

Hopes and Expectations

You are as much a part of creating your experience in the Turning Points program as your advisor. The two of you will work closely together throughout the semester to co-create a plan tailored to meet your needs. Providing your hopes and expectations helps your advisor individualize your experience and makes you a valued partner in your own success.

You and your advisor will complete the bottom half of this sheet together during your first meeting. Agreeing on communication and participation expectations early in the semester, helps strengthen your relationship.

1. What do you hope to gain by being a part of the Turning Points program?

2. What are your expectations of your Turning Points advisor?
