WHO WE ARE

We are a confidential resource on campus which means we are not required to report incidents to the ECRC/Title IX Office or any other investigating body.

The Survivor Advocacy Program is staffed by 3 full time licensed social workers (a director and two advocates) and 2 MSW graduate assistants who are also licensed social workers.

WHAT WE DO

SAP provides a variety of services:

- Assistance navigating medical, judicial and legal processes.
- Accompaniment to medical, judicial/conduct appointments.
- Housing accommodations
- 24/7 crisis line response
- SANE/SAFE exam accompaniment
- Workshops for skill building
- Support for friends and family or survivors

WHO WE SERVE

We work to increase survivors’ access to support, advocacy, and resources whether the incident occurred recently or in the past.

The Survivor Advocacy Program provides support to ALL student survivors of Ohio University regardless of gender identity, sexual orientation, or when/where the victimization occurred.

WHAT TO EXPECT

- **Confidentiality**: Assurance that what a survivor shared will be kept private and confidential
- **Respect, empathy, and support**: Advocates are here to listen, not pass judgement or investigate.
- **A survivor-centered approach**: A survivor is the expert in their situation. Survivors have a right to determine their own choices and decisions.
- **To be believed**: We always believe the survivor’s story.

IF YOU ARE INTERESTED IN MEETING WITH AN ADVOCATE PLEASE EMAIL US AT SURVIVOR.ADVOCACY@OHIO.EDU OR CALL 740-597-7233 TO SET UP AN APPOINTMENT.
