Long Range Transportation Plan

- Required 20-year regional transportation plan that qualifies the region for federal funding
- Comprehensive review of all modes of transportation and recommended improvements
Transportation Improvement Program

- Short range (4-year) transportation plan
- Approximately $6 million allocated to Eastgate each year
- Funding types:
  - Surface Transportation Program (STP)
  - Congestion Mitigation / Air Quality (CMAQ)
  - Transportation Alternatives Program (TAP)
- Brings additional federal dollars to region

Functional Class
Surface Transportation Program

- Provides flexible funding for a wide variety of projects that include:
  - Highway projects
  - Bridge improvements
  - Transportation system management
  - Bikeways
  - Pedestrian facilities
  - Planning studies
• Provides funding for projects and programs in air quality non-attainment and maintenance areas for ozone, carbon monoxide, and particulate matter which reduce transportation related emissions
Congestion Mitigation / Air Quality

- Provides funding for bicycle and pedestrian facilities
- All transportation alternatives projects must relate to surface transportation and must address a transportation need, use, or benefit
- Project categories include:
  - Pedestrian facilities
  - Bicycle facilities (including Safe Routes to School infrastructure)
Transportation Alternatives Program

680 / 164 Interchange Improvements
