education

1979-82 Member, Educational Development Committee, National Council for Geographic Education.
1979-80 Member, Long Range Planning Committee, National Council for Geographic Education.

1974-78 Member, Committee on College Geography, Association of American Geographers.

VIII. Teaching Recognition

1994 Outstanding Teaching Award, College of Arts and Sciences, Ohio University.

1993 Nominee, Outstanding Graduate Professor, Ohio University.

1991 Nominee, Outstanding Graduate Professor, Ohio University.

IX. Countries of Field Experience

2. Latin America and the Caribbean - Belize, Guatemala, Jamaica, Haiti, Dominican Republic, Venezuela, Peru, St. Kitts, Costa Rica, Mexico.

From: Damian Nance, Chair, Department of Geological Sciences
Date: 3 September, 1997.
Subject: Emeritus Status for Dr. Moid Ahmad

At the unanimous request of the department's Promotion and Tenure Committee, it is my great pleasure to nominate Dr. Moid U. Ahmad for the status of Emeritus Professor of Geological Sciences upon his retirement from the University at the end of this academic year. As the attached written deliberations of the Department's P&T committee confirm, Dr. Ahmad has had a long and distinguished career at Ohio University and is justly deserving of the special recognition inherent in the award of Emeritus status.

Upon his retirement, Dr. Ahmad will have served the University for 29 years; he will have advised an unprecedented number of graduate students, many of whom have gone on to highly successful careers in the Earth Sciences; he will have been instrumental in setting up the Department's Hydrology Program and Field Hydrology Workshop, both of which have enjoyed national and international reputations; he will have had a successful, if sometimes controversial, record of research; and will have served freely the university, the city and the state.

Dr. Ahmad has therefore earned the special recognition conferred with Emeritus status in all five areas upon which such a judgement is based; length of service, quality of teaching, quality of research, contribution to the University, and services to society. I wholly concur with the committee's conclusion that Dr. Ahmad's service to the educational mission of the University fully justifies the courtesy of the award of Emeritus status.
To: Damian Nance, Chair, Dept. of Geological Sciences

From: Geoffrey Smith, Chair, Departmental P&T Committee

Date: April 7, 1997

Subject: Emeritus Status for Dr. Moid Ahmad

The following is a summary of considerations in support of the recommendation to award the title of Emeritus Professor to Dr. Moid U. Ahmad, upon the occasion of his retirement from the University.

Dr. Ahmad - Emeritus Status

1. Length of Service

At the end of next year (AY 1997-98), Dr. Ahmad will have served at Ohio University for 29 years.

2. Teaching

Dr. Ahmad has developed a comprehensive hydrogeology program that has served both undergraduates (Water Resources major) and graduate students. The program was one of the first in Ohio, and became one of the few strong such programs in the country. Hydrogeology graduates number in the hundreds, and have been uniquely successful in gaining admission to other graduate programs, or, more generally, in gaining employment in their specific field of study. Several of the graduates rank among the best that we have served, and some are among the most successful. It is worth noting that the graduate program in hydrogeology was recognized both nationally and internationally, and attracted students from a diverse international population. Several of the international students have become major influences in foreign government positions. Finally, it is significant that for many years the hydrogeology program was the graduate program in geological sciences.

The Field Hydrology Workshop likewise has a reputation that is national, if not international.
It has always been recognized as one of few, and among the best, of the hydrology workshops in the country.

Dr. Ahmad’s teaching style has always been unconventional. Nonetheless, it is difficult to argue with the success of his students. It is also the case that his students speak highly of Dr. Ahmad, particularly after they have graduated and become part of the hydrology work force. He has a strong and loyal following among his students. Dr. Ahmad is the only person in the department who has ever received the award of Outstanding Graduate Faculty. He has also been nominated for the award more than any other person in the department.

3. Research

Dr. Ahmad’s research has also been unconventional. Yet he has presented papers and attended any number of professional meetings, without break, for his entire tenure at Ohio University. Several of these papers have been invited, and many have been presented to an international audience. The subjects of his presentations are broad ranging and often controversial. That has been the case since he arrived at Ohio University.

His early research, particularly that involving modeling and well field design in arid regions (Kuwait, Libya, Sudan, etc.), was groundbreaking at the time and, at least in part, remains a standard for workers in arid region hydrology. More recently, Dr. Ahmad has become involved in more local problems (while maintaining some of his international interests). He has been very much involved in modeling the Athens well field for both groundwater flow and pollutant transport. He has been instrumental in the development of the well head protection project, and has received significant funding for graduate student research in this venture.

While Dr. Ahmad may not be able to point to a long list of “conventional” publications in refereed journals, he has an extensive list of abstracts, and his work, however presented, has always been noteworthy. He has been unselfish in his willingness to work with, and to publish with, his students, and was among the first to require his students to publish (at least as abstracts) the results of their thesis research.

Dr. Ahmad’s record of funding is diverse. During his early years, he satisfied himself with getting support through political means rather than through grant proposals. He was quite successful in this regard, and certainly was able to maintain his research program and to support graduate student research, and even managed to acquire significant equipment (such as a drill rig). Recently, he has parlayed his involvement with the City/County into a string of worthy grants. Indeed, Dr. Ahmad has been as successful as anyone in the department in getting support for his work.

4. Service

Dr. Ahmad served for the better part of two full terms as chair of the department, and is the only person since Dr. Sturgeon to have lasted more than a single term as chair. The department benefitted a great deal from his leadership, particularly while Dorrill was dean.
Dr. Ahmad has always served willingly and, while he has not been particularly politically involved, but he has served in an advisory capacity to the president of the university, and to a variety of vice presidents.

Outside of the university, Dr. Ahmad has been actively involved, often without compensation, in service to the city, the county, and the state in matters that range from water resources and water pollution to acid mine drainage and slope stability problems. His advice is often sought by people outside of the university, and it is generally given freely.

5. Recognition and Honors

In addition to his Outstanding Graduate Faculty award, Dr. Ahmad has received a number of citations from the private sector, the most recent of which were his election to the Advisory Board of UNESCO's Great Man-Made River Project in Paris, France, in 1990, and a Significant Technical Achievement Award from the International Technology Corporation in 1993.

In conclusion, it is clear that Dr. Ahmad has given a great deal of himself to the department and to the university. There is no one since Sturgeon whose name has been so directly tied to the reputation and the status of the department. It is the unanimous view of the committee that Dr. Ahmad has provided a real service to the educational mission of the university, and on that basis alone, should be provided the courtesy of emeritus status.
April 8, 1997

To: Damian Nance, Chair, Department of Geological Sciences

From: G. Smith, Chair, P&T Committee

The departmental P&T committee met on April 8, 1997 to discuss the issue of emeritus status for Dr. Moid Ahmad. The vote of the committee was unanimously in favor of awarding emeritus status to Dr. Ahmad, effective upon his retirement.

14 January 1998

TO: Leslie A. Flemming, Dean, Arts and Sciences
FROM: Bruce E. Steiner, Chair, History
SUBJECT: Nomination of James G. Chastain for Emeritus Status

It gives me great pleasure to nominate for emeritus status James G. Chastain, Professor of History.

Jim joined us in 1967, following studies at Harvard, the University of Munich, and the University of Oklahoma, from the last of which he received the Ph.D degree. His arrival produced a much-needed fleshing out of our offerings in French and German history; the nineteenth- and twentieth-century courses in these areas are, essentially, the ones he early crafted and taught for decades. In the classroom, he displayed an enthusiasm of voice and general manner which impressed even the least interested enrollee.

Jim's chief area of research—the 1848 revolutions on the European continent—produced a 1988 book, THE LIBERATION OF SOVEREIGN PEOPLES: THE FRENCH FOREIGN POLICY OF 1848, which won wide and (largely) favorable notice in the relevant journals of our discipline. This achievement produced his election to the council of the Western Society for French History, a major organization which, its name notwithstanding, is nationwide in its membership. More recently, he has focused on producing AN ENCYCLOPEDIA OF THE 1848 REVOLUTIONS. This compilation, much enriched by Communism's collapse and the resulting freedom of East European specialists to contribute articles, now is available on an Ohio University website and is being continually enlarged and revised.

James G. Chastain has influenced the life of the History Department in these and other ways. He is well deserving of emeritus status.
RECOMMENDATION FOR EMERITUS STATUS FOR
PROFESSOR HOWARD H. WICKE

I am pleased to recommend that Professor Howard H. Wickie be conferred Emeritus Status. Professor Wickie retired from the Department of Mathematics in July of 1997, having completed 27 years of service to the University.

Professor Wickie, who earned the Ph.D. in Mathematics from University of Iowa, joined our department after serving in the U.S. Navy during the years 1943-1946 and having been an Assistant Professor at Lehigh University and an Applied Mathematics Supervisor at Sandia National Laboratories. Professor Wickie was extremely important to the department in the establishment of our Ph.D. program and in building a world-class center for the study of Point Set Topology at Ohio University.

He has written in excess of thirty seven papers on Point Set Topology which were published in top journals for this discipline. Furthermore, he continues to be active in research, his latest paper Not all realcompact spaces are ultrapure has recently been accepted by the journal Topology and Applications to be published in 1998. He also supervised a total of eight doctoral dissertations during his tenure at Ohio University.

Professor Wickie is a popular teacher at all levels and a speaker who is highly in demand at meetings on his research subject. He has traveled all over the world representing Ohio University.

Upon announcement of his retirement, his colleagues in the area of Topology organized a mini-conference that attracted experts from all over the United States as well as a former Ph. D. student from Korea to gather in Athens and discuss the latest developments in this interesting area of Mathematics. The presentations from the leaders in the field emphasized the deep impact that Howard Wickie and Ohio University have had in the development of Point Set Topology during the twentieth century.

I am happy to recommend Professor Wickie for emeritus status. My recommendation echoes the unanimous vote of the departmental Promotion and Tenure committee.

Sincerely,

Sergio R. López-Permouth,
Professor and Chairman

TOTAL P.02
Attached please find a recommendation that Marie-Claire Wragge be granted emerita status this year. The department’s advisory committee voted unanimously to make such a recommendation when Marie-Claire took early retirement at the end of last academic year.
Date:    July 28, 1997

To:      Mary Jane Kelley, Chair, Modern Languages

From:    Lois Vines, Professor of French

Re:      Emerita Recommendation for Marie-Claire Wrage

I am very pleased to nominate Marie-Claire Wrage for emerita status. In order for a recommendation to be approved, according to the Faculty Handbook, it is necessary to demonstrate that "some special recognition has been earned." Of the five factors of eligibility listed in the handbook, I will base my recommendation of the following three: length of service, quality of teaching, and services to the University and beyond.

Marie-Claire Wrage has taught French at Ohio University from 1969 to her early retirement in the fall of 1997. She has taught a full range of courses, from beginning French to graduate level. As a native speaker of French, she did an excellent job teaching the Modern Usage and Stylistics courses at the graduate and undergraduate levels. She made important contributions to the education of undergraduate and graduate French majors by teaching the introduction to literature courses and her specialty, sixteenth-century French literature. Students have stayed in contact with her over the years and express their appreciation for the learning experiences they had in her classes.

Marie-Claire's directorship of our French study abroad program has been crucial to the enrollments in French at the higher levels. Her devotion and competence in directing or co-directing the program fifteen times between 1975 and 1996 are without equal in the French section. She has affected in a very positive way the lives and education of many O.U. students who were able to broaden their college experience by going abroad under her guidance.

Both within the department and in the community, Marie-Claire has supported a number of projects that help promote the study of foreign languages and French in particular. For the past twenty years, she has helped with the annual Language Fair for high school students and has been a strong supporter of the Ohio Valley Foreign Language Alliance. At meetings of this group, she is always there to encourage former students who have gone on to become high school teachers. Marie-Claire was one of the founding members and a faithful participant over the past twenty years of La Causerie, a group of French-speaking members of the community who get together once a month to speak the language and learn more about French culture.

Marie-Claire has always been very generous with her time in helping students and colleagues who have questions about France and other related topics. She has been a true educator, both in and outside the classroom. I highly recommend her for professor emerita status.

Dr Earle R. Hunt; Recommendation for Emeritus Status

Dr Earle Hunt (Ph.D. 1962, Rutgers University) came to Ohio University in 1967 as an Associate Professor having been previously Assistant Professor at Duke University. He was promoted to Professor in 1975. While at Ohio University he has held visiting positions at the University of Florida, Northwestern University, and Cornell University.

Dr Hunt is a widely renowned expert on controlling chaos especially in electronic circuits. His activity in this field dates from about 1981, and indeed he was one of the pioneers in the subject which came to life about that time. Previously he was well known for his work on nuclear magnetic resonance (NMR) at low temperatures in which he performed some of the most sensitive measurements ever made, using NMR spectrometers of his own design and construction. He has also made many interesting studies with the scanning tunneling microscope at Ohio University. His work has been supported by the Office of Naval Research ($250,000 to date) and indeed continues to be supported since he is maintaining his research program while early retired. He has many publications in the most prestigious journals in Physics and Engineering, he has guided the research of twelve successful doctoral students, and responded to countless invitations to present his work. His chaos show was a staple for all departmental visitors.

He has taught a wide spectrum of courses throughout the Department, but will be best remembered by countless students, both graduate and undergraduate, as the teacher of our electronics laboratories. Here through several decades, and through innumerable technological changes, he nurtured in his students enthusiasm for his beloved circuits. This was a course all his own, without text, without limits, for which there was nothing comparable.

Dr Hunt has always assumed his share of work in the department and has at some time been on very nearly every standing committee and chaired many of them, including service as the graduate chair. His technical skills and good humor have always earned him the respect of our electronics engineers and machinists in the department, and here he has provided valuable service in helping keep the design shops running smoothly and fairly in the face of many demands on their time.

9/96
Dr Yun (Ph.D. Brown University 1959) came to Ohio University in Fall 1966 as Assistant Professor of Physics, was promoted to Associate Professor in 1970, and promoted to Full Professor in 1987. He is a recognized expert in the area of physical acoustics, an established member of the Acoustical Society of America with many publications in the journal of that Society and also in the Journal of Chemical Physics. While at Ohio University he has held several visiting appointments (John Carroll, Seoul, Wright-Paterson, Chubu) and consulting positions (Lockheed Corp., Wright-Paterson A.F.B., Calgon Corp.).

His teaching has been of high quality and aside from his own field he has concentrated lately on General and Introductory Physics and most especially on Introductory Astronomy and the other Physical Science Courses The Physical World and Color, Light and Sound. His devotion to these lowly courses comes from his very real desire to give service to the Department where it is most needed and to serve the students of the University. He has always had a consistently active research program in which his graduate students took a very active part. He has been research supervisor for six successful doctoral students and many more masters-level students.

Dr Yun has served the Department in many different capacities in the thirty one years he has been here and has assumed his share of the administrative responsibilities. He has played a very important part in Ohio’s sister relationship with Chubu University, partly because, although a native Korean, he is fluent in Japanese, and partly because of his good personal relations with the staff in that Institution.

Dr Yun’s most outstanding service has undoubtedly been as adviser to the Korean students and their families, and in an unofficial capacity to the Korean community on the staff of the University and within the city. The Korean community has been struck by a disproportionate number of tragedies over the years he has been here and Dr Yun’s file is filled with expressions of gratitude for his service as communicator, diplomat, compassionate guide, and sympathetic friend.

Nomination of Joy M. Huntley for Emerita Status

The Department of Political Science is pleased to recommend Professor Joy M. Huntley for Emerita status. In many ways she was a pioneer and an innovator during her twenty-six years of service at Ohio University and the members of the department feel that she fully deserves this recognition of her accomplishments.

Professor Huntley received her B.A. in philosophy from Ohio Wesleyan University in 1959 and the following year earned a M.A. in political science at Duke University. In 1961 she received a certificate in international politics from the Institut Universitaire de Hautes Etudes Internationales in Geneva, Switzerland, before returning to Duke to work on her Ph.D. She taught part-time at North Carolina College in Durham in 1967-68 and at O.U. in 1968-69. She completed her doctorate in political theory in 1971 and resumed teaching at O.U. the following year. She continued teaching in the department until she retired in June 1994, except for the 1975-1976 academic year which she spent in India as a Fulbright scholar and 1990-1992 when she taught at the Ken Keyes College in Coos Bay, Oregon.

Professor Huntley was the first woman to join the department and in the unique position of being a tenured half-time faculty member. She won this status at a time when her two children were young and she hoped to combine continuing employment with time to devote to her children. At the time it seemed to be an ideal combination, but became less advantageous once the children were grown.

Professor Huntley’s intellectual development was an interesting one. Her doctoral work was primarily in classical political thought, though she applied it to contemporary questions. Her dissertation, for example, looked at classical just war theory as it might be applied to contemporary nuclear policy. Although classical theory remained her first love in political science and she has taught our course on that topic on occasion, she was soon drawn into a variety of other areas. She began teaching in the late 1960’s when President Johnson’s War on Poverty, the war in Vietnam, the civil rights movement, and the feminist movement were all making a significant impact on American society. Each, in their own way, had an impact on her teaching and research.

Soon after she came to Ohio University, Professor Huntley was asked to develop the department’s first upper-level and graduate course on public policy. This led her increasingly into questions of public policy as it affected the Appalachian region and resulted in her course on Politics of Appalachia. Her background in political theory combined with the rise of feminism, the need to address women’s concerns on campus such as the question of day care, and her work on affirmative action all contributed to her decision to develop a course on feminist political thought and movements. The civil rights movement in America, combined
with her background on questions of war and peace and her year in India, all contributed to her development of a Tier 3 course on the thought of Gandhi and Martin Luther King. She was also interested in questions of effective teaching and interpersonal communication. As a result, she developed a course on Teaching Political Science and presented a paper on the topic at a professional conference.

Over the years Professor Huntley's variety of interests has been reflected in her research, writing and public lectures. For example, she has presented professional papers on feminist topics such as "The Politics of Sisterhood," "Women and Politics in America and India," "Toward Feminist Theory: Simone deBeauvoir's Second Sex," and "Backlash Against Backlash." In others, such as "Survival: Women and Part Time Faculty Employment in Academe," and "The Perils of Part-Timing," she addressed the situation of women in higher education at conferences of the National Women's Studies Association. Her interest in Appalachia was reflected in her article "Are They Better Off Than They Were Four Years Ago: Reaganomics and the Women of Athens County" in Appalachian Journal, and a number of professional papers including "Oral Histories of Appalachian Women," "Coal Town Appalachian Women Speak: Reminiscences of Athens County Women, 1900 to 1950," and "Economic Inequality and Regional Political Integration." Her interest in peace studies is reflected, for example, in her paper on "A International Nonviolence Support Network: Peace Brigades International" and her editing work on the book Planethood.

Professor Huntley's service to the department was always far greater than part-time. She was active on a variety of departmental committees and, among many other things, she was the first editor of the department's newsletter. To mention only a few of her many services beyond the department, she was a leader in the establishment of the Women's Studies program at O.U. and in the establishment of the Putnam Child Development Center and was active on the O.U. Human Relations Committee. In the community, she was a leader in the establishment of My Sister's Place in Athens and was active on advisory boards of Southeastern Ohio Legal Services.

On the basis of her many contributions to the profession, the department, Ohio University and the Athens Community, the Department of Political Science recommends that Professor Joy M. Huntley be granted emerita status.

Nomination of Joseph B. Tucker for Emeritus Status

The Department of Political Science would like to recommend the conferral of emeritus status on Joseph B. Tucker who has retired after 33 years of excellent service to Ohio University.

Joseph Tucker received his B.A. from Ohio Wesleyan in 1958, his M.A. in political science from the University of Illinois in 1960, and his Ph.D. in political science from the University of Illinois in 1962. He accepted a position in the Department of Government (now Political Science) at Ohio University in September 1962. He remained at O.U. until he early retired in fall 1997, except for the 1964-65 academic year which he spent at Purdue University and the 1971-72 academic year during which he served on the staff of the Ohio Board of Regents. He was promoted to the rank of Associate Professor in 1968 and to Professor in 1973. Within the Department of Government, he served as the chair of the department's Graduate Committee in 1968-70, as assistant chair of the department in 1972-73, and as the chair of the department in 1973-75.

While still in the department, Professor Tucker became involved in broader university concerns. He served on the Faculty Senate and chaired the Faculty Advisory Committee to the Ohio Board of Regents, the Faculty Senate's Professional Relations Committee, the university's Building Priorities Committee, and the Individual Course Subcommittee of the University Curriculum Council. In 1975 he was selected to serve as Associate Provost. In 1980 he became Associate Vice Provost for Lifelong Learning and in 1994 Associate Vice President for Lifelong Learning. Much of the expansion of Lifelong Learning programs at Ohio University occurred under Professor Tucker's leadership. He was also strongly involved in the establishment of ties with Hong Kong Baptist University and with Chubu University in Japan.

Throughout his administrative career, Professor Tucker continued to teach his course on State Politics annually on the Athens campus and his course on Public Administration in the Master's of Public Administration on the regional campuses. He returned to full-time teaching in the department during the 1996-97 academic year.

Professor Tucker remained professionally active throughout his career. Initially the focus of his research was in the area of public personnel administration at the state level and his first two articles, which appeared in *Western Political Quarterly* and *Public Personnel Review*, dealt with patronage and the "informal merit system." His focus then shifted to the politics of higher education, especially in Ohio. On this general topic he organized and chaired several professional panels, wrote a series of professional papers, articles, and book chapters. These included an Ohio Board of Regents report on *Budgeting: An Inventory of Current Practices in*
Ohio's Public Universities, articles in College and University Business and in A.A.U.P. Bulletin, and a chapter on "The Politics of Public Higher Education in Ohio" in Political Behavior and Public Issues in Ohio. His research on public higher education policy continued even after Professor Tucker became a full-time administrator. His most recent chapter on the topic appeared in Carl Lieberman, ed., Government, Politics and Public Policy in Ohio in 1995. Professor Tucker's own administrative experience contributed to his paper "The Development of Lifelong Learning in the United States: Implications for Japan," which was delivered at and published by Chubu University.

On the basis of his many contributions, the members of Department of Political Science believe that Professor Tucker fully deserves the title of Professor Emeritus.

RE: Nominations for Emeritus Status

Enclosed you will find descriptive information and updated cvs for Professors Paul Lewis, Harry Kotses and Thomas Creer. The Full Professors of the Department reviewed their careers and contributions to the discipline, the department and the university and voted unanimously to recommend that these individuals be appointed to Emeritus status.
Thomas L. Creer came to Ohio University in 1980. He brought with him an interest in asthma self-management research, an interest he developed and nurtured throughout a fifteen-year period at the National Asthma Center in Denver. As both Director of Behavioral Science and Executive Director of the National Asthma Center, Tom developed the nation's first asthma self-management program for children. He continued this research at Ohio University, an effort which led to a variety of accomplishments; he refined his pediatric program; he developed an asthma self-management program for adult patients; he studied and wrote about a number of factors that affected success of asthma self-management including cognitive abilities, skills relating to interactions with others, medication adherence, the use of portable meters for evaluating breathing, the prediction of asthma, the practice of relaxation, and the control of emotion. He was concerned with tailoring asthma self-management for individual patterns. He recommended specialized self-management programs for inner-city children and for rural populations. His impact on the field of asthma self-management is second to none. He is known among his colleagues as the father of asthma self-management. But his contributions to Ohio University are not limited to research and scholarship. Tom made significant contributions to the university in service and in teaching. He served as Clinical Psychology Director for seven years and as Department Chair for five. During the time he pursued these responsibilities, he also served on the Board of Directors for the American Lung Association of Ohio, and on several national Institute of Health committees dealing with aspects of asthma management. Tom developed new courses for our graduate program. He directed numerous theses and dissertations. He taught undergraduate courses. No aspect of Tom's work was less than outstanding. For his colleagues within the department, he established the standard of excellence; for his students he provided unequalled guidance and encouragement; and for the world beyond Athens, he was an admirable representative of both his university and his department.

Harry Kotses joined the Department of Psychology and Ohio University in 1970 with an interest in classical and operant conditioning of physiological activity. His operant work afforded him the opportunity to study how responses were related to one another. In 1975, he began a study of the relationships between muscle tension and breathing, work with implications for asthma. In determining that facial tension is directly related to respiratory resistance, Harry became interested both in the psychological factors that
controlled respiratory resistance and in the behavior control of asthma. These two themes occupied his interest for over twenty years. He studied the effects of emotion on respiration in healthy individuals and in asthma patients. His findings resulted in knowledge of the respiratory components of emotion, in clarification of the role of emotions in asthma, and improvement in asthma self-management programs. His teaching interests covered the fields of human psychophysiology, biofeedback, asthma self-management and research ethics.

Paul Lewis became a part of the Psychology faculty in 1969. He studied learning in rats, pigeons, and in later years, large animals (horses). His methods were those of operant conditioning. The common thread running through all of this work was control of behavior by elements of the environment. This is a broad topic; Paul’s research focused on several of its aspects. One area of Paul’s work dealt with aversive control: the efforts of unpleasant stimulation on behavior. He and his students found that the degree to which animals avoided a stimulus is not a constant, but rather a variable quantity modulated by factors such as predictability of stimulations. In some of his most recent work Dr. Lewis noted that in some instances, animals preferred the less rewarding of two environments, a finding inconsistent with reinforcement theory. Explaining why animals do not always seek to maximize reward may reveal the reason for some forms of deviancy.
CURRICULUM VITA

Thomas L. Creer

January, 1996

BORN: Lund, Idaho, November 2, 1934

EDUCATION:

Brigham Young University, Provo Ut. (Pol. Sci.) 1952-1956 B.S.
Utah State University, Logan, Ut. (Psychology) 1959-1961 M.S.
University of Wisconsin, Madison, Wis. 1962-1963
Florida State University, Tallahassee (Psychology) 1963-1967 Ph.D.

PROFESSIONAL EXPERIENCE:

Resident Counselor, Utah State U.  Sept. 1959 - Apr. 1961
Research Assistant, Univ. of Wisconsin  Sept. 1962 - Jun. 1963
Clinical Psychologist, Human Development Clinic, Florida State Univ.  Sept. 1965 - Aug. 1966
Clinical/Research Psychologist, Children's Asthma Research Institute & Hospital (CARIH), a Division of the National Asthma Center, Denver, Colorado  Sept. 1967 - Aug. 1970
Director, Division of Behavioral Sciences, National Asthma Center  Sept. 1970 - Aug. 1980
Co-Executive Director, National Asthma Center  April, 1977 - Aug. 1980
Director, Clinical Training, Department of Psychology, Ohio University, Athens, Ohio  Sept. 1, 1980 - Feb. 28, 1987
Chairman, Department of Psychology, Ohio University, Athens, Ohio  Jan. 1, 1982 - July 1, 1987
Professor of Psychology, Ohio University, Athens, Ohio  Sept. 1, 1980 - Present
CREER, Thomas L.

ACADEMIC HONORS:

National Science Foundation Research Assistantship, Univ. of Wisconsin Sept. 1962 - June 1963
V.A. Pre-Doctoral Psychology Internship V.A. Hospital, Coral Gables, Fla. Aug. 1966 - Aug. 1967

Elected member of following societies:
 Psi Chi (Honorary Psychology Society)
 Phi Alpha Theta (Honorary History Society)
 Phi Sigma Alpha (Honorary Political Science Society)
 Sigma Xi (Honorary Scientific Research Society)

MEMBERSHIP IN PROFESSIONAL SOCIETIES:

American Association for the Advancement of Science

PROFESSIONAL HONORS:

Certified as a Clinical Psychologist, State of Colorado,
Certificate/License #263

Board of Editors
 Journal of Asthma, 1990 -
Pediatric Asthma, Allergy & Immunology, 1990 -
Associate Editor, Journal of Asthma, 1994 -
Women's Health, 1994 -

Referee for the following journals:
 Patient Care
 Annals of Allergy
 Annals of Internal Medicine
 Archives of Internal Medicine
 Chest
 Journal of Allergy & Clinical Immunology
 Journal of Applied Behavior Analysis
 Journal of Behavioral Medicine
 Journal of Behavior Therapy & Experimental Psychiatry
 Animal Learning & Behavior
 Journal of Consulting & Clinical Psychology
 Behavioral Assessment
 Journal of Abnormal Psychology
 Health Psychology
 Journal of Asthma
 Patient Education and Counseling
 Clinical Psychology Review
Invited to present papers at following international conferences:

"Childhood Asthma." First International Congress of Behavioral Medicine, Uppsala, Sweden, June, 1990.

CONSULTANT EXPERIENCE:

Continuing appointments:

Board of Directors, American Lung Association of Ohio, 1983 - 1993
Italian-American Scientific Exchange Program, 1985 - 1990
American Academy of Allergy and Immunology Committee, 1986 - 1993

Committee Appointments:

Ad Hoc Committee for comparison of efficacy of theophylline & aerosol beclomethasone. American Academy of Allergy & Clinical Immunology, December, 1986 - Present.
Committee on Steroids, American Academy of Allergy & Clinical Immunology, 1988-1991.

Consultancies:

LaRibida Children's Hospital & Research Center & the University of Chicago, Chicago, 1975.
St. Barabas Medical Center, Livingston, NJ, 1975.
Pfeiser Corporation, Peru & Colombia, 1978.
Pfeiser Corporation, Ecuador & Chile, 1979.
Harvard University Medical School, 1980.
University of Pittsburgh School of Medicine, 1981.
Reverse Site Visit Team, National Heart, Lung, & Blood Institute, 1981.
University of Louisville, 1984.
Reverse Site Visit Team, National Heart, Lung, & Blood Institute, 1984.
Outside member, Promotion Committee, University of Louisville, 1988.
Ohio University Press, 1991
Department of Pediatrics, School of Medicine, University of California, San Francisco, 1992.
Department of Pediatrics, School of Medicine, Stanford University, 1992.

TEACHING EXPERIENCE:

Faculty Appointments:

Adjunct Professor of Psychology, Auburn University, Auburn, Ala., Sept. 1975 - June 1976.
Adjunct Assistant Professor of Human Development & Family Life, University of Kansas, Nov. 1978 - Sept. 1980.

Workshops:

Colorado Tuberculosis & Respiratory Disease Association
American Academy of Allergy
National Asthma Center
Association of Convalescent Homes & Hospitals for Asthmatic Children
Colorado Summer Work-Study Program in Mental Health
Tuberculosis & Respiratory Diseases Association of Los Angeles
Denver Allergy-Immunology Conferences & Lectures
Children's Hospital of Newark
National Institute of Allergic & Infectious Diseases
University of Southern California School of Medicine
St. Barnabas Grand Rounds on Asthma
American School Health Association
North Dakota Lung Association
University of Miami School of Medicine
Rocky Mountain Psychological Association
National Institute of Heart, Lung, & Blood
Pfizer Pharmaceutical Corporation of South America
American Lung Association/National Heart, Lung, & Blood Institute
Alfred I du Pont Foundation

RE: Nominations for Emeritus Status

Enclosed you will find descriptive information and updated cvs for Professors Paul Lewis, Harry Kotses and Thomas Creer. The Full Professors of the Department reviewed their careers and contributions to the discipline, the department and the university and voted unanimously to recommend that these individuals be appointed to Emeritus status.
COLLEGE OF ARTS AND SCIENCES EMERITUS NOMINATIONS FOR THE
DEPARTMENT OF PSYCHOLOGY
February 1997

Thomas L. Creer came to Ohio University in 1980. He brought with him an interest in asthma self-management research, an interest he developed and nurtured throughout a fifteen-year period at the National Asthma Center in Denver. As both Director of Behavioral Science and Executive Director of the National Asthma Center, Tom developed the nation's first asthma self-management program for children. He continued this research at Ohio University, an effort which led to a variety of accomplishments; he refined his pediatric program, he developed an asthma self-management program for adult patients; he studied and wrote about a number of factors that affected success of asthma self-management including cognitive abilities, skills relating to interactions with others, medication adherence, the use of portable meters for evaluating breathing, the prediction of asthma, the practice of relaxation, and the control of emotion. He was concerned with tailoring asthma self-management for individual patterns. He recommended specialized self-management programs for inner-city children and for rural populations. His impact on the field of asthma self-management is second to none. He is known among his colleagues as the father of asthma self-management. But his contributions to Ohio University are not limited to research and scholarship. Tom made significant contributions to the university in service and in teaching. He served as Clinical Psychology Director for seven years and as Department Chair for five. During the time he pursued these responsibilities, he also served on the Board of Directors for the American Lung Association of Ohio, and on several national Institute of Health committees dealing with aspects of asthma management. Tom developed new courses for our graduate program. He directed numerous theses and dissertations. He taught undergraduate courses. No aspect of Tom's work was less than outstanding. For his colleagues within the department, he established the standard of excellence; for his students he provided unequaled guidance and encouragement; and for the world beyond Athens, he was an admirable representative of both his university and his department.

Harry Kotses joined the Department of Psychology and Ohio University in 1970 with an interest in classical and operant conditioning of physiological activity. His operant work afforded him the opportunity to study how responses were related to one another. In 1975, he began a study of the relationships between muscle tension and breathing, work with implications for asthma. In determining that facial tension is directly related to respiratory resistance, Harry became interested both in the psychological factors that
controlled respiratory resistance and in the behavior control of asthma. These two themes occupied his interest for over twenty years. He studied the effects of emotion on respiration in healthy individuals and in asthma patients. His findings resulted in knowledge of the respiratory components of emotion, in clarification of the role of emotions in asthma, and improvement in asthma self-management programs. His teaching interests covered the fields of human psychophysiology, biofeedback, asthma self-management and research ethics.

Paul Lewis became a part of the Psychology faculty in 1969. He studied learning in rats, pigeons, and in later years, large animals (horses). His methods were those of operant conditioning. The common thread running through all of this work was control of behavior by elements of the environment. This is a broad topic; Paul’s research focused on several of its aspects. One area of Paul’s work dealt with aversive control: the efforts of unpleasant stimulation on behavior. He and his students found that the degree to which animals avoided a stimulus is not a constant, but rather a variable quantity modulated by factors such as predictability of stimulations. In some of his most recent work Dr. Lewis noted that in some instances, animals preferred the less rewarding of two environments, a finding inconsistent with reinforcement theory. Explaining why animals do not always seek to maximize reward may reveal the reason for some forms of deviancy.
CURRICULUM VITAE
June, 1996

HARRY KOTSES

CURRENT POSITION & ADDRESS

Professor of Psychology
Ohio University
Athens, Ohio 45701
(614) 593-1087

EDUCATION

1966-1968 Michigan State University, East Lansing, Michigan
1961-1964 Temple University, Philadelphia, Pennsylvania
1956-1960 Lehigh University, Bethlehem, Pennsylvania

DEGREES

Ph.D. - 1969 Michigan State University (Experimental Psychology)
M.A. - 1964 Temple University (Psychology)
B.A. - 1960 Lehigh University (Psychology)

PROFESSIONAL EXPERIENCE

1970-present Assistant to Professor of Psychology, Ohio University, Athens. Research and teaching in respiratory psychophysiology and asthma self-management.

1994-1995 Visiting Professor of Medicine, College of Medicine, University of South Florida

1968-1969 Assistant Professor of Child Psychiatry, Washington University, St. Louis, Missouri. Human psychophysiological research in conditioning and psychological disorders.

1966-1968 Research Assistant, Michigan State University. Human psychophysiological research in conditioning and attention.

PROFESSIONAL AFFILIATIONS

American Psychological Society (Fellow Status)
Society for Psychophysiological Research
International Society for the Advancement of Respiratory Psychophysiology
RESEARCH INTERESTS

Asthma self-management, human psychophysiology, classical and operant conditioning of physiological responses, biofeedback.

TEACHING INTERESTS

Human psychophysiology, biofeedback, asthma self-management, and research ethics.

RE: Emeritus Nomination for Azmi Mikhail

Attached is a request from the Chairman of the Department of Finance, Kaye Rakes, that the above referenced retiring faculty member be granted the honor of Emeritus status. Azmi has contributed much to the tradition of excellence in the College of Business as a productive faculty member since September of 1967.

I concur with Dr. Rakes and the department's Promotion and Tenure Committee that Azmi deserves such recognition. I request your appropriate action and approval of this designation.

If any additional information is needed, please feel free to contact me or Kaye Rakes.

Subject: Emeritus Status — Mikhail

Attached are the “Emeritus Nomination Form for Faculty” and the one page nomination to accompany the form forward. Also included is a “Summary of his Academic and Professional Record” which I relied on for the one page nomination. I thought you might find it useful for your comments.
RECOMMENDATION FOR EMERITUS STATUS
Azmi Mikhail, Professor of Finance

Dr. Mikhail has been a faculty member of the College of Business since September of 1967 or thirty-one years. In that period he has published ten journal articles, had eighteen papers published in proceeding or books of readings, and presented thirty-one papers at national and international meetings. His presentations have occurred in fifteen different countries. Dr. Mikhail has served as track chair at five meetings, session chair seven times and as a paper discussant sixteen times. In addition he has served as reviewer/referee for many journals, publishers, etc. over the year. He has received six grants totaling over $600,000. Dr. Mikhail has frequently taught at Ohio University regional campuses as well as in our Malaysian programs. He served as a visitor at SUNY-Albany (1984-1985) and at California State at Long Beach (January-June 1980). Dr. Mikhail has long been the department’s international finance expert and offered that course (and others) successfully for many years.

His contribution to the university includes establishing the first contacts and programs in Hungary, which has developed into summer programs and faculty exchanges. He has brought groups of Egyptian managers to campus for training programs and developed joint programs with Howard University and South Carolina State University, which have helped our diversity efforts. Dr. Mikhail through his participation in national and international meetings, as well as training programs, has enhanced our image around the world.

He has provided training programs to business people in Egypt, Tunisia, Mexico, Malaysia, Kuwait, and Saudi Arabia. Dr. Mikhail served as external examiner for the University of the West Indies, at both the MBA and Executive MBA level. These examples indicate his service beyond the university community.

In terms of recognition and honors, Dr. Mikhail was twice named as Fulbright Scholar. The first such award occurred from January-June 1988 in Cairo and the second from January-June 1996 in Tunisia. The college of Business awarded Dr. Mikhail the Outstanding Professional Service Award in 1994.

The above summary only highlights some aspects of Dr. Azmi Mikhail’s long career at Ohio University. He is just the type of individual for whom Emeritus status is appropriate.

RE: Emeritus Nomination for Thomas W. Bolland

Attached is a request from the Chairman of the Department of Management Systems, Mary Keifer, that the above referenced retiring faculty member be granted the honor of Emeritus status. Tom has contributed much to the tradition of excellence in the College of Business as a productive faculty member for over 26 years.

I concur with Dr. Keifer and the department’s Promotion and Tenure Committee that Tom deserves such recognition. I request your appropriate action and approval of this designation.

If any additional information is needed, please feel free to contact me or Mary Keifer.

RE:      Nomination of Thomas W. Bolland for Emeritus Status

On behalf of the Department of Management Systems, I would like to nominate Professor Thomas Bolland for Emeritus status.

During the twenty-six years that Dr. Bolland has been associated with Ohio University, he has served with distinction. His primary teaching responsibilities have been in the areas of operations management, business statistics/decision analysis, quality management and management science. He has also taught in the MBA and EMBA programs. In addition, he has engaged in overseas teaching assignments in Hong Kong and Malaysia. Dr. Bolland’s students appreciate the time and attention that he gives them. He maintains an “800” number at his home for the convenience of regional campus students, and is constantly striving to improve. Examples of this include developing his own skill in excel, and offering problem-solving sessions twice per week for QBA 201 students.

Dr. Bolland has been very active in the areas of Professional Activity and Service. He has been a member of ten professional associations, and frequently serves as a reviewer for journals and professional meetings. He chaired the College of Business Task Force on Total Quality Management for several years, chaired the Business Week Committee, served as an advisor to Beta Gamma Sigma National Scholastic Honorary, served as a member of the Dean’s Evaluation Committee, and various other activities too numerous to name. He has also served as the President of the Ohio University Chapter of AAUP, a member of the Downtown Athens Kiwanis Club, Treasurer of the Community Reconciliation Program, Treasurer of the Walls and Windows Capital Campaign at the First Presbyterian Church, and has been a regular blood donor.

Dr. Thomas Bolland is clearly a worthy candidate for this honor.

RE: Nomination of Gerard F. Carvalho for Emeritus Status

On behalf of the Department of Management Systems, I would like to nominate Associate Professor Gerard F. Carvalho for Emeritus status.

During the eleven years that Dr. Carvalho has been at Ohio University, he has served with distinction. Dr. Carvalho has taught in the disciplines of strategy and operations management. He has been an active participant in the M.B.A. programs in Athens, Lancaster, Marietta, and the Institut Teknologi MARA in Malaysia. He is recognized by students as a faculty member who is enthusiastic, challenging, organized, gives a great deal of individual attention, is open to student ideas, and uses excellent "learning techniques." He is praised for his integration of other core courses into his BA 470 class, and the problem-solving that he encourages.

In the area of research, Dr. Carvalho has been the author of more than twenty articles, including publications in the *Mid-American Journal of Business, Simulation & Gaming, Annual Advances in Business Cases, Developments in Business Simulation & Experiential Learning, Management by Objectives, Human Resource Management, Personnel Administration and Public Personnel Review, Personnel, and Management of Personnel Quarterly.* His paper entitled "A Dynamic Market Share Allocation" won the ABSEL 1993 Best Simulation Paper Award. Also, the "Monsanto Enviro-Chem Systems, Inc." case won the McGraw-Hill Best Case Award in 1993 from the Society for Case Research. He has also presented numerous papers.

Dr. Carvalho has been very active in professional activities and service. He is a member of the IFPS Users Association Board of Directors, and five other professional associations. He has served as a reviewer for four different journals. He has also served as a consultant for thirteen corporations. In addition, he has served as the Chair of the College of Business Graduate C.I.Team, represented Ohio University at the Central Ohio International Initiative, initiating "Partners for Progress" and establishing a joint venture with midwest Regional of the Federal Laboratories Consortium for Technology Transfer. He also has served effectively as the Leader of the Strategy Interest Group.

Dr. Gerard Carvalho is clearly a worthy candidate for this honor.

MEMORANDUM

TO:       Barbara Reeves, Associate Provost

FR:       Glenn E. Corlett, Dean

RE:       Emeritus Nomination for Lucian P. Spataro

Attached is a request from the Chairman of the Department of Management Systems, Mary Keifer, that the above referenced retiring faculty member be granted the honor of Emeritus status. Lou has contributed much to the tradition of excellence in the College of Business as a productive faculty member for over 30 years.

I concur with Dr. Keifer and the department’s Promotion and Tenure Committee that Lou deserves such recognition. I request your appropriate action and approval of this designation.

If any additional information is needed, please feel free to contact me or Mary Keifer.

RE: Nomination of Lucian P. Spataro for Emeritus Status

On behalf of the Department of Management Systems, I would like to nominate Professor Lucian P. Spataro for Emeritus status.

Dr. Spataro has faithfully served Ohio University for thirty-one years. He has been an effective teacher in management, human resource management, the Business 20/20 program, and has been actively involved with regional higher education. In addition, he has been a part of the MBA degree program at MARA Institute of Technology in Malaysia, taught in various academic programs in Hong Kong, tutored a number of Honors Tutorial students, served as faculty advisor for various EMBA summer projects, and was active in the Independent Study programs. His students appreciated the fact that Dr. Spataro was knowledgeable, approachable, made efficient use of outside speakers, and served as an excellent facilitator.

Dr. Spataro has presented numerous papers, and written articles that appeared in *Management of Small Business, The Ohio Community Banker, Group and Organizational Studies,* and *Industrial Safety and Hygiene.* In addition, he has presented numerous papers to a variety of professional meetings.

Dr. Spataro has been very active in professional activity and service. He served as the faculty liaison with the College of Business Executive Advisory Board on Cooperative Projects, Director of Management Development in the College for twelve years, chaired the Administrative and Curriculum Committees of the Department, chaired the Human Resource Management Interest Group, and served in various other administrative posts including Associate Director for the Center for Business Enterprise, Director for Court Administration, Associate Dean of the College, Director of Graduate Programs, and Acting Dean in 1970. At one time or another, he has chaired almost every college and/or departmental committee, including graduate, promotion and tenure, curriculum, long range planning and ethics.

Dr. Lucian P. Spataro is clearly a worthy candidate for this honor.

RE: Nomination of John E. Stinson for Emeritus status

On behalf of the Department of Management Systems, I would like to nominate Professor John E. Stinson for Emeritus status.

Dr. Stinson has been associated with Ohio University for almost thirty-four years. It will be difficult to capture even a hint of his accomplishments in a one-page summary.

In the area of teaching, he is recognized as excellent; not only for his performance in the classroom, but for his constant innovation. Dr. Stinson is recognized nationally for his expertise in problem based learning, and has been an invited speaker at such institutions as Indiana University, Bloomington. One of his most recent accomplishments has been the MBA Without Boundaries project, which has been the focus of considerable media attention.

In the realm of intellectual contributions, Dr. Stinson has clearly been outstanding. He has been the author or co-author of five books and more than eighty journal articles, professional papers, and grants. His articles appear in such publications as the Journal of Psychology, Business Horizons, Journal of Social Psychology, Psychological Reports, Personnel Psychology, Training and Development Journal, Academy of Management Journal, Journal of Applied Psychology, Journal of Management, Improving College and University Teaching, Industrial Relations, Journal of Applied Communications Research, MED Newsletter, Professions Education Researcher Notes, and Fortune Forum.

Dr. Stinson’s excellence continues in both professional and service activities. He has served three terms on the Editorial Review Board of the Midwest Academy of Management, a Board Member for the Biannual Leadership Symposium Series, and as an Associate at the Texas Center for Productivity and Quality of Work Life. In addition, he was the founder of the Corporate Leadership Program, a unique development program for high potential seniors in the College of Business, and was selected by the Society of Alumni and Friends to receive the Faculty Contribution Award in 1991. He has served as a consultant to major corporations, including DuPont, AEP Fuel Supply, North American Coal, Cooper Energy Services, Westinghouse Broadcasting, Borg-Warner Chemicals, and U.S. Health Corporation. Dr. Stinson served two terms as Dean of the College of Business, and made other contributions too numerous to include!

Dr. John E. Stinson is clearly a worthy candidate for this honor.

RE: Emeritus status for Dr. Ralph Izard

The Journalism faculty have voted unanimously to recommend emeritus status for Dr. Ralph Izard. The faculty recognize his long record of distinguished contributions to Ohio University in teaching, research and service. In addition, Ralph's influence extends to the broader community of journalism education around the world.

I strongly support the faculty recommendation.

Attached is an "emeritus" status nomination for Dr. Nicholas Dinos. He is taking early retirement effective June, 1998 and is most deserving of this capstone recognition. As outlined in the attached memorandum, Nick Dinos has served the College and the University and his students extremely well for 31 years. I, therefore, whole-heartedly endorse this nomination for him to carry the title Professor Emeritus of Chemical Engineering.
The Department of Chemical Engineering Ad Hoc Emeritus Recommendation Committee, consisting of Dr. K.J. Sampson (chair) and Drs. D. Ridgway and V.L. Young, met on Tuesday 24 February 1998 and, by unanimous vote, forwarded to me the recommendation that Dr. Nicholas Dinos be awarded emeritus status upon his retirement. I echo their recommendation.

You will find the necessary form and one-page recommendation memorandum attached.
To: Warren K. Wray, Dean, Russ College of Engineering and Technology

From: Michael E. Prudic Chair, Chemical Engineering

Subject: EMERITUS STATUS FOR NICHOLAS DINOS

Dr. Nicholas Dinos will begin early retirement June 1998. Nick has had a long and distinguished career at Ohio University in the Department of Chemical Engineering and the Russ College of Engineering and Technology. I recommend that he be granted emeritus status upon retirement. My recommendation is based on the following information about Dr. Dinos’ career.

1. LENGTH OF SERVICE

Dr. Nicholas Dinos joined the faculty of the Department of Chemical Engineering in 1967 as an associate professor giving him 31 years of service. He was later promoted to the rank of Professor in 1972. Nick served in the department as department chair from 1977 to 1989.

2. TEACHING ACCOMPLISHMENTS

Dr. Nicholas Dinos has brought recognition to Ohio University through his abilities as an outstanding teacher. In recognition of his quality teaching, Nick has been elected University Professor three times (1974/75, 1991/92, 1996/97), has won the Fritz and Delores Russ Outstanding Teaching Award (1991/92), has been awarded the Ohio University Alumni Association Class of 1950 Award for Faculty Excellence (1995), and has been recognized by the Carnegie Foundation for the Advancement of Teaching as the Professor of the Year for the State of Ohio (1996). Dr. Dinos also received recognition as Outstanding Graduate Faculty Member (1973). Nick also served one term as a Visiting Professor in Japan and two terms as a Stanford-NASA Faculty Fellow at Stanford University. Dr. Dinos was also one of the co-authors of the report on General Education that resulted in our current Tier system.

3. CONTRIBUTIONS TO THE UNIVERSITY

Dr. Nicholas Dinos has been a tireless contributor to the governance and advancement of Ohio University. During his career Nick has served Ohio University as a Faculty Senator, member and chair of the Kennedy Lecture Committee, member of UPAC, president of Sigma Xi, vice president of the O.U. chapter of the AAUP, chair of the O.U. Foundation Faculty/Staff Committee, member of the Third Century Campaign Committee, and an interviewer/writer for the Vernon Alden Oral History Project. Dr. Dinos has also served several terms as an Executive Board member of the American Institute of Chemical Engineers Central Ohio Section.

4. OTHER ACCOMPLISHMENTS

Prior to coming to Ohio University, Dr. Dinos work for nine years as a chemical engineering for the E. I. duPont de Nemours Company. Dr. Dinos has also served as chair of the Martin Marietta Energy Systems Environmental Advisory Committee for the uranium-enrichment plant at Piketon, Ohio.

DATE: February 2, 1998

TO: Sharon Brehm, Provost

FROM: James Stewart, Interim Dean, College of Fine Arts

SUBJECT: Emeritus Nomination: Eric Forrest, School of Art

I am in support of the School of Art's recommendation to award Emeritus status to Eric Forrest, retired Associate Professor, who served on the School of Art faculty for eighteen years.

Professor Forrest had a brief tenure as director of the School of Art in the 1970’s. Following this administrative post, he returned to the Art Education faculty where he not only taught courses in art education and painting, but he was a co-founder of the Art in England summer program that is still offered alternate years by the School of Art.

As a teacher, he made certain that art education students developed well-thought out curricular and conceptual ideas along with strong basic art skills. As a practicing artist, he exhibited his painting, drawing, prints and sculpture in galleries both in the United States and abroad.

Eric Forrest is worthy of being awarded Emeritus status, and I so recommend.

JS/sb
January 30, 1998

To: James Stewart, Interim Dean, College of Fine Arts

From: Judith Piüni, Interim Director, School of Art

I support the nomination of Erik Forrest for Professor Emeritus status. Dr. Forrest served as the School of Art Director when he first came to Ohio University. After stepping down from the director position, he joined the Art Education faculty as a dedicated faculty member who inspired academic excellence in the students who worked with him. He also initiated and implemented the first Art in England summer program, which continues to flourish on a biennial basis. Dr. Forrest possesses all the qualities of a dedicated, accomplished professor, appropriate to the Emeritus rank.

JP: jm
29 January 1997

Dear Emeritus Committee:

I am writing this letter to recommend Erik Forrest for Professor Emeritus status. I have known Erik professionally for several years, both at the School of Art and this department's Art in Great Britain summer program.

Erik's contributions to the School of Art are many. He established, with Bob Borchard, the summer Art in Great Britain program, which has proven invaluable to the education of dozens of Ohio University students over the past several years. In Britain I have witnessed his teaching on many occasions. A quiet but excellent teacher, he is at his best with enthusiastic undergraduate students and with graduate students. He is especially effective at inspiring students to spend hours of their time abroad studying ancient, Old Master and contemporary art for ideas which may influence their own creative work. His knowledge of the British art world of the past 50 years is truly astounding (he personally knows many famous older contemporary British artists such as the Pop artist Richard Hamilton), and as a result has impelled many Ohio University students to seriously study important English and Scottish artists.

Erik is undoubtedly one of the most intelligent people I have ever met. His breadth of understanding and ideas about art education are well articulated and readily grasped. With his Scottish temperament and integrity he is not the type of person to promote himself. Nevertheless it is obvious that over the years he has worked hard to make certain that Ohio University art education students develop well thought out curricula and conceptual ideas along with strong basic art skills. Erik is also a very fine and challenging painter, a profession he has returned to with much vigor since early retirement.

I highly recommend Erik Forrest for Professor Emeritus status. Should you have questions I can be reached at the university at 614-593-4283 or at home at 614-592-5226.

Very Best Wishes,

Jody Lamb
Associate Professor
Dear Judy and your Promo and Tenure Committee;

Janet phoned this morning asking, at your request, that I forward a letter of recommendation to you concerning Erik Forrest's admission to Emeriti status and indicating that you needed same by this Friday, January 16th so as to submit to the Tenure and Promotion Committee.

Why Erik had not been recommended for Emeriti status escapes my comprehension. I remember Joe Bova recommended me when I retired back in 1991. A few years ago I realized that neither Bill Kortlander nor Ron Kroutel had been given Emeriti recognition and mentioned same to Joe Welling on the Emeriti Board who in turn evidently brought University pressure on Joe Bova to have him make the recommend. Early on Bill Kortlander had asked him about Emeriti status and Bova had replied that "it meant nothing of worth" or something to that effect. Needless to say, Kortlander was in a "bit of a frump" I do believe that Pettigrew was awarded Emeriti as a result of Joe Welling's perusal of the question at the same time.

Enough! This is to serve our colleague Erik Forrest, whom I'd thought was Emeriti. Possibly Ron Kroutel is the 'instrument' here.

I am most happy to recommend my Scottish colleague to this august body of unusual and outstanding professors who have served Ohio University and the School of Art in particularly, over the years and have had a profound impact upon their students and colleagues.

Cliff McCarthy and I had met Erik Forrest at an Art Education meeting at the University of Illinois in Champaign-Urbana back in the '70's. We were quite impressed with his knowledge and demeanor. A few years later when the Director's position for the School of Art was advertised Erik submitted a damn fine letter (handwritten!) regards his interest in said position.

As I recall there were about some 65-70 applications and the Search Committee decided upon him as their choice. He was the first Director of the School of Art to submit himself to evaluation by his fellow colleagues. The second year of his position evaluations were a bit negative, to what and about what, I have no knowledge. My response to him was that any group of studio-types were going to be critical in one form or another and to listen but get on with the job. The following year after reading faculty evaluations he felt the need to step down and return to the classroom which he did and joined Cliff and I in the Art Education department. Needless to say, having a fulltime, three person department, made one hell of a difference in service to students.
The department grew and flourished under his English/Scottish background in Art Education. He came to our School of Art from serving a Directorship at the University of Wisconsin, Racine Campus wherein, he headed the Art School facility at that Branch. Prior to that he had served on the faculty of the Birmingham Polytechnic in Birmingham, England as well as Leeds University in Leeds, England. He did his art training at the University of Edinburgh, Edinburgh, Scotland. As a result of this background he made one fine contribution to our Art Education program over on this side of the Atlantic. His insights, experiences shared, and scholarly proclivities were a most valued contribution to our neophyte Art Teachers-to-be as well as his damn fine aesthetic sensibilities and critical views of the work he did in his Drawing and Painting classes.

Erik Forrest worked exceedingly well with our Art Ed Master's candidates, ever demanding of a high level of content and writing skill in any presentation and indeed the final research undertaking. Art Ed student majors during his years in the department profited by a good variety of thinking pertaining to our Art Ed discipline in that McCarthy, Forrest, and Borchard were each of different philosophies regard same thus providing students with a wide range of confrontations to thinking and resolutions of concerns within the discipline.

Erik inaugurated the first Art-In-England (4 week) summer trips to London, England and later to include a 3 day trip to Scotland for students on the Ohio University campus and elsewhere. We did use the program for our Graduate students as well as a recruitment enticement to our Grad program. As Dr. Marilyn Bradshaw had instigated her Art-in-Italy on the odd years, Erik presented his U.K. trip on the even years. I believe he started that program in the seventies (1974) and it is still going on with Jodi Lamb as Head of the Art-In-England Program, after Erik had retired.

I do believe that Erik Forest brought a certain stature to the department/area, particularly when he went on to The Ohio State University to complete his Doctorate. He was the only one at the time in the Art Education Area to have a Doctorate.

Over the years Erik Forrest has presented many papers both here and abroad. He served on the editorial staff of Visual Arts Research and OAEA (Ohio Art Education Association) Journal.

Having a strong background in painting and design, Erik has shared his ideas with many and to this day is painting up "one hell of a storm" whilst in retirement. His recent exhibition in Dayton proved noteworthy.

In summing up, I would have to say that Erik Forrest was one of the first to bring to the School of Art that 'European ingredient' that helped us all lift our sights beyond the immediacy of Athens, Ohio, and the U.S.A. We owe him a debt of gratitude for sharing his ideas, his residence in London, and providing the where-with-all knowledge and visualizations of a great British experience. I would recommend Erik Forrest to Emeriti status without any reservation. He will be a most positive contributor to the group!

Sincerely,

Robert D. Borchard, Assoc. Prof. Art, Ret'd
Erik Forrest; One Meadow Lane, Athens, OH 45701, U.S.A.

TO: Sharon Brehm, Provost

FROM: James Stewart, Interim Dean, College of Fine Arts

SUBJECT: Emeritus Nomination: Arnold Gassan, School of Art

I am in support of the School of Art’s recommendation to award Emeritus status to Arnold Gassan, retired professor of photography, who served on the School of Art faculty for twenty-two years.

Professor Gassan distinguished himself during his tenure at Ohio University as an outstanding teacher of photography. A nationally recognized author, educator and image maker, professor Gassan introduced many innovative concepts and techniques in photographic education that are still in use in many nationally-recognized photography programs today.

Arnold Gassan is worthy of being awarded Emeritus status, and I so recommend.

JS/sb
January 30, 1998

To: James Stewart, Interim Dean, College of Fine Arts

From: Judith Ferani, Interim Director, School of Art

I support the nomination of Arnold Gassan for Professor Emeritus status. For many years Dr. Gassan served as a faculty member and Chair of the School's photography area. Under his leadership the program developed and achieved a national reputation for excellence. Professionally, Dr. Gassan is very accomplished, nationally recognized as an educator and photographer. Moreover, many of the students who trained under Dr. Gassan have gone on to become distinguished artists and educators. The award of Professor Emeritus status to Dr. Gassan would recognize the outstanding contributions Dr. Gassan has made to the School of Art's photography program.

DATE: January 20, 1998

TO: Judy Perani, Interim Director, School of Art

FROM: Dan Williams, Photography Program Chair

SUBJECT: Emeritus Professor Nomination for Arnold Gassan

I would like to take this opportunity to nominate Professor Arnold Gassan, retired, for Professor Emeritus status in the School of Art. He was a major contributor to the growth, development and eminent reputation that the photography program in the school of art has enjoyed throughout his tenure. A nationally recognized author, educator and image maker, he introduced many innovative concepts and techniques in photographic education that are still in use in many photography programs today. His photography handbook series became the template from which most photography textbooks in use today are based. Additionally, he worked very hard to successfully integrate photography with the other studio arts in our school.

Many of Dr. Gassan's students have gone on to distinguish themselves nationally and internationally as educators and artists in the field. It is time that we, the present stewards of the School of Art recognize and reward the accomplishments of our distinguished colleague. As Photography Program Chair, I formally nominate Professor Arnold Gassan for Emeritus status.
Arnold Gassan, Ph.D.

900 River Road, Suite 200
Tucson, AZ 85718
(520) 887-3199 Fax (520) 888-3009

EDUCATION:
1986: Ph.D., Guidance and Counseling, Ohio University, Athens, OH. Dissertation: An investigation of father-daughter incest using photographs and the semantic differential. The research validated and expanded normative measures of projective responses made by incest survivors to photographs of family scenes. Curriculum: Group and individual counseling, community and family counseling, alcohol and substance abuse, human sexuality, psychopathology, hypnosis, art therapy, psychometric testing (MMPI, WAIS-R, etc.), and projective testing and evaluation (Rorschach, TAT, HTP, etc.).

1968: M.A., University of New Mexico, Albuquerque, NM.

LICENSES:

EDUCATION WORK EXPERIENCE:
1964: Adjunct Faculty, University of Colorado, Adult Education: Created a sequence of three classes in introductory photography.
1967: Lecturer, School of Photography, Ohio University: Taught commercial photography and history of photography.
1968: Assistant Professor, School of Art, Ohio University: Taught commercial photography, graduate seminars, history of photography. Rewrote photography curriculum for incorporating the School of Photography into the School of Art. Published Handbook for Basic Photography. Co-founder and member of the board of directors of the Cerner of the Eye, Inc., a private school at Aspen, Colorado, dedicated to teaching photographic arts.
1972: Published A Chronology of Photography. A critical history of photography as art. Created new undergraduate photography curriculum which (a) allowed all students access to basic photography and established a sophomore review program to screen qualified candidates for the major, and (b) established professional degree (M.A.) and arts degree (M.F.A.) within the major. The former degree later became administrative base for the School of Visual Communications.
1974: Taught commercial photography, graduate seminar, history of photography. Rewrote photography curriculum for incorporating the School of Photography into the School of Art. Published Handbook for Basic Photography.
1976: Tenured in School of Art, promoted to Associate Professor. Taught commercial photography, graduate seminar, history of photography. Rewrote photography curriculum for incorporating the School of Photography into the School of Art. Published Handbook for Basic Photography.
1978: From 1978 until retirement functioned as administrative supervisor for photography area of School of Art, sharing this position on rotation with other senior faculty. Taught color photography, graduate seminar, history of photography. Published Handbook for Contemporary Photography.
1986: Granted Ph.D. in Guidance & Counseling by Ohio University. Promoted to rank of Professor. Taught color photography, graduate seminar, intermediate photography. Published *The Color Print Book.*

1989: Taught color photography, graduate seminars, intermediate photography. Published *Exploring Black and White Photography.* Early retirement from Ohio University.

NB: during each academic year, taught 2-4 invitational workshops (silver process, photogravure, photosilkscreen and halftone image production methods) at other colleges and universities; exhibited photographic silver prints, photogravure prints and three-color photo-silkscreen prints at galleries and museums; sold prints into the permanent collections of Ryerson Institute, Canada, National Museum, Canada, Museum of Modern Art, NYC, Joslin Museum, Nebraska, etc.

**PSYCHOLOGY WORK EXPERIENCE:**

1995 - **Consultant**, Cottonwood Centers, Tucson, AZ. Consulting clinical psychologist for residential treatment center; facilitating group therapy and providing assessment and intensive individual therapy for dual-diagnosed patients presenting as sexually addicted and compulsive.

1993 - **Contract Therapist**, Las Familias, Tucson, AZ. Clinical psychologist services for Adults Molested as Children (AMAC), identified sexual abusers, spouses and abused dependents.

1993: **Psychologist**, Court Clinic, Pima County Superior Court, Tucson, AZ. Competency evaluations and pre-trial and post-sentencing assessments for Pima County Superior Court and Department of Probation using diagnostic clinical interviews, WAIS, MMPI-2 and other standard psychometric evaluations.

1991-92: **Cottonwood Centers**, Tucson, AZ. Psychologist (half-time). Clinical services included psychological diagnosis and assessment, psychometric testing, crisis intervention, supervision of counseling staff, treatment plan reviews and relapse prevention planning.

1990-92: **Cottonwood Centers**, Tucson, AZ. **Principal Therapist**. Case manager and clinician for sub-acute psychiatric residential treatment program. Provided individual and group therapy for dual-diagnosis behavioral mental health patients and for level 1 through 3 sexually compulsive male and female patients in a 30-day and variable-length-of-stay residential treatment program. Responsible for psych/soc assessment, development of comprehensive treatment plans and continuing care plans. Prepared and presented hypnosis and guided-imagery based experiential therapies. Large group workshops and didactic lectures on behavioral health and sexual compulsions and addictive behaviors for entire patient population. Facilitated couple counseling with patients and spouses. Provided clinical supervision of therapists-in-training.

1984-85: **Scioto-Paint Community Mental Health Center**, Chillicothe, OH. Ph.D. Counseling practicum. Clinical responsibilities included therapy for adolescent and adult individuals, couples and families. Other duties included psych/social assessments and diagnostic evaluations (including WAIS-R and MMPI), crisis intervention, aftercare planning and referrals to supportive agencies.

**AFFILIATIONS:**

- Aetna-Medicare, Phoenix, AZ
- ABCCCS, Tucson, AZ (Arizona Health Care Cost Containment provider).
- ChoicePlus, Carondelet Health Care, Tucson, AZ (preferred provider).
- **Las Familias**, Tucson, AZ (contract provider).

**LECTURES:**

1992: “A Hierarchy of Treatment Levels for Sexual Harassment”
   "Sexual Discrimination and Sexual Harassment: Invitation to Litigation."
   **Nevada Bureau of Alcohol and Drug Abuse, 24th Annual Summer School.**
   (Labor/Management EAP Institute), Las Vegas, NV., August 12.
   "Sources of Sexual Harassment" **NCADD/Phoenix, AZ.** April 16.

FROM: James Stewart, Interim Dean, College of Fine Arts

SUBJECT: Emeritus Nomination: Bert Damron, School of Music

I am in support of the School of Music’s recommendation to award Emeritus status to Bert Damron, retired Associate Professor, who served Ohio University for fifteen years.

Professor Damron has had a distinguished career at Ohio University, both as a faculty member and administrator. As Associate Professor of Music Education, he was instrumental in redesigning the music education curriculum, bringing it into relevancy at that time. Also, he was an integral part of the accreditation process that took place in the School of Music by NASM, the National Association of Schools of Music. He served as the Acting Director of the School of Music from 1990-93.

Dr. Damron has also served as part-time Assistant Dean in the College of Fine Arts. He coordinates the College of Fine Arts Scholarship Committee, in addition to his other administrative duties in the college. In his capacity as Assistant Dean, he is both efficient and understanding of undergraduate matters within the college.

Dr. Bert Damron is worthy of being awarded Emeritus status, and I so recommend.

JS/sb
Attached please find a letter of nomination for Emeritus status for Professor Bert Damron—this information and nomination was submitted by the entire Music Education division, Milton Butler, Chair.

Professor Bert Damron, retired from the School of Music but still working as Assistant Dean for the College of Fine Arts, was an outstanding professor of Music Education since 1982. He has functioned as both teacher, administrator, and performing artist. His contributions are well known in each of these areas, but one should mention the following roles that he played in building and strengthening the entire School of Music:

- Saxophone/Jazz Artist
  - Performed for several years in many venues both on and off-campus and helped our brass & percussion faculty maintain a real jazz presence in the area. He also was instrumental in maintaining and performing on the annual Jazz Fest held in Athens in the spring.

- Music Educator
  - Taught several of the core courses, including graduate courses.

- Chair, Music Education
  - Chair for several years.

- Assistant Dean, College of Fine Arts

- Acting Director
  - 1990-1993

I should point out that when I arrived in 1993, there was a very smooth transition because of the leadership provided during those three years. Bert was the administrative leader for three years, also functioned as chair of graduate studies (approximately 50 students), and completed the 10-year accreditation review for NASM—this alone is a monumental task. All of these roles were performed with the same outstanding administrative skill and diplomacy that he brought to the Music Education area for so many years.

I believe the School of Music, College of Fine Arts, and Ohio University should pay tribute to this distinguished gentleman, professor, and music educator through the granting of the emeritus title. I formally recommend this action for your consideration.
January 30, 1998

Dr. James Stewart, Dean
College of Fine Arts
Ohio University
Athens, Ohio 45701

Dean Stewart,

The Music Education Faculty of the School of Music would like to formally recommend that Bert Damron be considered for conferral of emeritus status. Dr. Damron has been a valued colleague since 1982. He has served as a teacher, Chair of the Music Education Division, and Acting Director of the school. His commitment to students and teaching is of the highest quality.

During most of his tenure here, Dr. Damron served as Chair of Music Education and as Assistant Dean of the College of Fine Arts simultaneously. He is well respected by colleagues in both capacities. Bert's influence can be felt throughout the school and the college by way of his strong leadership skills. As Chair of Music Education, he was the guiding force in redesigning the music education program for relevancy to the field at that time. His insights into jazz was particularly important because of its emerging role in the curricula of colleges and universities across the nation. Consequently, several courses in jazz were added to reflect his expertise. During service as Acting Director of the School of Music, Dr. Damron started preparation for the accreditation process by the National Association of Schools of Music.

While his service to the university has been excellent, his commitment to the community at large is also without measure. He has worked tirelessly to bring food to the elderly through the Meals on Wheels Program and volunteers in whatever capacity possible if time permits.

We hope you will actively consider Dr. Bert Damron a candidate for this special honor upon his retirement.

Sincerely yours,

Milton L. Butler, Chair
Music Education
RESUME

Name: Bert L. Damron

Address: 3017 Calverton Blvd.
Silver Spring, MD 20904 (home)
Room 255, Educational Services Center
850 Hungerford Drive
Rockville, MD 20850 (office)

Telephone: 301-572-4025 (home)
301-279-3240 (office)

Date of Birth: 8 June 1929

Education:

- Florida State University  Ph. D.  1973
- University of Michigan  B. M.  1951

Public School Teaching:

Montgomery County (Maryland) Public Schools, 1955-1976:
Teacher of band, orchestra, jazz ensemble, general music, theory, and electronic music at the high school (15 yrs.), junior high school (5 yrs.), and middle school (1 yr.) levels.

Prince Georges County (Maryland) Public Schools, 1953-1955:
Teacher of brass, woodwinds, strings, and band at the junior high level.

College Teaching:

- Catholic University of America (part time), 1978-1979:
  Director, University Jazz Ensemble

- University of Maryland (part time), 1972-1976:
  Director, University Jazz Ensemble

Administrative Experience:

Montgomery County (Maryland) Public Schools, 1976-present:
Coordinator of Instrumental Music

Current Job Responsibilities:

Coordination of the instrumental music program in 126 elementary, 4 middle, 21 junior high, and 22 senior high schools in Montgomery County, Maryland, a suburb of Washington, D.C. Responsibilities include program development and assessment; evaluation/selection of materials and equipment; selection, assignment, supervision, and in-service of music teachers.
Professional Offices Held:

- President, Maryland Music Educators Association (1973-1975)
- President, Maryland Orchestra Directors Association (1964-1967 and 1978-1979)
- President, Montgomery County Music Teachers Association (1959-1961)
- Advisory (Founding) Board, Maryland Band Directors Association (1963-1964)
- Chairman, Electronic Music Activities, Eastern Division Music Educators National Conference (1978-1979)
- Assistant General Chairman, All-Eastern Band, Orchestra, and Chorus, Music Educators National Conference (1976-1977)

Mrs. Margene Stewart, Chairman
Search Committee
School of Music
Ohio University
Athens, Ohio 45701

Dear Mrs. Stewart:

It is with pleasure that I have this opportunity to recommend Dr. Bert L. Damron as a candidate for the position of Chairman of Music Education/Jazz Studies at Ohio University.

I have known Dr. Damron for about ten years having worked with him as a teacher and as a colleague in his current position as Coordinator of Instrumental Music with the Montgomery County Public Schools in Maryland. I hold Dr. Damron in the highest regard as an outstanding musician/teacher and for his extraordinary capabilities as an administrator. Dr. Damron possesses unique qualities of leadership and evokes great confidence from his colleagues. He has first-hand experience with stage band and jazz ensembles as a performer and teacher. In addition he has developed and Instructional Guide for Jazz Ensemble along with numerous articles on instrumental music education.

Dr. Damron has a very comprehensive knowledge of the inner-workings of music education at the public school level which would have a direct and most positive effect on both the graduate and undergraduate teacher education curricula. In addition, his teaching experience at the college level, service as a clinician, consultant, and adjudicator all lend support to his qualifications. He is well read and is most knowledgeable of the trends, teaching strategies, instructional materials, and curriculum needs of future educators. He is an excellent organizer and motivator whose skills would be an asset to any program in higher education.

It is with enthusiasm that I point to Dr. Damron's teaching ability, his scholarship, and his service to the profession. I can recommend Dr. Bert Damron as a candidate most worthy of consideration for the position at Ohio University.

Sincerely,

Catherine A. Nadon-Gabriel
Chairman
Music Education Department
Dear Mrs. Stewart,

It is pure pleasure for me to write an unqualified, positive recommendation for Dr. Bert Damron with regard to your Chairman of Music Education/Jazz Studies position. He is a rare individual in the music business, competent at everything he attempts, socially adept, and professionally active. I have known Bert since we were both doctoral students at Florida State University in 1969-70. While I taught at the College Park Campus of the University of Maryland (1972-77) I often had the opportunity to observe Dr. Daemon teaching, both in his high school program and with the UMCP Jazz Ensemble. He was always an exemplary teacher, innovative, well prepared, and respected by students of all ages. We always felt fortunate when he was able to teach the Jazz Ensemble at the university because he always saw to it that clinics, workshops, plus the usual concerts were given, even though his was a part-time commitment.

He has a deep intellect and is able to think through problems and work things out. He has been sought after as a jazz performer in the Washington DC area for many years. Not only was he an outstanding instrumental teacher, but he also ran a fine general music program incorporating, and creating, the newest in curricular materials as he taught. He is good at writing, in performing, interacting with people, and "coping" under difficult circumstances. His wealth of teaching experience, professional leadership positions held, administrative experience in one of the largest music supervisory positions in the United States, and publications all combine to make him one of the most attractive candidates for a senior level position that any university could hope to find. Members of the Maryland Music Educators Association, the University of Maryland, fellow teachers, and students have always held him in high esteem. You will indeed be lucky if you can attract him to your campus.

Sincerely,

Terry Lee Kuhn
Coordinator of Graduate Studies
Aside from the thorough knowledge of his subject, his musicianship as a performer and conductor, and his administrative and supervisory abilities, Dr. Damron's personality serves him in excellent stead for the position he presently holds with us. He is a genial person, moderately reserved, whose sense of humor and charm breaks through and enhances his seriousness of purpose and his sense of responsibility. This low-keyed but genial approach is a tremendous asset because it presents a non-threatening image to teachers and principals with whom he works. His personality contributes to his finely tuned and highly effective human relations skills, particularly as he directs and guides MCPS staff in effective implementation of his program. Basic to all of this is, of course, a sound judgment which I value highly. He is the person whom I most frequently ask to assume the acting director role when I am out of the office.

For all of the above reasons, Dr. Damron has been a valued asset to our department, and I know he would perform as well for any other institution fortunate enough to receive his services.

My recounting his virtues in support of his candidacy fills me with uneasiness because I don't know how I could ever replace him. Yet, my recommendation of him to you is of the highest, without qualification.

Sincerely,

Richard T. Pioli
Director, Department of Aesthetic Education

May 4, 1982

Mrs. Margene Stewart
Chairperson, Search Committee
School of Music, Ohio University
Athens, Ohio 45701

Dear Mrs. Stewart:

I am writing this letter in support of the candidacy of Dr. Bert Damron for the position of Chairman of Music Education/Jazz Studies at Ohio University. I do so with some feeling of regret because Dr. Damron is currently serving on my staff as Coordinator of Instrumental Music and is doing an exceptional job of developing program, administering, monitoring and coordinating that program among our students in grades 4-12 in the 177 elementary and secondary schools in our district. It is his wish, however, to turn his attention to college teaching after a full and rewarding career in public education. However painful it will be for me, I will do what I can to support him in his decision by recommending him wholeheartedly and without hesitation for the position.

This is a large, suburban school district in Maryland which is adjacent to the District of Columbia. Dr. Damron has established himself as one of the finest teachers of instrumental music in our county since his arrival in 1955. It was this distinction plus his thorough knowledge of his content area which led to his appointment as Coordinator of Instrumental Music in 1976. I interviewed a number of applicants from both inside and outside of our district. Because of his qualifications and experiences, he was the unanimous choice of the interview team which had the responsibility of recommending a candidate for the position.

He has since developed an unusually fine instrumental program, one which is showing growth in a time when most elective programs are declining. He has seen to it that the program is supported with appropriate yet innovative curriculum materials. The quality of these materials is directly attributable to Dr. Damron's knowledge of the program, its musical and research literature, the needs of students and teachers, and expertise in program development and curriculum implementation. During his tenure in this position, he has been the major force in establishing five countywide instrumental groups for gifted and talented students. One of these was the senior high school honors jazz band which has performed to local, regional, and state plaudits. His years of teaching in the public schools and his part-time teaching at two local universities have provided him with specialized experiences in the field of jazz, experiences which he has shared with colleagues across the country in several scholarly journals. The numerous requests received by Dr. Damron to adjudicate at local and state festivals are testament to his musicianship in general and to his knowledge of jazz and jazz techniques specifically. Added to that is the knowledge gained through his experience as a performing artist which puts him in touch with other notable performers in the field.
May 12, 1982

Mrs. Margene Stewart, Chairman
Search Committee
School of Music
Ohio University
Athens, Ohio 45701

Dear Mrs. Stewart:

It has come to my attention that Dr. Bert Damron has expressed interest in the position of Chairman of the Music Education Department and instructor in jazz studies at Ohio University. I have known Dr. Damron for twelve years. During this period I have observed him as an artist, educator, and administrator. It is my opinion that his performance in each of these capacities has been outstanding.

Dr. Damron is respected as a jazz educator and has been particularly impressive as a jazz clinician, jazz curriculum developer, festival organizer, and innovator of instruction techniques. He has a confident and commanding personality and consistently demonstrates high level organizational skills.

Considering these traits, coupled with his outstanding musicianship, I am pleased to recommend Dr. Damron without reservation.

Sincerely,

Arthur C. Dawkins, Ph.D.
Coordinator of Jazz Studies

Re: Emeritus Status for Emily Buckberry

The faculty of the School of Hearing and Speech Sciences have recommended that the title of Professor Emeritus be conferred on Emily Buckberry, who is an Assistant Professor in the School of Hearing and Speech Sciences. Letters of recommendation from the School Tenure and Promotion Committee and the School Director are enclosed.

Miss Buckberry joined the faculty in 1970 as an Instructor in Hearing and Speech Sciences, shortly after receiving her masters degree. Her primary instructional responsibilities then, and now, are in the areas of teaching practicum courses and clinical teaching/supervision. Her teaching occurs on campus and at off-campus clinical sites. In 1975 Miss Buckberry was promoted to the rank of Assistant Professor.

The two areas of significant and outstanding work have been teaching/advising and service to School, College, and the University. Annual evaluations consistently note high quality teaching and commitment to helping students to become competent clinical practitioners. Her concern about students and availability to them, as a teacher and advisor, are frequently noted. Miss Buckberry has served on numerous College and University committees over the years. Of particular note has been her service to the School. Leadership activities with the School newsletter, Scholarship Committee, fundraising, the McKnight Scholarship, and events for donors and alumni are examples of her many contributions.

Concurrent with her teaching and service, Miss Buckberry has been an active member of professional associations, has maintained clinical expertise, and has shared her knowledge with others through presentations at professional meetings. Her presentations, in the main, have focussed on clinical practice and clinical instruction.

I concur with the recommendation that the title of Professor Emeritus be granted to Miss Buckberry. If additional information or documentation is needed in support of the recommendation, please do not hesitate to contact me.

Re: Emeritus Status for Emily Buckberry

Dear Dean Chapman:

Enclosed please find a letter from the School's Tenure and Promotion Committee which unanimously recommends Emily Buckberry be conferred the title of Professor Emeritus of Hearing and Speech Sciences. I concur with that recommendation and would hope she be given that distinction.

Sincerely,

Norman B. Garber, Ph.D.
Director

Re: Emeritus Status for Emily Buckberry

In response to Emily Buckberry's retirement following the completion of this academic year, the Tenure and Promotion Committee of the School of Hearing and Speech Sciences unanimously wishes to nominate her for Professor Emeritus status. We do so in recognition of her many achievements including:

1. her constant and total program loyalty;
2. her unfailing student interest and commitments to their welfare;
3. her insightful programmatic perspectives;
4. her devotion to the highest standards of clinical practice;
5. her lifelong attention to and participation in the needs of the speech and hearing profession in Ohio as well as at the national level;
6. her dedication to fostering our alumni relationships.

We are very pleased to submit her name as one representing the highest level of faculty contributions during her thirty years of service to Ohio University.

SUBJECT: Emeritus Status

I strongly support the nomination of Professor Fred Herr for Emeritus Status.

Fred has been a valued faculty member since 1975. In addition, he has been very valuable to the Lancaster Campus in the Accounting Technology Program as well as teaching for our College of Business. He has done an outstanding job.

RE: Emeritus Status for Associate Professor Fred Herr

Attached is a recommendation from Gary Lockwood, Division Coordinator of our Professional Studies Division, recommending Associate Professor Fred Herr for emeritus status. Fred will be retiring following the current academic year.

Fred has served the Lancaster campus for more than 20 years. I call your attention to the extraordinary impact Fred has had on the Lancaster community, through the education of accounting majors. The accounting profession in Lancaster is virtually dominated by former Ohio University-Lancaster students.

In more recent years, Fred has directed our Accounting Technology program. I have been very impressed by his determination to stay on the cutting edge in computer applications. I also think he should be commended for his study of the Spanish language and interaction with our program in Mexico.

As you can see from Professor Lockwood’s letter, the Division is highly supportive of emeritus designation. I concur, and strongly urge that Fred Herr be designated Associate Professor Emeritus upon his retirement.

Thank you.
February 23, 1998

RE: Emeritus Status for Associate Professor Fred Herr

Dear Charlie:

Associate Professor Fred Herr has taught at Ohio University-Lancaster since the fall of 1975. He plans to retire from that position after spring quarter, 1998.

During the first twenty years of his employment, Professor Herr taught the accounting courses servicing the baccalaureate program in accounting. He has been an outstanding teacher. His students have had a noteworthy impact upon that profession. One student placed first in the state on the Certified Public Accountant's Exam. Another finished his Ph.D. and is now teaching accounting at the University of Alabama. At least one third of the CPA’s in Lancaster (over fifty) are Fred’s former students. His contribution to the community is significant.

Since the fall quarter of 1993 Fred has served as the director of the Accounting Technology Program. He has worked very hard to introduce and stay current with computer advances influencing this technology. Because of his efforts, enrollments in this program have remained strong.

During winter quarter of 1995 Professor Herr served as an instructor at the campus of Instituto Tecnologico y de Estudios Superiores de Monterrey at Saltillo, Mexico.

Fred has served on almost every committee available here at OU-L, and from 1986 through 1989 he was the assistant coach for the OU-L women's basketball team.

Professor Fred Herr has made many significant contributions to the Ohio University Lancaster community. He will be greatly missed.

The Professional Studies Division voted recently to unanimously support the recommendation that Professor Fred Herr receive Emeritus status upon his retirement. I strongly agree with its recommendation.

Respectfully submitted,

Gary R. Lockwood, Division Coordinator
Professional Studies Division

It is a great pleasure for me to write a letter of support for Professor Jeff Wagner. I have known and worked with Jeff since he was hired in 1969.

He has done an extraordinary job in developing a quality theater department with him as the only faculty member. Jeff spends endless hours on his productions and with the students who perform in these productions.

He really deserves this honor.

RE: Emeritus Status for Jeff Wagner

The attached letter from Gary Lockwood, Division Coordinator of our Professional Studies Division, nominates Associate Professor Jeff Wagner for emeritus status. Jeff will be stepping down after many years of leading our Theatre program, effective the end of this academic year.

Professor Lockwood’s letter describes some of Jeff’s achievements. I would add to this the fact that Jeff, in addition to directing 79 productions and acting in a number of them, has also built the sets, operated the box office, publicized the performances, and so on. He is truly a remarkable one-person department. I also would point out that, because there has been no strong community theatre presence in Lancaster, our program at the Lancaster campus has had significance well beyond the campus.

Jeff Wagner is certainly deserving of recognition as Associate Professor Emeritus. I heartily endorse the Division’s recommendation.

RE: Emeritus Status for Associate Professor Jeff Wagner

Dear Charlie:

As you are aware, after spring quarter Associate Professor Jeff Wagner will be retiring from his position at Ohio University-Lancaster.

Jeff was hired in September, 1969 to teach the theater courses and to direct theater productions on campus. When he arrived at OU-L he started the program from scratch. There were no sets, no lights, nothing. Over the past twenty-nine years, Jeff has directed or acted in seventy-nine productions here at OU-L and seven Theatre Lancaster productions. Jeff is the driving force for theater in Lancaster.

From no program whatsoever, the theater department has grown to provide six performances for each of the three plays produced each year. His theater productions are excellent. He is a perfectionist and his attention to detail is unsurpassed. Students and faculty members who have worked with him all are very impressed with his professionalism.

Jeff is proud of all his productions. Last spring he directed the world premier of “Cump--A Soljiers Tale.” A few years ago, OU-Lancaster offered the first fully staged production of “Cats in Hell Without Claws.”

The list of his contributions and service to Ohio University-Lancaster is most significant. He will be greatly missed.

At a recent division meeting, the Professional Studies Division discussed this matter and voted unanimously to support a recommendation that Jeff receive Emeritus status upon his retirement. It is with great pleasure that I strongly recommend that Jeff Wagner be granted the honorary status of Associate Professor Emeritus.

Respectfully submitted,

Gary Lockwood, Division Coordinator
Professional Studies Division

SUBJECT: Emeritus Status

Please find attached the recommendation from Interim Dean Kelbley and the faculty from the Zanesville campus recommending emeritus status for Dr. Craig Laubenthal.

Craig served meritoriously as Dean of the campus for 15 years. His contributions to the University, the campus and the community were outstanding. The relationship that he negotiated with MATC has been referred to by the Board of Regents as a model for the State of Ohio.

I recommend Craig for this honor without hesitation.

Dear Dr. Bryant:

By means of this letter the Zanesville Campus of Ohio University recommends that Administrative Emeritus status be conferred upon Dean Craig D. Laubenthal as soon after his retirement as is practicable.

Dr. Laubenthal has served Ohio University since 1969. The quality of his administrative performance has long been recognized and his contributions to the university, as well as his services to society, are manifold. This recommendation is in accord with policy as stated in the Administrator’s Handbook, page C.16, section M., ADMINISTRATIVE EMERITUS STATUS and has the support of Zanesville faculty and administration. We hope you concur with our recommendation.

Sincerely,

John R. Kelbley  
Assistant Dean
Date: February 23, 1998
To: Dr. James Bryant
From: George Brooks, Faculty Chair
Re: Dean Emeritus Status for Dr. Craig D. Laubenthal

During the regular and monthly Faculty Council meeting on February 17th, Professor James Jordan made a motion that the faculty of Ohio University-Zanesville recommends to you that Dean Laubenthal be granted dean emeritus status. The motion was seconded by Professor John Arnold. The motion was then open for discussion. With much nodding of heads but no audible comments from any faculty member, I closed the discussion and called for a voice vote. All faculty members present voted yes (without any abstentions or no votes). The motion passed unanimously.

Respectfully submitted,

George M. Brooks, Faculty Chair

Laubenthal steps down as Zanesville campus dean

By SUE WILES

When Craig Laubenthal arrived in Zanesville in 1969, the Ohio University regional campus there consisted of one building on the corner of a large cornfield.

He has seen much change since then. The number of employees — including faculty — has doubled, the number of buildings has increased to eight, and the campus is now shared by OUZ and Muskingum Area Technical College. Laubenthal’s involvement in the formation of the OUZ/Muskingum Tech partnership is just one of his many accomplishments in more than 28 years of service, from which he will retire Dec. 31.

“This has been a long-term plan for my wife and me,” said Laubenthal, who has been dean of the Zanesville campus for 16 years. “We hope to change our lifestyle a bit, do some traveling, have some new freedoms, and hopefully stop and smell the roses.”

With master’s and doctoral degrees from Michigan State University, Laubenthal joined OUZ as assistant director in 1969, was promoted to assistant dean in 1977, and served as acting dean from August 1981 to April 1982.

Today, Ohio University-Zanesville is a busy place, with a combined OUZ/Muskingum Tech enrollment of about 3,500 each quarter. Over the years, the campus has gone from only phones and typewriters to being fully computer networked. The library has moved into its own building and is now connected to holdings around the state and nation.

Course offerings and degree programs have changed drastically to continue meeting the needs of the region. Seventeen full master’s degree programs have been offered over the years.

Laubenthal’s professional and community associations have been numerous. He is the founding chairman of the Consortium for Instructional Improvement, which is an organization of 20 area school districts and three colleges and universities that provide continuing education for elementary and secondary school teachers.

He was recognized by Ohio University as an Outstanding Administrator in 1980. Laubenthal has been sought by schools nationwide for assistance in developing the colocated concept for two-year colleges. Muskingum Tech and OUZ share six buildings, a library, athletic facilities, a bookstore, a security force, maintenance operations and a child care facility. MATC offers the first two years of a criminal justice bachelor’s degree and OUZ offers the final two years.

Laubenthal hopes to teach one quarter per year. He is an assistant professor in the School of Applied Behavioral Sciences and Educational Leadership. He also intends to do some consulting.

A search for Laubenthal’s replacement will begin this spring, according to Jim Bryant, vice president for regional higher education.

“In my judgment, Craig’s leadership at the Zanesville campus, both for OU and with our colleagues at Muskingum Area Technical College, has been outstanding,” said Bryant, who has worked with Laubenthal for 18 years. “Craig is an outstanding administrator and will be extremely difficult to replace. I’m pleased for Craig and Sally, but I’m unhappy for the university.”

TO:      Dr. Barbara Reeves, Associate Provost
FROM:    Warren K. Wray, Dean, Russ College of Engineering & Technology
SUBJ:    Emeritus Status Nomination

Attached is an "emeritus" status nomination for Dr. Robert Lilley, who retired from the College at the end of November 1997. As outlined in the attached memorandum, Bob Lilley served the College, the Avionics Engineering Center and the University well for 35 years. I, therefore, whole-heartedly endorse this nomination for him to carry the title of Director Emeritus of the Avionics Engineering Center.
DATE: February 26, 1998

TO: Warren K. Wray, Dean, Russ College of Engineering and Technology

FROM: Dennis Irwin, Chair, School of EECS

SUBJECT: Emeritus Status for Robert W. Lilley

Dr. Robert W. Lilley retired from Ohio University on November 30, 1997. Dr. Lilley’s has distinguished himself in various positions at the Radar Hill Laboratory, the Academic Computing Center, and the Avionics Engineering Center of the School of Electrical Engineering and Computer Science. I recommend that he be granted emeritus status based on the following information.

Length of Service at Ohio University

Robert Lilley has served Ohio University in a number of capacities since he became an employee in 1963. Prior to becoming Director of the Avionics Engineering Center (AEC) in 1989, he was Deputy Director of the AEC (1985-1989), Assistant Director of the AEC (1974-1985), Director of the Academic Computing Center (1967-1974) Assistant Director of the Academic Computing Center (1966-1967), and Project Leader at the Radar Hill Laboratory (1963-1966). Dr. Lilley also served as a Part-Time Professor in the School of Electrical Engineering and Computer Science (1989-1997). Dr. Lilley retired with 35 years of service to Ohio University.

Teaching, Research, Service, and Administrative Accomplishments

Since Dr. Lilley’s academic appointment began after 1989 at only 0.1 FTE, his major contributions have been in the research, service, and administrative areas. However, Dr. Lilley has occasionally taught courses in the School of Electrical Engineering and Computer Science and has served on a large number of thesis or dissertation examination committees. He has also served on a large number of school/department, college, and university committees.

His research activities have been in the area of navigation and landing systems where he has made over 30 major national presentations and has written over 120 publications and research reports. He is a member of seven national technical organizations and has received awards from the International Loran Association and the Ohio Department of Transportation. He was is a Past President of the International Loran Association, a member of the Radio Technical Commission for Aeronautics, and a member of the International Committee for Airspace Standards and Calibration.
During his tenure as Director of the Avionics Engineering Center, external research funding doubled, from $2 million in 1989 to $4 million in 1997. He has supervised as many as 30 research engineers, technicians, and staff members. He has overseen the movement of the center into the forefront of research in the global positioning system (GPS) and deserves much of the credit for the center’s 1997 Excellence in Aviation award from the FAA.

Contributions to the University

Dr. Lilley was a major force behind the Academic Computing Center. In addition to serving in several administrative posts within the center, including Director, he was responsible for hiring the original staff, configuring the physical facilities, and creating the first high capacity student computing system. He was also an integral part of the former Radar Hill satellite support system.

Service Beyond the University

In addition to providing service to the aviation community by his service on national standards committees and on boards of directors of technical organizations, Dr. Lilley was active in the Athens Aero Club and the First Presbyterian Church. He also provided computer support for the Children’s Review Board, an entity of Juvenile Court.
FACULTY FELLOWSHIP AWARDS

RESOLUTION 1998 — 1577

WHEREAS, the proposed University Faculty Fellowships on the attached lists have been reviewed in accordance with University policy and found to be meritorious.

NOW, THEREFORE, BE IT RESOLVED that the attached University Faculty Fellowships for 1998-99 are approved.

BE IT FURTHER RESOLVED that the Provost can approve changes in the conditions of the fellowship but not the total number of Fellowships.
February 16, 1998

TO: Dr. Robert Glidden, President
FROM: Sharon Stephens Brehm, Provost
SUBJECT: Faculty Fellowship Leaves

I have read the attached Faculty Fellowship Leave requests. I recommend them to you for approval and signature.

The total number requested (40) is lower than the 6% limit (which would be 53) established by the Trustees.

RESOLUTION 1998 – 1578

WHEREAS, the College of Osteopathic Medicine and the College of Arts and Sciences have agreed to a restructuring and division of faculty in the integrated Department of Biological Sciences,

WHEREAS, the deans have resolved the issues related to the separation, and

WHEREAS, the Department of Clinical Research in the College of Osteopathic Medicine, established by the Board of Trustees in 1996, will be the administrative unit that accepts the transferring faculty.

NOW, THEREFORE, BE IT RESOLVED, that the name of the Clinical Research Department be changed to the Department of Biomedical Sciences in order to more accurately reflect the mission of the department and to enhance and expand the role and expectations of the faculty members.
DATE: April 6, 1998
TO: Robert Glidden, President
FROM: Sharon Stephens Brehm, Provost
SUBJECT: Name Change

The deans of the College of Arts and Sciences and the College of Osteopathic Medicine have agreed to a restructuring and division of faculty in the integrated Department of Biological Sciences. The dean of the Ohio University College of Osteopathic Medicine is requesting a department name change from Clinical Research to Biomedical Sciences as a result.

It seems to me that the rationale presented by the dean of the College of Osteopathic Medicine is sound and that the name change is in the best interests of the college. I therefore concur with the name change and recommend that it be approved.

SB/jt
Ohio University
Interoffice Communication

April 3, 1998

TO: Sharon Stephens Brehm, Ph.D., Provost
FROM: Barbara Ross-Lee, D.O., Dean
College of Osteopathic Medicine

SUBJECT: Department of Biomedical Sciences

After over two years of discussions and a year of intense negotiations with faculty and administration, last spring the faculty in the Department of Biological Sciences voted that a single, integrated department could not efficiently or effectively meet the changed and changing curricular and administrative expectations of the College of Osteopathic Medicine. This decision required the development of a process to implement a two-department model. The Deans of the College of Arts and Sciences and the College of Osteopathic Medicine were charged with developing a process to facilitate the separation which incorporated several assumptions:

1. It must be cost-neutral at the time of the initial separation
2. It must not jeopardize the financial health of either college
3. It must not jeopardize meeting the teaching needs of either college
4. It must sustain, and preferably enhance, the research mission of both colleges.

After several months of discussion, the Deans have addressed all of the substantive issues related to the separation of faculty from the Departments of Biological Science and Chemistry in CAS. The underlying assumptions were met.

Therefore, the College of Osteopathic Medicine proposes that the Department of Clinical Research, established by Ohio University Board action in 1996, be the administrative unit that accepts the transferring faculty. The college further proposes that the name and mission of the department be changed to expand and enhance the role and expectations of the "new" and current department faculty members. OU-COM requests that the new name be Department of Biomedical Sciences.

C. BOARD ADMINISTRATION COMMITTEE

Acting Committee Chairman Grover noted the committee, as a committee of the whole, received reports at its Friday meeting from Kip Howard, director of admissions, on admission trends; and Provost Sharon Brehm on Fiscal Year 1999 budget planning. A copy of these reports is included with the official minutes. Mr. Grover asked Trustees Emrick, Roush and Ong to present matters to the trustees.

Mr. Emrick moved approval, with a second by Mr. Goodman followed by a vote to approve by all trustees.

Honorary Degree Awards – Resolution 1998 – 1577
Trustees' Resolution of Support for Issue 2 – Resolution 1998 – 1578
Recognition of the Residency of the Lark Quartet - Resolution 1998 - 1579
WHEREAS, the University Committee on Honorary Degrees has recommended that Ohio University honor the persons listed below through the conferral of an honorary degree,

Terry Anderson
John C. Angus
Newt Gingrich
Daniel Shao
James J. Whalen

AND WHEREAS, it remains for the President to determine whether these persons wish to accept the award.

NOW, THEREFORE, BE IT RESOLVED that the degrees recommended be conferred at appropriate times in the future after the President has determined the persons recommended wish to be honored.
HONORARY DEGREE NOMINEES, 1998

Terry Anderson

Former Associated Press Chief Middle East Correspondent Terry Anderson will join the faculty of the E. W. Scripps School of Journalism in July. Currently an associate professor of journalism at the prestigious Graduate School of Journalism at Columbia, Anderson gained worldwide attention when he was captured by the radical Islamic Jihad in 1985. Held captive in Lebanon for nearly seven years, he was a fellow at the Freedom Forum Media Studies Center in New York after his release, and joined Columbia in 1996.

Anderson and his wife, Madeleine Bassil, co-authored the national best-seller *Den of Lions*, which told the story of his captivity. He also wrote, narrated, and co-produced “Return to the Den of Lions,” a CNN documentary about Lebanon today.

A syndicated weekly columnist for King Features, Anderson is chairman of the Vietnam Children’s Fund, which builds elementary schools in Vietnam, and vice chairman of the Committee to Protect Journalists, which monitors attacks on the press worldwide.

John C. Angus

Dr. Angus is a professor at Case Western Reserve University, where he has served since 1970. He was interim dean of engineering at the school in 1986-87 and chaired its chemical engineering department from 1974-80.

Angus, who earned bachelor’s, master’s, and Ph.D. degrees in chemical engineering from the University of Michigan, modestly claims to be only “the second” person to synthesize diamond by low pressure, low temperature techniques. The first is generally believed to be William Eversole of Union Carbide, who described synthesis of diamond on diamond seeds in an internal company publication. What is important to note, however, is that Angus was doing his work at a time when no one believed low temperature, low pressure synthesis of diamond was possible, and that it was some 20 years before his ideas were accepted and his contribution acknowledged by the scientific community.

A true pioneer who is esteemed and world-renowned, Angus has been an active “booster” of Ohio University, having co-authored several grants with OU researchers, written tenure and promotion letters for OU faculty, and serving as a regular consultant for OU personnel engaged in diamond research.
Newt Gingrich

The Honorable Newt Gingrich is the Speaker of the House of Representatives. He was the first Republican to be re-elected to that post since 1928. Gingrich served as House Republican whip from 1989-94 and is serving his 10th term in Congress.

Generally acknowledged as the chief architect of the Republican "Contract with America," Gingrich chaired the 1996 Republican National Convention in San Diego. *Time* magazine, which named him "Man of the Year" in 1995, noted, "Newt Gingrich belongs in the category of the exceptional...Today, because of Newt Gingrich, the question is not whether a balanced budget plan will come to pass, but when." *Forbes* magazine said, "Never in American history has a Speaker of the House pushed through so much sweeping, substantive legislation as Newt Gingrich is doing."

The Speaker earned his bachelor's degree from Emory University and a master's and doctorate in modern European history from Tulane. Prior to his election to Congress in 1978, Gingrich taught history and environmental studies at West Georgia College.

Daniel Kung-Cheun Shao

Daniel Shao is the executive director of Van Yu Trading in Hong Kong. The company is involved in lumber, clothing, furniture making, import, export, and retail trade. Van Yu has retail outlets with major interests in Hong Kong, Malaysia, Australia, Japan, PRC, the Philippines, and the U.S.

Shao, a trustee of The Ohio University Foundation and member of the Libraries National Advisory Council, serves on the Hong Kong Trade Development Council, and the Trade Advisory Board for the Trade Department of the Hong Kong Government, and is the Honorary Director of the State of Ohio's Office in East & Southeast Asia.

A 1972 graduate of Ohio University with a degree in economics, Shao received the Outstanding Alumnus Award from the College of Arts & Sciences and the Award for Achievement in Business from the College of Business in 1989. During that same year, he received the Alumni Association's highest honor, the Medal of Merit.

An enthusiastic and loyal advocate of Ohio University, Shao and his father, You-Bao, have both been loyal supporters of various University endeavors. You-Bao Shao donated $500,000 to establish the Overseas Chinese Documentation and Research Center at Alden
Library; Daniel Shao made a $200,000 gift to the Libraries to expand the International Libraries Internship Program.

James J. Whalen

Jim Whalen retired in 1997 after a distinguished career in higher education, the last 22 as president of Ithaca College (NY). When he announced his retirement from Ithaca, the Park Foundation of that city made a $10 million pledge to the College “in honor of the longtime distinguished career of College President James J. Whalen. According to a Foundation official, ‘Jim Whalen has served Ithaca College and the greater community of American higher education with distinction.’”

A recipient of the Paley Award from the National Association of Independent Colleges and Universities (presented to recognize someone “who embodies the spirit of unfailing service toward the students and faculty of independent higher education”), Whalen is an Honorary Member of the Joint Chiefs of Staff, and received an Exceptional Service Award from the United States Air Force. He is listed in American Men of Science, Outstanding Educators of America, Who’s Who in America, and Who’s Who in American Education.

Whalen, who earned his bachelor’s degree from Franklin and Marshall College and his master’s and Ph.D. from Penn State, worked at Ohio University from 1964-69, serving as director of the Center for Psychological Services, dean of students, vice president for administrative affairs, and executive vice president. He left OU in 1969 to become president of Newton College (Mass.).
WHEREAS, the Ohio Supreme Court ruled in March, 1997 that Ohio's current funding mechanism for public schools is unconstitutional, and

WHEREAS, the Ohio General Assembly did vote to place a sales tax issue on the May 1998 ballot to generate new tax revenue to support local public schools and provide real estate relief, and

WHEREAS, in the absence of new tax revenues, the higher education system is vulnerable to significant state budget reductions in order to generate additional funding for kindergarten through twelfth grade public schools, and

WHEREAS, higher education, as a part of Ohio's total educational system, is supportive of a stronger and more adequately financed K-12 public school system.

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees encourages students, faculty, staff, alumni, and friends of the University and higher education to join the Board in supporting the passage of a state-wide sales tax issue to insure additional funding for public schools and real estate tax relief.
WHEREAS, Anna Kruger, Jennifer Orchard, Diane Pascal, and Astrid Schween comprise the award-winning and world-renowned Lark Quartet; and,

WHEREAS, The Lark Quartet has served as Artists-in-Residence at Ohio University for the past three years; and,

WHEREAS, the members of the Lark Quartet have, during their residency, served as Ohio University’s “cultural ambassadors,” providing exemplary artistic outreach to the Athens community and throughout Southeastern Ohio and Western West Virginia; and,

WHEREAS, The Lark’s residency has contributed to the academic enrichment of Ohio University and touched the lives of thousands through concerts, workshops, and classes; and,

WHEREAS, the members of the Quartet have involved themselves in campus life through their activities in residence halls, and with student organizations, faculty music recitals, and dance performances; and,

WHEREAS, The Lark Quartet has participated in extensive community service through work with youthful offenders in prisons and detention centers, with disadvantaged and underserved populations, and with the physically and mentally challenged; and,

WHEREAS, The Lark Quartet is concluding its residency at Ohio University in June, 1998.

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees expresses high regard and deep admiration for the Lark Quartet and gratitude for its superlative service to Ohio University, and bestows on its members the title, “Honorary Bobcats.”
VIII. GENERAL DISCUSSION - CALL OF MEMBERS

Members, in turn, warmly thanked retiring trustees Tom Hodson and K.C. Melnik for their distinguished service to the Board of Trustees and Ohio University. Personal comments by Trustees about each retiring Trustee are noted following their remarks.

Mr. Roush noted Trustee Hodson made him feel very welcome and that Trustee Melnik was good to work with and supportive of his efforts. He thanked President Glidden for being open to students and their suggestions.

Mr. Emrick stated Mr. Hodson was a good friend who provided great leadership. He noted Ms. Melnik was a “bright light” and that both retiring Trustees would be missed.

Mr. Kirschman commented, tongue in cheek, that Mr. Hodson had given him his lowest journalism grade. He noted his respect for Trustees Hodson and Melnik and commented that soon there would be an announcement of a new alumni director.

Dr. Ackerman indicated she appreciated the sense of reality students bring to the board. She likes their style and openness. Dr. Ackerman felt the visit to the dining halls was informative and noted students there reinforced their academic reasons for being here. She commented she loved Trustee Hodson’s politics.

Mrs. Ong commented she hated to say goodbye to good friends and wished K.C. and Tom well.

Ms. Melnik stated that although she was not an emotional person she might cry during her remarks. She indicated being a Trustee had been a rewarding experience and that she has learned so much. Ms. Melnik thanked her parents for being so supportive.

Mr. Hodson thanked Bob and René Glidden for hosting his family and friends for his last dinner as a retiring trustee. He recalled his appointment as Trustee and the role Dean of Students Joel Rudy shared in that time. Mr. Hodson stated he would miss having direct contact with Trustees as they deal with exciting matters in the future.

Mr. Goodman commented he liked the morning breakfasts with members of the university community. He noted the Trustees and university benefit from the contributions of student trustees. Mr. Goodman indicated his long-standing association with Mr. Hodson and said former Governor Celeste would be proud of his service as a university trustee.
President Glidden stated the discussion of the residence halls system and its needs has been healthy. He commented that the help of many would be needed to meet the challenges described in the consultant's report. The President noted he was pleased to meet K.C.'s parents and that he appreciated her elegance in dealing with matters. The President recalled that Tom Hodson served as chairman his first year as president and that he appreciated his assistance, along with other Trustees, to matters of the presidency and university.

Chairman Grover wished K.C. and Tom well and thanked them for their good service. He recalled Tom was the first Trustee to call him when his own appointment was announced. Mr. Grover commented how fortunate the university was to have the dedicated people that served it over the years. He closed by noting the challenge to Trustees to always keep before them the vision of the university.

IX. ANNOUNCEMENT OF NEXT STATED MEETING

Secretary Geiger announced the Board of Trustees would meet next on the Athens Campus, Friday, June 26, 1998, for committee/study sessions and Saturday, June 27, 1998, for the formal board meeting.

X. ADJOURNMENT

Determining there was no further business to come before the board, Chairman Grover adjourned the meeting at 10:00 a.m.
XI. CERTIFICATION OF SECRETARY

Notice of this meeting and its conduct was in accordance with Resolution 1975-240 of the Board, which resolution was adopted on November 5, 1975, in accordance with Section 121.22(F) of the Ohio Revised Code and of the State Administration Procedures Act.

Brandon T. Grover
Chairman

Alan H. Geiger
Secretary
